General Guidelines

Most of the elements on this new record type were reported in FY08 on either the Student Demographic (GI) or Student Attendance (GK) records. Unless noted otherwise, all reporting instructions remain unchanged. Note that in some reporting periods, very little data will be reported on this record, as most elements are not included in all reporting periods.

Report one Student Attributes – No Date Record per reporting period for each student reported in EMIS. For the Graduation (G) reporting period, report one Student Attributes – No Date Record for each student that attended and graduated from your district any time between the first day of the just completed school year and the day before the first day of the next school year.

Career-Technical Students Who Graduate

JVSDs do not report the Diploma Date and Diploma Type Elements.

JVSDs should continue to report the appropriate withdrawal code for graduating students.

Student Attributes – No Date Data Elements

The following portion of this section discusses each of the data elements within this record. The elements are organized alphabetically.

Elements Added to Record

- CORE Graduation Requirement Exemption Code
- Military Compact Graduation Alternative Count Element

Accountability IRN Element

Record Field Number	FN140
Definition	The building IRN within the district that is responsible for the stu-
	dent's performance measures.

Valid Options

Six-digit code Valid building IRN within the reporting district
****** Not Applicable

Reporting Instructions. In the Accountability IRN Element, a district may enter the IRN of a specific building within their district to be accountable for a specific student's performance results when both of the following criteria are true:

Student was enrolled in a building for a full academic year.

Student was simultaneously enrolled in two or more buildings in the district or participated in a special program in another building (other than the building that would be his/her "home" school based on attendance zones). An example of this would be an IEP program that specializes in educating certain students with disabilities that is housed in one school that all districts eligible students attend. If the district does not enter an IRN in the *Accountability IRN Element*, the student will be included in the results for the educating building; however, the district may enter the IRN of the building that the student would be attending if the student were not in that program (the "home" building IRN). The student would then count at the "home" building.

It is not necessary for districts to manually enter the *Accountability IRN Element* if the student was not enrolled in a building within the district for the full academic year. Only an IRN of a building within the district should be entered into the *Accountability IRN Element*.

Experiences completed by a student to meet this requirement may or may not be for graduation credit and may or may not be reported via the GC Student Graduation – Core Summary Record.

For additional information on this requirement, search from any ODE web page for "CORE Graduation Requirements."

Record Field Number	FN250
Definition	Indicates if a student has met the CORE Fine Arts Requirement.

Valid Options

Y District has determined that student has met this requirementN District has not determined that student has met this requirement

Reporting Instructions. Option 'N' may be used for students who have not met the requirement as well as for situations where the district has not yet determined if the student met the requirement or not.

Experiences completed by a student to meet this requirement may or may not be for graduation credit and may or may not be reported via the GC Student Graduation – Core Summary Record.

Reporting Instructions. Option "*" should be used for the students who have not opted out of Ohio Core requirements and for student who began 9th grade prior to July 1, 2010. For more information about the opt-out options refer to Section 3313.603 (D) and (F) of the Ohio Revised Code. Reporting Instructions. This element is to be reported in the Yearend (N) reporting period.

The CTE Program of Concentration Element designates the program area of concentration for a CTE concentrator. A "CTE Concentrator" is a secondary student who has completed a minimum of 50% of the high school credits allowed for a single career and technical education (CTE) workforce development program (e.g., health sciences or marketing), and has enrolled for additional credit at the secondary level. For guidance (and examples) in identifying when a secondary student becomes a CTE Concentrator, see Career-Technical Education Programming and EMIS Reporting on the Ohio Department of Education Website (Career-Technical Education section).

The Office of Career-Technical Education will develop guidance to help districts determine how to identify the correct CTE Workforce Development Program Code to report for each CTE Concentrator. FY2011 guidance will be published as an appendix of Career-Technical Education Programming and EMIS Reporting on the Ohio Department of Education Website (Career-Technical Education section).

The district that employs the workforce development teacher is responsible for identifying and reporting CTE concentrators and the CTE Program of Concentration. Only the code for one area of concentration may be reported for a student within a reporting period. Once a student is identified as a CTE concentrator, the student is a CTE concentrator for the rest of his/her schooling. Current grade level has no relationship to whether or not a student is identified as a concentrator; i.e., a student can be a junior and be identified as a concentrator.

