3.2 REPORTING CONTRACTED STAFF

GOAL

In this section, we provide guidance on which entity is required to report student and staff data to EMIS in the case of contracted staff and ESC staff providing services to districts in order to **avoid duplicate reporting of student and staff data**. In addition, the Contract Only Staff (CC) Record (see EMIS Manual Section 3.6 for more detailed information on reporting the CC Record) simplifies reporting of contracts with non-EMIS reporting entities when data processing and reporting needs do not require individual staff information. The following chart shows the different types of contracted staff and the records to use to report the staff in EMIS.

Table 1. Who reports which staff records? This depends on the position code being reported and the types of entities involved.

Position codes: 101-199, 201-299, 304, 318, 320, 323, 235-328, 331-334, 399, 415, and 510

Type of Contractor	Contracting district reports	Contractor reports
EMIS reporting entity	No staff records reported	<ul style="list-style-type: none"> • Staff Demographic (CI) Record • Staff Employment (CK) Record • Contractor Staff Employment (CJ) Record if required
Non-EMIS reporting entity	<ul style="list-style-type: none"> • Staff Demographic (CI) Record • Staff Employment (CK) Record with Position Status option A 	No staff records reported
Individual	<ul style="list-style-type: none"> • Staff Demographic (CI) Record • Staff Employment (CK) Record with Position Status option I 	No staff records reported

WHO REPORTS STUDENT AND STAFF DATA

Student Data

The resident/educating district is responsible for reporting student data. The resident/educating district is responsible for ensuring that students receive appropriate instruction and services, and they are held accountable for student performance.

Only exceptions. When the ESC or other EMIS reporting entity provides preschool special education instruction or receives the early childhood program funds the ESC is required to report student data for funding purposes. For students with disabilities, the resident/educating district also reports student data.

Staff Data

The ESC or other EMIS reporting entity that employs the contracted staff member is responsible for reporting the staff data. They provide staff to perform support services to districts to assist them in reaching their accountability performance measures.

CONTRACTOR STAFF EMPLOYMENT (CJ) RECORD

The Contractor Staff Employment (CJ) Record allows the Department to link the contracted employee to the student from the resident/educating district without requiring duplicate staff reporting by the district. The CJ Record also allows the contractor to report an accurate FTE for the time spent serving students from each district.

The Contractor Staff Employment (CJ) Record contains the following elements.

- District IRN
- Contracting District IRN
- Employee ID
- Local Contract Code
- Position Code
- Position FTE

The District IRN Element refers to the IRN of the entity completing the Contractor Staff Employment (CJ) Record (includes the ESC or another EMIS reporting entity, such as another district, a community school, etc.). The Contracting District IRN Element refers to the IRN of the resident/educating district that has contracted for the staff member.

This record is required *in addition to* the regular Staff Demographic (CI) and Staff Employment (CK) Record that is required for all staff reported to EMIS. The Contractor Staff Employment (CJ) Record should *only* be submitted for the situations described in Category #2 and Category #3 below.

Each contracted staff member should be reported by the Contractor (ESC or other EMIS reporting entity) with one Staff Demographic (CI) Record and one Staff Employment (CK) Record. If the contracted staff member is employed in one of the specified positions included in the examples, then at least one Contractor Staff Employment (CJ) Record should be reported for the employee. If the contracted staff member works in multiple districts in one of the specified positions, a Contractor Staff Employment (CJ) Record should be reported for that employee in that position for each district they serve and should include the FTE for the time that the contracted staff member works with that particular district.

In the case of ESCs, the Contractor Staff Employment (CJ) Record should *only* be submitted in certain situations. The varying agreements that ESCs have with the districts they serve, as well as the large number of ESC employees who are shared among all districts, have resulted in the Department identifying only particular ESC employees who should be reported with this record. All employees of the ESC need to be reported to EMIS by the ESC with a Staff Demographic (CI) and Staff Employment (CK) Record. *The situations when an ESC should report a Contractor Staff Employment (CJ) Record have been identified in Category #3, Situations A – L.*

No CJ Record is required when reporting for contract career-technical and special education cooperative programs (Category #4) or when reporting staff contracted from a non-EMIS reporting entity (Category #5).

CONTRACTED STAFF REPORTING

Category #1

ESCs only

Contractor Staff Employment (CJ) Record not allowed

In this category, an Educational Service Center (ESC) hires a staff member who provides administrative/supervisory and/or related services to all member districts. Exceptions to these instructions that require the ESC to report at least one Contractor Staff Employment (CJ) Record for the employee are listed in Category #3, situations A – L.

Category #2

Contractor other than an ESC

Contractor Staff Employment (CJ) Record required

In this category, a resident/educating district contracts with an EMIS reporting entity *other than an ESC* to hire a staff member to provide administrative/supervisory and/or related services in one or more districts.

Category #3

Contractor is an ESC or another EMIS reporting entity

Contractor Staff Employment (CJ) Record required

Situation A. An ESC or another EMIS reporting entity employs and provides a gifted coordinator. This person does not serve students directly.

Situation B. A resident/educating district contracts with an ESC or other EMIS reporting entity to hire a staff member who will be included in the staff FTEs on the report card.

Situation C. A resident/educating district contracts with an ESC or other EMIS reporting entity to provide a staff member who teaches courses to students. This includes virtual courses, alternative school settings, and preschool. Note that this includes what in prior years was listed out as Situations D, G, H, I, and K.

An example (Situation C.1) is provided to address the reporting requirements for the specific circumstance when a district contracts with an ESC to provide staff for a special education classroom that is located in another district and students from multiple districts attend this program and are also mainstreamed into regular classes in the district that houses the program.

The resident district is not required to report separate Student Course (GN), Staff Course (CU), or Course Master (CN) Records for each subject taught in an Alternative Program/School unless the student is placed there for more than two consecutive weeks. If the placement is for less than two weeks, the student can continue to be reported by the resident district in the courses in which the student was originally enrolled at the resident district without reporting the Staff Provider IRN or the Employee ID of the staff member at the ESC or other EMIS reporting entity.

Situation E. An ESC serves students from one or more resident/educating district and the ESC is providing a gifted teacher.

Situation L. A resident/educating district contracts with an ESC to hire a staff member who will specifically serve their district in a role not identified in situations A – E and to provide a service not normally provided to several or all member districts.

Category #4

Contract career-technical and special education cooperative programs

Contractor Staff Employment (CJ) Record not required

A resident/educating district contracts with another EMIS reporting entity to provide contract career-technical services or to participate in a special education cooperative program.

Category #5

Resident/Educating district contracts with a non-EMIS reporting entity for staff member

Contractor Staff Employment (CJ) Record not required
