### *General Guidelines*

Report one Student Attributes – No Date (FN) Record per collection for each student reported in EMIS. For the Graduation (G) Collection, report one Student Attributes – No Date (FN) Record for each student who graduated from your district any time between the first day of the just completed school year and the day before the first day of the next school year.

### *Career-Technical Students Who Graduate*

JVSDs do not report the Diploma Date and Diploma Type Elements. JVSDs should continue to report the appropriate withdrawal code for graduating students.

### ***Student Attributes – No Date Data Elements***

The following portion of this section discusses each of the data elements within this record. The elements are organized alphabetically.

#### ***☀ Accountability IRN Element***

|                     |                                                                                                  |
|---------------------|--------------------------------------------------------------------------------------------------|
| Record Field Number | FN140                                                                                            |
| Definition          | The building IRN within the district that is responsible for the student's performance measures. |

##### ***Valid Options***

Six-digit code    Valid building IRN within the reporting district  
\*\*\*\*\*            Not Applicable

***Reporting Instructions.*** In the *Accountability IRN Element*, a district may enter the IRN of a specific building within their district to be accountable for a specific student's performance results when both of the following criteria are true:

Student was enrolled in a building for a full academic year.

Student was simultaneously enrolled in two or more buildings in the district or participated in a special program in another building (other than the building that would be his/her "home" school based on attendance zones). An example of this would be an IEP program that specializes in educating certain students with disabilities that is housed in one school that all districts eligible students attend. If the district does not enter an IRN in the *Accountability IRN Element*, the student will be included in the results for the educating building; however, the district may enter the IRN of the building that the student would be attending if the student were not in that program (the "home" building IRN). The student would then count at the "home" building.

It is not necessary for districts to manually enter the *Accountability IRN Element* if the student was not enrolled in a building within the district for the full academic year. Only an IRN of a building within the district should be entered into the *Accountability IRN Element*.

**Reporting Instructions.** This element is to be reported in the following student collections: Beginning of Year, Midyear, and Final and SOES Beginning of Year and End of Year.

The *CTE Program of Concentration Element* designates the program area of concentration for a CTE concentrator. A “CTE Concentrator” is a secondary student who has completed at least two approved Workforce Development courses in a single career technical education program.

The Office of Career-Technical Education has developed additional documentation to clarify business rules, which can be found by searching for “Career-Technical Education Data and Accountability” on the Ohio Department of Education and Workforce’s website.

The district that employs the workforce development teacher is responsible for identifying and reporting CTE concentrators and the CTE Program of Concentration. Only the code for one area of concentration may be reported for a student within a collection. The program of concentration element should be reported in the year a student achieves concentrator status and in any subsequent year in which the student ~~is taking courses~~ has completed a course aligned to their program of concentration. Current grade level has no relationship to whether or not a student is identified as a concentrator; i.e., a student can be a freshman and be identified as a concentrator. [For an explanation of “completed a course” and other information about programs of concentration and concentrators, search the Department's website for “career tech concentrator.”](#)

Students who have not earned any credit toward graduation are reported with the default of 0000. Students who have earned any credit toward graduation are reported with something other than 0000, regardless of grade level.

The diploma date for summer graduates must be between the end of the school year and prior to the start of the next school year. A summer graduation date cannot be earlier than the date on which a student completed graduation requirements.

**Career-Technical Students who Graduate.** For the purposes of the state and federal accountability plan under the No Child Left Behind Act of 2001, contract career-technical students and JVSD students count in the resident district as graduates, therefore only the “resident” should report the Diploma Date Element.

For purposes of reporting CTE performance data to the U.S. Department of Education, the Office of Career-Technical Education is required to report the percentage of career-technical students who are graduates. This is a federal performance measure. The Department will use the resident district graduation information for the federal performance measure.

| CCYY | Fiscal Year    |

**Reporting Instructions.** This element is required to be reported every year for each student enrolled in grades 9, 10, 11, 12, 13, and 23. Students who are not currently enrolled in one of these grades are to be reported with “0000”.

Report the fiscal year the student would have begun or did begin ninth grade for the first time in any Ohio public or chartered nonpublic school.

A student who is promoted from 8th to 10th grade (skipping 9th grade) is to be reported with the fiscal year he/she would have begun 9th grade had he/she not skipped a grade level. In this case, since the student would have started 9th grade in the year he/she started 10th grade, the fiscal year the student started 10th grade is reported in the *Fiscal Year that Student Began Ninth Grade Element*.

