General Guidelines

Report one Student Attributes – No Date (FN) Record per collection for each student reported in EMIS. For the Graduation (G) Collection, report one Student Attributes – No Date (FN) Record for each student who graduated from your district any time between the first day of the just completed school year and the day before the first day of the next school year.

Career-Technical Students Who Graduate

JVSDs do not report the Diploma Date and Diploma Type Elements. JVSDs should continue to report the appropriate withdrawal code for graduating students.

Student Attributes – No Date Data Elements

The following portion of this section discusses each of the data elements within this record. The elements are organized alphabetically.

☼ *Accountability IRN Element*

Record Field Number	FN140
Definition	The building IRN within the district that is responsible for the student's performance measures.

Valid Options

Six-digit code	Valid building IRN within the reporting district
******	Not Applicable

Reporting Instructions. In the *Accountability IRN Element*, a district may enter the IRN of a specific building within their district to be accountable for a specific student's performance results when both of the following criteria are true:

Student was enrolled in a building for a full academic year.

Student was simultaneously enrolled in two or more buildings in the district or participated in a special program in another building (other than the building that would be his/her "home" school based on attendance zones). An example of this would be an IEP program that specializes in educating certain students with disabilities that is housed in one school that all districts eligible students attend. If the district does not enter an IRN in the *Accountability IRN Element,* the student will be included in the results for the educating building; however, the district may enter the IRN of the building that the student would be attending if the student were not in that program (the "home" building IRN). The student would then count at the "home" building.

It is not necessary for districts to manually enter the *Accountability IRN Element* if the student was not enrolled in a building within the district for the full academic year. Only an IRN of a building within the district should be entered into the *Accountability IRN Element.*

☼ *CORE Economics and Financial Literacy Requirement Met*

Record Field Number	FN240
Definition	Indicates if a student has met the CORE Economics and Financial Literacy Requirement.

Valid Options

Y	District has determined that student has met this requirement
N	District has not determined that student has met this requirement

Reporting Instructions. Option 'N' may be used for students who have not met the requirement as well as for situations where the district has not yet determined if the student met the requirement or not.

Experiences completed by a student to meet this requirement may or may not be for graduation credit and may or may not be reported via the GC Student Graduation – Core Summary Record.

For additional information on this requirement, search from any Department webpage for "CORE Graduation Requirements."

☼ *CORE Fine Arts Requirement Met*

Record Field Number	FN250
Definition	Indicates if a student has met the CORE Fine Arts Requirement.

Valid Options

Y   District has determined that student has met this requirement or that student is exempt from this requirement

N   District has not determined that student has met this requirement

Reporting Instructions. Option 'N' may be used for students who have not met the requirement as well as for situations where the district has not yet determined if the student met the requirement or not.

Experiences completed by a student to meet this requirement may or may not be for graduation credit and may or may not be reported via the GC Student Graduation – Core Summary Record.

For additional information on this requirement, search from any Department webpage for "CORE Graduation Requirements."

☼ *CORE Graduation Requirement Exemption Code*

Record Field Number	FN300
Definition	The Ohio CORE exemption status of a student.

Valid Options

*   Student has not opted out of Ohio CORE requirements (default)

1   Student opted out of the Ohio CORE requirement as described in 3313.603(D) (parent waiver)

2   Student is attending drop-out prevention and recovery program with an approved waiver from the Department and student has opted out of the Ohio CORE requirements as described in 3313.603(F) (dropout-prevention and recovery program)

3   Student's IEP requires substantial modifications to curriculum; student receiving diploma by meeting IEP goals instead of by meeting CORE requirements.

Reporting Instructions. Option "*" should be used for the students who have not opted out of Ohio CORE requirements and for students who began 9th grade prior to July 1, 2010. For more information about the opt-out options refer to Section 3313.603 (D) and (F) of the Ohio Revised Code. These elements are to be reported in the Graduation (G) Collection and the student collections beginning in the school year that the student meets the exemption. Continue to report the exemption until the student withdraws or choses to forego the exemption and graduate under the Ohio CORE requirements.