Diploma Date Element

4		
Record Field Number	FN090	
Definition	The date the student received his/her diploma.	

Valid Options

Revised: October 3, 2012

00000000 Not Applicable CCYYMMDD Year, Month, Day

Reporting Instructions. A diploma date of June 8, 2008, is to be reported as 20080608.

Students who have completed all course requirements for graduation prior to the beginning of the school year and have passed the graduation test during the summer should be reported with a diploma date in the Graduate (G) reporting period. The diploma date for summer graduates must be between the end of the school year and prior to the start of the next school year. A summer graduation date cannot be earlier than the date on which a student completed graduation requirements (e.g. completes course requirements or receives a passing score on the OGT, etc.).

Career-Technical Students who Graduate. For the purposes of the state and federal accountability plan under the No Child Left Behind Act of 2001, contract career-technical students and JVSD students count in the resident district as graduates, therefore only the "resident" should report the Diploma Date Element.

For purposes of reporting CTE performance data to the U.S. Department of Education, the Office of Career-Technical Education is required to report the percentage of career-technical students who are graduates. This is a federal performance measure. ODE will use the resident district graduation information for the federal performance measure.

Diploma Type Element

_ 1 2 1	
Record Field Number	FN100
Definition	The type of diploma received by the graduating student.

Valid Options

- * Not Applicable (not a graduating student)
- 1 Regular Diploma
- 2 Diploma with Honors
- 3 Diploma received in another state via Military Compact

Reporting Instructions. Either option "1" or "2" is reported for all students who graduate with an Ohio Diploma.

Students who have completed all course requirements for graduation prior to the beginning of the school year and have passed the graduation test during the summer are reported with the appropriate option for the *Diploma Type Element* in the Graduate (G) reporting period.

Military Compact students and the graduation requirements for these students are defined in Section 3301.60 of the Ohio Revised Code. For additional information on this student population, search from any ODE web page for "Military Compact."

Definition	Indicates if the district has adopted a policy to exempt certain students
	from the Physical Education graduation credit requirement and if the
	student has met the policy's requirements.

Valid Options

Y District has adopted policy and the student has met policy's requirements
 N District has not adopted policy or policy adopted but student has not met all of

the policy's requirements

Fiscal Year that Student Began Ninth Grade Element

Record Field Number	FN110
Definition	The fiscal year in which the student first began ninth grade.

Valid Options

0000 Not Applicable CCYY Fiscal Year

Reporting Instructions. This element is required to be reported every year for each student enrolled in grades 9, 10, 11, 12, 13, and 23. Students who are not currently enrolled in one of these grades are to be reported with "0000".

Report the fiscal year the student would have begun or did begin ninth grade for the first time in any Ohio public or chartered nonpublic school.

A student who is promoted from 8th to 10th grade (skipping 9th grade) is to be reported with the fiscal year he/she would have begun 9th grade had he/she not skipped a grade level. In this case, since the student would have started 9th grade in the year he/she started 10th grade, the fiscal year the student started 10th grade is reported in the *Fiscal Year that Student Began Ninth Grade Element*.

When a student is enrolled in 8th grade and is taking some 9th grade classes, the *Fiscal Year that Student Began Ninth Grade Element* is not reported as the fiscal year he/she was enrolled in 8th grade and taking some 9th grade classes. It is reported as the fiscal year in which he/she was first enrolled or would have been enrolled as a 9th grade student.

Crade Level, Next Year Element

Record Field Number	FN080

Valid Options

000000 – Not Applicable CCYYMM – Date

Reporting Instructions. If a student has met the criteria for reclassification and is reclassified from LEP status to "no longer LEP", then the year and month which the student was reclassified is re-

ported in the Limited English Proficient Reclassification Date Element during the Yearend (N) reporting period.

Alternatively, if an LEP student has not met all three criteria by the end of the school year and is not reclassified, then this element is reported with "000000" during the Yearend (N) reporting period.

This element is reported as "000000" for a student who is not LEP.

Report the year and month in which a student is reclassified from LEP. This element is to be reported during the Yearend (N) reporting period for the school year in which the student was reclassified. In addition, the date in which the student was reclassified remains a part of this record and must be reported in subsequent years during the Yearend (N) reporting period.

