#### Worksheet Efficiency

Answering the questions below will help fill in the answer to Question 1 on identified items for which the item would be **Not Applicable** based on that answer. The items questions that may be affected by batch-fill are highlighted in pale yellow throughout the worksheet.

**NOTE:** If the answer is deleted in the Efficiency area, the auto-filled answers will be deleted from all associated items. If an entry is made directly into the answer cell for any listed item as an answer is deleted, the batch-fill feature will no longer be active for that item.

**NOTE:** This method of batch-filling the answer to Question 1 for identified items is offered as an efficiency for items that may not apply to the school being reviewed. It does **NOT** release the sponsor from its responsibility to review all laws and rules to ensure that the worksheet has been accurately completed.
