Reporting Instructions. The following definitions determine the category in which an amount should be included.

Land. A fixed asset account which reflects the acquisition value of the land owned by the school district. This account includes the purchase price and costs such as legal fees, filing and excavation costs,

and other associated improvement costs incurred to put the land in condition for its intended use. If land is acquired by gift, the account reflects its appraised value at the time of acquisition.

Land Improvements. A fixed asset account which reflects the acquisition value of permanent improvements, other than buildings, which add value to land. Examples of such improvements are fences, retaining walls, sidewalks, pavements, gutters, tunnels and bridges. If the improvements are purchased or constructed, this account contains the purchase or contract price. If improvements are obtained by gift, it reflects the appraised value at the time of acquisition.

Buildings and Building Improvements. A fixed asset account which reflects the acquisition value of permanent structures, used to house persons and property owned by the school district. If buildings are purchased or constructed, this account includes the purchase or contract price of all permanent buildings and the fixtures attached to and forming a permanent part of such buildings. This account includes all building improvements. If buildings are acquired by gift, the account reflects their appraised value at the time of acquisition.

Furniture, Fixtures, and Equipment. Tangible property of a more or less permanent nature, other than land, buildings, or improvements thereto, which is useful in carrying on operations. Examples are machinery, tools, furniture and furnishings.

Vehicles. Examples are trucks, cars, and buses.

Infrastructure. Example is sewage treatment plant.

Books. Examples are textbooks and library books.

Construction in Progress. The cost of construction work undertaken but not yet completed.