A student who is reclassified in spring of FY 2008 is to be reported with the year 2008 and month in which he/she is reclassified. For instance a student reclassified in March 2008 would be reported with a reclassification date of 200803.

Required Criteria for Reclassification. A student must meet all the required criteria in order to be reclassified as "no longer an LEP student". For more information regarding the criteria for reclassification from LEP, please refer to the ODE website.

	sessment)

Valid Options

***** Not Applicable

Six-digit IRN Valid Building/District IRN

Reporting Instructions. Do not report building IRNs that are not located in your district or a district IRN that is not your own.

Continuously enrolled means that the student did not withdraw from the district after October Count Week and re-enroll in the same district prior to May 10 for grades 3-8 (except students taking the Achievement Alternate Assessment) and March 19 for all other grades (including students taking the Achievement Alternate Assessment). For the remainder of these reporting instructions the term "MOA enrollment" means continuous enrollment from the October Count Week through May 10 for grades 3-8 (except students taking the Achievement Alternate Assessment) and March 19 for all other grades (including students taking the Achievement Alternate Assessment).

A student that meets "MOA enrollment" in a single building is reported with the IRN of that building. However, a student that meets "MOA enrollment" in the district, but was enrolled in multiple buildings within the district during that time frame, is reported with the IRN of the district in the *Majority of Attendance IRN Element*.

A student who has not met "MOA enrollment" in the district is reported with "*****" in the *Majority of Attendance IRN Element*.

When a student is attending a Post-Secondary Institution, County Board of DD, Joint Vocational School District, or as a Contract Career-Technical student the resident/sending district should consider the student enrolled in the building where the student would have been attending at the resident/sending district and should use the above instructions for reporting the *Majority of Attendance IRN Element*.

For a school-age student in programs/classes offered by the ESC, the resident/sending district should consider the student enrolled in the building where the student would have been attending at the resident/sending district and should use the above instructions for reporting the *Majority of Attendance IRN Element*.

Reporting Instructions. This element is only reported in the October reporting period for those students with a change in their Least Restrictive Environment (LRE) since their most recent IEP as of December 1. In general, the LRE will not change without a new IEP being completed and reported, but there are some cases, especially with IEPs reported in the prior year that are still in effect on December 1, where the LRE could change. Examples include but are not limited to a student whose parent originally consented to services but pulled the student from services prior to December 1 and situations where an expelled student is given an alternative placement that will be in effect on December 1. In addition, for a

preschool student (especially for those who are part time,) a parental placement in a private preschool program could change the LRE for that student.

When completing the Federal December Child Count, ODE will review the LRE on the latest reported IEP event effective as of December 1 (including IEPs reported in the prior yearend and IEP events reported in the current October reporting period) and the value of this element. The value of this element will take precedence. For this element to be valid for the Federal December Child Count, the student must already have an IEP reported to ODE that is valid on December 1 (e.g., December 1 is between the reported Outcome Beginning and End dates on a IEP that was reported to ODE in the prior yearend or in the current reporting period.) If no reported IEP is valid on December 1, then the value in this element will be ignored.

* Yearend Reported State Student ID (SSID) Element

	1 /
Record Field Number	FN230
Definition	The state assigned unique identifier for a graduate as of the close of
	yearend processing.

Valid Option

Nine-character alphanumeric as assigned by the SSID System

Reporting Instructions. This is required for all graduates during the G reporting period.

The SSID reported in this field will enable ODE to connect data for a student between the Year-end (N) and Graduate (G) reporting periods. For school year graduates, report the same SSID that appears on the Student Standing (FS) Record listing the student's withdrawal reason (the final closed record).

For a summer graduate, report the same SSID that appears on the latest Student Standing (FS) Record from yearend. In most cases, this will be an open record, but could be a closed record with a withdrawal reason if the student withdrew before graduating and later re-enrolled in summer school to complete graduation requirements. If a summer graduate was not enrolled at all in the prior school year (e.g., a student withdraws in June 2008, does not attend any days in the 08-09 school year, but graduates in the summer of 2009), then the student would be reported with the Graduation Only (GP) Record and would not have an FN record reported in the G reporting period.