When a student is enrolled in 8th grade and is taking some 9th grade classes, the *Fiscal Year that Student Began Ninth Grade Element* is not reported as the fiscal year he/she was enrolled in 8th grade and taking some 9th grade classes. It is reported as the fiscal year in which he/she was first enrolled or would have been enrolled as a 9th grade student.

A student that meets “MOA enrollment” in a single building is reported with the IRN of that building in the *Majority of Attendance IRN Element*. However, a student that meets “MOA enrollment” in the district, but was enrolled in multiple buildings within the district during that time frame, is reported with the IRN of the district.

A student who has not met “MOA enrollment” in the district is reported with “\*\*\*\*\*” in the *Majority of Attendance IRN Element*.

When a student is attending another entity but the resident/sending district is still responsible for the student, the resident/sending district should consider the student enrolled in the building where the student would have been attending at the resident/sending district and should use the above instructions for reporting

the *Majority of Attendance IRN Element*. Examples of such situations include students attending post-secondary institutions, county boards of DD, nonpublics at district expense, and JVSs and contract career technical students.

For a school-age student in programs/classes offered by the ESC, the resident/sending district should consider the student enrolled in the building where the student would have been attending at the resident/sending district and should use the above instructions for reporting the *Majority of Attendance IRN Element*.

**Expelled Students.** For expelled students, MOA reporting depends on the student’s enrollment dates, the student’s expulsion dates, and whether the student received education or services during the time of the expulsion. Students who are enrolled from Friday of the first full week of October through March 31 and are expelled after March 31 have met FAY requirements. The district should report MOA IRNs for such students.

Students who are enrolled from Friday of the first full week of October through March 31, are expelled before March 31, and are receiving education or services during the expulsion have met FAY requirements. The district should report MOA IRNs for such students.

Students who are enrolled from Friday of the first full week of October through March 31, are expelled before March 31, and are not receiving education or services during the expulsion have not met FAY requirements. The district should report “\*\*\*\*\*” for such students.

**Preschool Students.** ESCs reporting preschool students must report either “\*\*\*\*\*” or the ESC IRN. All other entities reporting preschool students must report either “\*\*\*\*\*” or their own IRN.

**Reporting Instructions.** This element is reported in Beginning of Year, Midyear, and End of Year Student Collections and SOES Beginning and End of Year Student (S) Collections for only those students with a change in their Least Restrictive Environment (LRE) since their most recent IEP as of October 31. In general, the LRE will not change without a new IEP being completed and reported, but there are some cases, especially with IEPs reported in the prior year that are still in effect on October 31, where the LRE could change. Examples include but are not limited to a student whose parent originally consented to services but

pulled the student from services prior to October 31 and situations where an expelled student is given an alternative placement that will be in effect on October 31. In addition, for a preschool student (especially for those who are part time), a parental placement in a private preschool program could change the LRE for that student.

When completing the Federal Child Count, the Department will review the LRE on the latest reported IEP event effective as of October 31 (including IEPs reported in the prior End of Year Student (S) Collection and IEP events reported in the current Beginning of Year Student (S) Collection) and the value of this element. The value of this element will take precedence. For this element to be valid for the Federal Child Count, the student must already have an IEP reported to the Department that is valid on October 31 (e.g., October 31 is between the reported Outcome Beginning and End dates on an IEP that was reported to the Department in the prior End of Year or in the current Beginning of Year Student (S) Collection). If no reported IEP is valid on October 31, then the value in this element will be ignored.

| Definition          | The state assigned unique identifier for a graduate as of the close of yearend processing. |

#### **Valid Option**

Nine-character alphanumeric as assigned by the SSID System

**Reporting Instructions.** This is required for all graduates during the Graduation (G) Collection.

The SSID reported in this field will enable the Department to connect data for a student between a prior year's student reporting and the Graduation (G) Collection. For school year graduates, report the same SSID that appears on the Student Standing (FS) Record listing the student's withdrawal reason (the final closed record).

For a summer graduate, report the same SSID that appears on the latest Student Standing (FS) Record from the prior year's student reporting. In most cases, this will be an open record, but it could be a closed record with a withdrawal reason if the student withdrew before graduating and later re-enrolled in summer school to complete graduation requirements.

For graduates not educated in the prior year, report the SSID from the latest Student Standing (FS) Record from the latest year's student reporting. Finally, for students who were never reported in the past, but are graduating, report the SSID with the best match from the SSID system or from the last educating district (if known).

### **Defining a Unique Record**