☼ *CTE Program of Concentration Element*

Record Field Number	FN290

Reporting Instructions. This element is to be reported in the following student collections: Beginning of Year, Midyear, and Final and SOES Beginning of Year and End of Year.

The *CTE Program of Concentration Element* designates the program area of concentration for a CTE concentrator. A "CTE Concentrator" is a secondary student who has completed at least two approved Workforce Development courses in a single career technical education program.

The Office of Career-Technical Education has developed additional documentation to clarify business rules, which can be found by searching for "Career-Technical Education Data and Accountability" on the Ohio Department of Education and Workforce's website.

The district that employs the workforce development teacher is responsible for identifying and reporting CTE concentrators and the CTE Program of Concentration. Only the code for one area of concentration may be reported for a student within a collection. The program of concentration element should be reported in the year a student achieves concentrator status and in any subsequent year in which the student is taking courses aligned to their program of concentration. Current grade level has no relationship to whether or not a student is identified as a concentrator; i.e., a student can be a freshman and be identified as a concentrator.

☼ *Count of Graduation Credits at Entry*

Record Field Number	FN440
Definition	The total count of credits a student has earned toward graduation.

Valid Options
00.00 – 99.99

Reporting Instructions. Report the total count of credits a student has earned towards graduation as of the start of the current school year. For continuing students, this includes all credits earned as of the end of the prior school year and any credits earned over the summer. For students new to a school or district in the current school year, the count includes all credits earned by the student at prior schools and districts. Report for all students. Students who have not earned any credit toward graduation are reported with the default of 0000. Students who have earned any credit toward graduation are reported with something other than 0000, regardless of grade level.

☼ *Courses Completed Date Element*

Record Field Number	FN410
Definition	The month and year in which the student completed the course requirements for a diploma.

Valid Options
YYYYMM	Year, Month
000000	Default

Reporting Instructions. This is required for students who were not educated in the current year by the district. Current year students may be reported with the actual value or the default.

☼ *Courses Completed IRN Element*

Record Field Number	FN420
Definition	The IRN of the district in which the student completed the course requirements for a diploma.

Valid Options

Six-digit IRN	Valid district IRN
000000	Default

Reporting Instructions. This is required for students who were not educated in the current year by the district. Current year students may be reported with the actual value or the default.

☼ *Diploma Date Element*

Record Field Number	FN090
Definition	The date that students completed graduation requirements and finished formal secondary education. In the vast majority of cases, the diploma date will be the last day of school for seniors in a given district. For students with disabilities, the diploma date is the date that students completed their IEP goals and received a Free Appropriate Public Education (FAPE).

Valid Options

00000000	Not Applicable
CCYYMMDD	Year, Month, Day

Reporting Instructions. A diploma date of June 8, 2021, is to be reported as 20210608. Students who have completed all course requirements for graduation prior to the beginning of the school year and have passed the graduation test during the summer should be reported with a diploma date in the Graduation (G) Collection. The diploma date for summer graduates must be between the end of the school year and prior to the start of the next school year. A summer graduation date cannot be earlier than the date on which a student completed graduation requirements.

Career-Technical Students who Graduate. For the purposes of the state and federal accountability plan under the No Child Left Behind Act of 2001, contract career-technical students and JVSD students count in the resident district as graduates, therefore only the "resident" should report the Diploma Date Element.

For purposes of reporting CTE performance data to the U.S. Department of Education, the Office of Career-Technical Education is required to report the percentage of career-technical students who are graduates. This is a federal performance measure. The Department will use the resident district graduation information for the federal performance measure.

☼ *Diploma Type Element*

Record Field Number	FN100
Definition	The type of diploma received by the graduating student.

Valid Options

*	Not Applicable (not a graduating student)
1	Regular Diploma
2	Academic Diploma with Honors
3	Diploma received in another state via Military Compact
4	International Baccalaureate Honors Diploma
5	Career Tech Honors Diploma
6	STEM Honors Diploma
7	Arts Honors Diploma
8	Social Science and Civic Engagement Honors Diploma

Reporting Instructions. The appropriate option is reported for all students who graduate with an Ohio Diploma.

