EMIS Professional Qualifications and Development Workgroup

October 28, 2019

Ohio | Department of Education
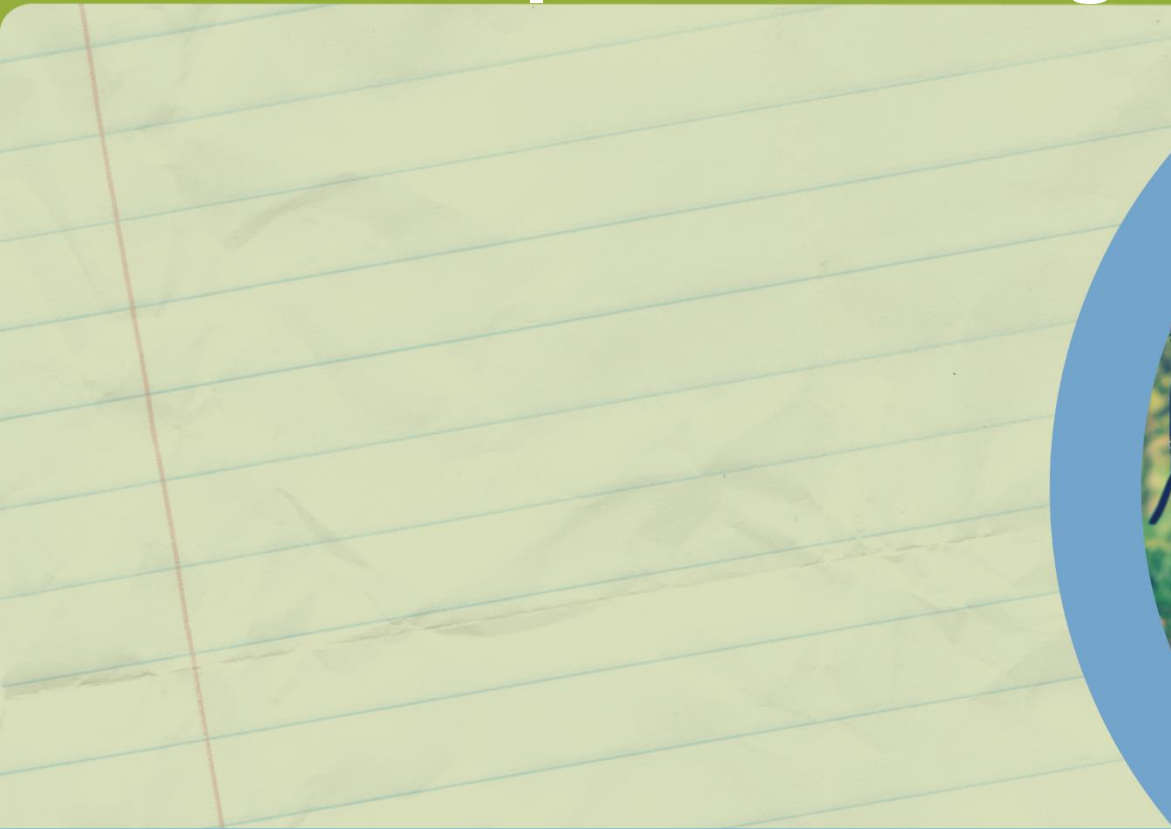

Creation of Workgroup

- The Department and EMIS Advisory Council were presented with a request to explore a state-administered licensure for EMIS coordinators

- The EMIS Advisory Council recommended formation of this workgroup to explore the options with a variety of stakeholders from the field

Purpose of Workgroup, 1

- Identify the essential qualifications and core competencies of an EMIS coordinator
- Identify existing professional development and training opportunities and consider strengths and areas for improvement
- Review the Ohio Association of EMIS Professionals' current certifications and identify the pros and cons
- Explore a state issued credential as an option and identify the pros and cons

Ohio | Department of Education

Purpose of Workgroup, 2

- After identifying the pros and cons of the options, the workgroup will take recommendations to the EMIS Advisory Council for review

- EMIS Advisory Council will determine what recommendations are taken to the State Superintendent for consideration

Ohio | Department of Education

Previous Meeting

- Qualifications and competencies
  - Role of EMIS coordinators
  - Duties of EMIS coordinators
