

2020-2021 Sponsor Quality Practices Rubric

The Ohio Department of Education uses the Quality Practices Rubric to evaluate community school sponsors on their adherence to quality sponsoring practices for the 2020-2021 review year. The rubric is composed of 33 standards designed to evaluate sponsors on various sponsoring practices. The standards are informed by both the National Association of Charter School Authorizers (NACSA) and Ohio laws and rules. To complete the rubric, sponsors must:

1. **Carefully read each standard.** Some standards have specific instructions on what sponsors need to do.
2. **Refer to the glossary below when directed.** Some standards have one or more words for which a definition is provided. If the standard directs the sponsor to refer to the glossary for the definition of a specific word, the sponsor should do so.
3. **Upload all documents that best demonstrate the standard in question.** Document files uploaded into Epicenter should be named to indicate exactly what information is included in the file.
4. **If necessary, upload the same documents for more than one standard.** Sponsors should upload all documents they believe are responsive for each standard. The same document can be uploaded for multiple standards.
5. **Include explanatory memos with larger documents.** All documents submitted for a quality standard that exceed 25 pages in length must be accompanied by a memo that references the specific page numbers to be reviewed for the standard in question. **Failure to include a memo with the page numbers listed with documents longer than 25 pages could result in a lower score on a particular standard.** Sponsors may highlight relevant text if they wish, but highlighting is not required.
6. **If a memo is required, sponsors must use the template provided by the Department.**
7. **If a narrative explanation is needed, sponsors must use the narrative form provided by the Department.** For the 2020-2021 quality review, sponsors have the option to upload a narrative explanation for 31 of the 33 standards. For Standards C.01 and C.02, which do not require document uploads, sponsors have the option to enter brief narratives in the narrative fields of these standards in Epicenter. Sponsors must use the Department's narrative template form when completing the narrative explanation for each standard. Narratives can be no longer than two, single-sided pages and must indicate the standard and number (e.g., A.03) in question (as indicated on the template form). While narratives are not evidence, evaluators may use narrative explanations in the scoring process if they are substantiated by documentary evidence.
8. **Make sure documents and files are easy to open and easy to read.** It is the sponsor's responsibility to make sure all uploaded documents and files work properly. Documents and files that cannot be opened or are unreadable could result in a lower score on a particular standard.

NOTE: Text in red font on the rubric indicates where language has been changed or added from last year's rubric. Footnotes indicate areas where language has been removed from last year's rubric.