Students who have completed all course requirements for graduation prior to the beginning of the school year and have passed the graduation test during the summer are reported with the appropriate option for the *Diploma Type Element* in the Graduation (G) Collection.

Military Compact students and the graduation requirements for these students are defined in Section 3301.60 of the Ohio Revised Code. For additional information on this student population, search from any Department webpage for "Military Compact."

☼ *Exempted from Physical Education Graduation Requirement*

Record Field Number	FN260
Definition	Indicates if the district has adopted a policy to exempt certain students from the Physical Education graduation credit requirement and if the student has met the policy's requirements.

Valid Options

Y	District has adopted policy and the student has met policy's requirements
N	District has not adopted policy or policy adopted but student has not met all of the policy's requirements

Reporting Instructions. For additional information on this requirement, search from any Department webpage for "CORE Graduation Requirements."

☼ *Fiscal Year that Student Began Ninth Grade Element*

Record Field Number	FN110
Definition	The fiscal year in which the student first began ninth grade.

Valid Options

0000	Not Applicable
CCYY	Fiscal Year

Reporting Instructions. This element is required to be reported every year for each student enrolled in grades 9, 10, 11, 12, 13, and 23. Students who are not currently enrolled in one of these grades are to be reported with "0000".

Report the fiscal year the student would have begun or did begin ninth grade for the first time in any Ohio public or chartered nonpublic school.

A student who is promoted from 8th to 10th grade (skipping 9th grade) is to be reported with the fiscal year he/she would have begun 9th grade had he/she not skipped a grade level. In this case, since the student would have started 9th grade in the year he/she started 10th grade, the fiscal year the student started 10th grade is reported in the *Fiscal Year that Student Began Ninth Grade Element*.

When a student is enrolled in 8th grade and is taking some 9th grade classes, the *Fiscal Year that Student Began Ninth Grade Element* is not reported as the fiscal year he/she was enrolled in 8th grade and taking some 9th grade classes. It is reported as the fiscal year in which he/she was first enrolled or would have been enrolled as a 9th grade student.

☼ *Grade Level, Next Year Element*

Record Field Number	FN080
Definition	Indicates the grade level to which a student has been promoted, or the grade level in which a student will be retained the following school year.

Valid Options

GR	Student will complete graduation requirements
DR	Student has dropped out, is not enrolled in the district, and is not known to be enrolled anywhere

Reporting Instructions. This element is required for all students. Seniors who have been retained are to be reported with a "12" in this element. "DR" must be reported with a 7xx withdrawal reason.

For FY16, report third grade students who do not meet the required promotion score on the third grade state assessment with '03'. Exceptions to this rule are students who achieve a promotion score on an approved TGRG Alternative Assessment and those students identified as meeting one of the retention exemptions in law.

☼ *Majority of Attendance IRN Element*

Record Field Number	FN220
Definition	The IRN of the building or district where a student is continuously enrolled from the Friday of the first full week of October through the spring test administration date, as shown in the table located in the reporting instructions.

Valid Options

******	Not Applicable
Six-digit IRN	Valid Building/District IRN

Reporting Instructions. Do not report building IRNs that are not located in your district or a district IRN that is not your own.

Continuously enrolled means that the student did not withdraw from the district after the first full week of October and then re-enroll in the same district prior to the test date in the following table.

Grade	Test	MOA End Date	Participation Date
Students in grades K-8 and untested students			
Any	Untested	March 31	NA
	Alternate Assessment: ELA, Math	March 31	March 19
3-8	Ohio's State Tests Spring: all subjects	March 31	April 13
Students who were first time ninth graders *on or after* **July 1, 2014**			
9-12	Ohio's State Tests Fall: taking ELA or Math and not taking any spring assessments	March 31	December 15
	Ohio's State Tests Spring: all spring assessments	March 31	April 13

Note that if the school year ends prior to the relevant MOA date, then the MOA end date is the last day of the school year. If the school year starts after the Friday of the first full week of October, then the MOA start date is the first day of the school year.

