EMIS Advisory Council Timeline

- The four workgroups, consisting of Council members and additional EMIS stakeholders nominated by Council members, met twice between February 2019 and April 2019.
- Preliminary summaries of the recommendations of the workgroups were shared during the Council meeting in April and the council members developed a process for prioritizing approximately 80 recommendations.

EMIS Advisory Council Timeline

- **June 2019**

- The report was voted on and approved to be submitted to the State Superintendent.
- The newest workgroup, EMIS Professional Qualifications and Development, was created.

Recommendations for Improvement

- Looking for both short-term and long-term recommendations.
- Recommendations will be shared with EMIS Advisory Council first, then taken to the State Superintendent for consideration.
- These meetings will be ongoing as needed and could continue through next year.

Existing Professional Development & Training Opportunities for EMIS Coordinators

ODE ITC EMIS Trainings

- Offered by the EMIS training staff at the ITCs
- Intended mainly for EMIS coordinators and include reporting information and change information
- In the winter, these sessions are held remotely via Skype and conference call
- Record final Skype session
- Schedules on the EMIS Training webpage

ODE New EMIS Coordinator Trainings

- Offered by the EMIS training staff for new EMIS coordinators—those with three or fewer years' experience with EMIS—in April & August
- Trainings focus on the basics of reporting
 - April training is slightly more advanced and includes information more relevant to spring and end of year reporting

EMIS Training Videos

- Created to assist with understanding EMIS, EMIS data, and EMIS reporting
- Videos also helpful for district staff at all levels
- More videos are being developed
- Examples
 - Stay Connected with EMIS Communications
 - Getting Help with EMIS Reporting Questions
 - The Language of EMIS

EMIS Alliance Trainings

- Provided by ITC staff for EMIS coordinators
- Developed in concert with EMIS at ODE
- Intended to assist districts on a more detailed level than ODE is able to
- Examples
 - Using Excel to Troubleshoot EMIS Data
 - Troubleshooting FTE Reports
 - Statewide Student Identifiers

Other ODE EMIS Presentations

- EMIS staff present at other conferences or locations
- When available, those presentations are posted on the EMIS Presentations webpage

OAEP & OEDSA Presentations

- EMIS staff present on different EMIS reporting topics at conferences
- The number and topic of these trainings varies based on requests by the conference organizers

ITC Provided Trainings

- Though the details differ by location, ITCs generally offer training opportunities to their customer districts
- The more hands on trainings coordinators ask for
- Differs by location

Discussion Question

Are there any additional training opportunities not currently reflected in the inventory? If so, what are they?

Discussion Question

For each training in the inventory...

- Who from your district attends? (List by position; if more than one, list all.)
- What are the strengths?

Discussion Question

For each training in the inventory, what are the areas needing improvement?

Discussion Question

For non-EMIS staff: Are you aware of these opportunities for your EMIS Coordinator?

–If yes...

- Have you sent your EMIS coordinator to these training opportunities on a regular basis?
- Do you feel the trainings have value?

–If no...

- How can we better advertise so that superintendents and EMIS coordinators are more aware of these opportunities?

Discussion Question

We provide trainings via multiple formats: in-person, Skype, conference presentations, and recorded videos

- Are you aware of all these formats?
- Is there a format we are missing that would work better for you?
- Is there a format you think is particularly unhelpful?

Discussion Question

Are there critical audiences that impact EMIS reporting that are not covered with existing training opportunities? If yes...

- Would more training for non-EMIS staff ultimately help EMIS coordinators?
- What type/format of trainings should be the focus?
- Short-term and long-term suggestions and ideas?

Discussion Question

Regarding the new training videos that you watched prior to this meeting, what topics should we cover for both EMIS and non-EMIS users in future videos?
