The application for community school sponsoring includes the following sections:

- A. Application Cover Sheet

- C. Performance of Sponsored and/or Operated School(s)
- D. Oversight, Technical Assistance and Compliance
- E. Willingness to Comply

- G. Supporting Documentation

Application Scoring

The Ohio Department of Education (the Department) will review and score Sections B through E of all applications submitted by organizations that meet sponsor eligibility requirements. While Section A, the application cover sheet, will not be scored, the information requested in that section is needed to determine whether the applicant is eligible to apply. Please note that if the Department determines the applicant does not meet the eligibility requirements to apply for sponsorship, the Department will send the applicant a letter of denial and will not review or score the other sections of the application. Applicants must also complete Section F—Applicant Assurances, and provide the supporting documentation listed in Section G.

Sections A through G include the minimum standards, practices and/or requirements the applicant must have to be considered for a sponsorship agreement, per Ohio Revised Code (ORC) 3314.015(B)(2)(c) and Ohio Administrative Code (OAC) 3301-102-03(E)(1-4). Department staff will score Sections B through E of the application by dividing the total number of points the application receives by the total number of points possible. The resulting percentage will be the score for the application.

Application reviewers will be considering the following as they review the applications:

- **Eligibility:** Per applicable laws and rules, does the applicant meet the requirements needed to apply to become a sponsor? Did the applicant provide all required documents and information?
- **Capacity:** Does the applicant have the human and financial resources needed to operate as a sponsor?
- **Feasibility:** Does the applicant actually have the ability to do what it plans to do? Is becoming a sponsor and carrying out all of the needed sponsoring activities something that the applicant can realistically achieve? Has the applicant discussed sponsoring with its governing board (or equivalent)? Why does the applicant want to become a sponsor?
- **Awareness/Knowledge:** Does the applicant appear to have an understanding of what it means to be a community school sponsor? Does the applicant seem to know what community schools are and how they function amidst Ohio's entire educational landscape?
- **Preparedness:** Does the applicant have the staff, resources and processes in place to begin sponsoring immediately if its application is approved or will an extensive amount of preparation be needed?

Each application section will be scored using the scoring rubric below. Applications must receive an overall scoring percentage of 75 percent or higher to be approved.

Points	Rating	Description of Rating
4	Fully Developed	The response demonstrates the applicant's thorough understanding of key issues via specific and accurate information. The response provides a clear and realistic picture of how the applicant expects to operate as a sponsor and inspires confidence in the applicant's capacity and ability to effectively carry out its plan.
3	Well Developed	The response is almost complete but is still missing some information, as a few items are not fully addressed. Even with some missing parts, however, the response indicates that the applicant will be capable of operating as a sponsor with a few minor modifications.
2	Partially Developed	The response provides some of the requested information but contains substantial gaps in other areas and causes concern about the applicant's ability to function as a sponsor.
1	Poorly Developed	The response is extremely incomplete with missing or incorrect information and raises substantial concerns about the applicant's ability to function as a sponsor.
0	Not Addressed	No response provided <u>or</u> the response provided does not address the question being asked or provide the content being requested.