A student that meets "MOA enrollment" in a single building is reported with the IRN of that building in the *Majority of Attendance IRN Element.* However, a student that meets "MOA enrollment" in the district, but was enrolled in multiple buildings within the district during that time frame, is reported with the IRN of the district.

A student who has not met "MOA enrollment" in the district is reported with "******" in the *Majority of Attendance IRN Element.*

When a student is attending a Post-Secondary Institution, County Board of DD, Joint Vocational School District, or is a Contract Career-Technical student, the resident/sending district should consider the student enrolled in the building where the student would have been attending at the resident/sending district and should use the above instructions for reporting the *Majority of Attendance IRN Element.*

For a school-age student in programs/classes offered by the ESC, the resident/sending district should consider the student enrolled in the building where the student would have been attending at the resident/sending district and should use the above instructions for reporting the *Majority of Attendance IRN Element.*

Expelled Students. For expelled students, MOA reporting depends on the student's enrollment dates, the student's expulsion dates, and whether the student received education or services during the time of the expulsion. Students who are enrolled from Friday of the first full week of October through March 31

and are expelled after March 31 have met FAY requirements. The district should report MOA IRNs for such students.

Students who are enrolled from Friday of the first full week of October through March 31, are expelled before March 31, and are receiving education or services during the expulsion have met FAY requirements. The district should report MOA IRNs for such students.

Students who are enrolled from Friday of the first full week of October through March 31, are expelled before March 31, and are not receiving education or services during the expulsion have not met FAY requirements. The district should report "******" for such students.

Preschool Students. ESCs reporting preschool students must report either "******" or the ESC IRN. All other entities reporting preschool students must report either "******" or their own IRN.

Definition	Identifies that the requirement to take one or more graduation tests was met using the military compact alternative criteria.

Valid Options

Reporting Instructions. This element is reported in Beginning of Year, Midyear, and End of Year Student Collections and SOES Beginning and End of Year Student (S) Collections for only those students with a change in their Least Restrictive Environment (LRE) since their most recent IEP as of October 31. In general, the LRE will not change without a new IEP being completed and reported, but there are some cases, especially with IEPs reported in the prior year that are still in effect on October 31, where the LRE could change. Examples include but are not limited to a student whose parent originally consented to services but pulled the student from services prior to October 31 and situations where an expelled student is given an alternative placement that will be in effect on October 31. In addition, for a preschool student (especially for those who are part time), a parental placement in a private preschool program could change the LRE for that student.

When completing the Federal Child Count, the Department will review the LRE on the latest reported IEP event effective as of October 31 (including IEPs reported in the prior End of Year Student (S) Collection and IEP events reported in the current Beginning of Year Student (S) Collection) and the value of this element. The value of this element will take precedence. For this element to be valid for the Federal Child Count, the student must already have an IEP reported to the Department that is valid on October 31 (e.g., October 31 is between the reported Outcome Beginning and End dates on an IEP that was reported to the Department in the prior End of Year or in the current Beginning of Year Student (S) Collection). If no reported IEP is valid on October 31, then the value in this element will be ignored.

☼ *Yearend Reported State Student ID (SSID) Element*

Record Field Number	FN230
Definition	The state assigned unique identifier for a graduate as of the close of yearend processing.

Valid Option
Nine-character alphanumeric as assigned by the SSID System

Reporting Instructions. This is required for all graduates during the Graduation (G) Collection.

The SSID reported in this field will enable the Department to connect data for a student between a prior year's student reporting and the Graduation (G) Collection. For school year graduates, report the same SSID that appears on the Student Standing (FS) Record listing the student's withdrawal reason (the final closed record).

For a summer graduate, report the same SSID that appears on the latest Student Standing (FS) Record from the prior year's student reporting. In most cases, this will be an open record, but it could be a closed record with a withdrawal reason if the student withdrew before graduating and later re-enrolled in summer school to complete graduation requirements.

For graduates not educated in the prior year, report the SSID from the latest Student Standing (FS) Record from the latest year's student reporting. Finally, for students who were never reported in the past, but are graduating, report the SSID with the best match from the SSID system or from the last educating district (if known).
