General Guidelines

The EMIS reporting entities are responsible for reporting one Staff Demographic (CI) Record for each staff member they employ. See EMIS Manual Section 3.1 Staff Records Overview for more information about the staff members who do not need to be reported to EMIS. That employs the staff member is responsible for reporting one Staff Demographic (CI) Record for each staff member. In most circumstances, the Staff Demographic (CI) Records are not required to be reported by the resident/educating district for the contracted staff members who provide services or teach courses. See EMIS Manual Sections 3.2 Reporting Contracted Staff and 3.5 Contractor Staff Employment (CJ) Record for more information about reporting contracted staff.

When reporting the Absence Days Element, Absence Days/Long Term Illness Element, and the Attendance Days Element, a day is defined as the period of time the staff member normally spends at his/her work site(s) during a 24-hour period. This may vary from staff member to staff member.

When reporting a long-term illness, report the days absent in both the Absence Days Element and also the Absence Days – Long Term Illness Element.

Staff Demographic Data Elements
The following portion of this section discusses each of the data elements within the Staff Demographic (CI) Record. The elements are organized alphabetically.
3.3 Staff Demographic (CI) Record

Absence Days Element

<table>
<thead>
<tr>
<th>Record Field Number</th>
<th>CI150</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Definition</strong></td>
<td>Total number of days the staff member was absent during the period from July 1 through June 30 due to all causes except professional meetings, vacations, or holidays, development hours.</td>
</tr>
</tbody>
</table>

**Valid Options**

000.0 – 999.9

**Reporting Instructions.** This element is only reported during the Final Staff and Course (L) Collection. It is not required for a staff member reported with the options Position Codes 800-899 in the Position Code Element.

Maintain absence information according to district policy, but when reporting for the Final Staff and Course (L) Collection, round partial absences to the nearest tenth. Include absences that are covered by sick leave, personal leave, or other forms of leave.

Do not count a staff member as absent prior to their contracts’ effective dates, of his/her contract. For staff who have separated from their employment, do not include days a staff member who has resigned or has been dismissed from and/or after the effective date of his/her separation, resignation or dismissal. In other words, do not count days between the last day of work and the end of a contract as absence days.

This element should include any days reported in the Absence Days – Long Term Illness Element (CI155).

Note that a day is defined as the period of time the staff member normally spends at work during a 24-hour period. This may vary from staff member to staff member.

Absence Days – Long Term Illness Element

<table>
<thead>
<tr>
<th>Record Field Number</th>
<th>CI155</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Definition</strong></td>
<td>At least 15 consecutive days absent due to an illness of the staff member or the staff member’s, his/her spouse, child, or parent.</td>
</tr>
</tbody>
</table>

**Valid Options**

000.0 – 999.9

**Reporting Instructions.** This element is only reported during the Final Staff and Course (L) Collection. It is not required for staff members reported with Position Codes 800-899. A long-term illness must be 15 consecutive work days or more, regardless of whether or not the staff member is paid (or unpaid) during his/her absence. If a staff member has multiple long-term illnesses in a school year, the days should be added together. For instance, if a staff member is absent for 16 consecutive days in October and 19 consecutive days in February, then the staff member had 35 long-term illness days.

“Long-term illness” includes an illness of the staff member or the staff member’s, his/her spouse, child, or parent, in accordance with the federal Family and Medical Leave Act of 1993 (Public Law 103-3, enacted February 5, 1993). There is no minimum for a workday. Staff members work different hours per day. This element also applies to both full-time and part-time employees. Therefore, an individual who
works part time and is absent for 15 or more consecutive work days should have those days to be reported in this element. Long-term illness does not count against the staff attendance rate.

Days related to a long-term illness are reported as both Absence Days (CI150) and Absence days that are reported in the Absence Days – Long Term Illness (CI155). Element must also be reported in the Absence Days Element. For instance, if a staff member is absent for 20 consecutive days, 20 days would be included in both the Absence Days Element (CI150) and the Absence Days – Long Term Illness Element (CI155).

Note that a day is defined as the period of time the staff member normally spends at work during a 24-hour period. This may vary from staff member to staff member.

**Attendance Days Element**

<table>
<thead>
<tr>
<th>Record Field Number</th>
<th>CI140</th>
</tr>
</thead>
<tbody>
<tr>
<td>Definition</td>
<td>Total number of days the staff member was in attendance during the period from July 1 through June 30.</td>
</tr>
</tbody>
</table>

**Valid Options**

000.0 – 999.9

**Reporting Instructions.** This element is only reported during the Final Staff and Course (L) Collection. It is not required for a staff member reported with the options Position Codes 800-899 in the Position Code Element.

Maintain attendance information according to district policy, but when reporting for the Final Staff and Course (L) Collection, round partial attendance to the nearest tenth. Include attendance at district-approved professional meetings approved by the district. This includes parent-teacher conference days.

Do not count vacation days or holidays. Do not count staff as in attendance prior to the actual starting date of their contract. Do not include days for staff members who have resigned or been dismissed from and after the effective date of such resignation or dismissal. Do not count staff members as in attendance prior to their contracts’ effective dates. For staff who have separated from their employment, do not include days after the effective date of their separation. In other words, do not count the days between the last day of work and the end of a contract as attendance days.

Note that a day is defined as the period of time the staff member normally spends at work during a 24-hour period. This may vary from staff member to staff member.

**Authorized Teaching Experience Years Element**

<table>
<thead>
<tr>
<th>Record Field Number</th>
<th>CI200</th>
</tr>
</thead>
<tbody>
<tr>
<td>Definition</td>
<td>Total years of authorized teaching experience (prior to the current year).</td>
</tr>
</tbody>
</table>

**Valid Options**

00 – 99

**Reporting Instructions.** If fewer than 10 years, report a leading zero. This element is should be reported for all teachers reported with Position Codes 212 or 230, only for certified/licensed employees. It is extremely important to update this element each year. In some cases this element is used for funding
purposes. It is also used to determine eligibility for the National Board Certification exam. The number of authorized teaching experience years reported for an employee should be the same in both Staff and Course (L) Collections of the current school year.

Non-authorized experience (i.e., teaching service in a college, a university, or a related institution, including the Peace Corps) is not to be included. However, it can be reported in the Total Experience Years Element.

Report the total number of years, even if the total exceeds 11 years. Authorized teaching experience years should be updated during the following year’s reporting. For example, a new teacher would have “00” authorized teaching experience years in both the Initial and Final Staff and Course (L) Collections of the current school year; this number would be updated to “01” during the following year’s reporting. The number of authorized teaching experience years reported for an employee should be the same in both Staff and Course (L) Collections of the current school year.

General criteria for determining authorized teaching years of experience. One year must consist of at least 120 days within a regular school year ending June 30. To be credited with an authorized year, teachers must be employed as a regular or substitute teacher, in elementary or secondary instruction (ORC §3317.13). Authorized teaching years include teaching service in the following Ohio entities.

- Public schools
- Nonpublic schools
- Educational Service Centers (ESCs)
- Community schools
- Special education programs

A maximum of 5 years of active military service in the U.S. armed forces can be included. Eight continuous months or more of active military service should be counted as 1 year of authorized teaching experience. See Ohio Revised Code §3317.13 for more detailed information on what qualifies as authorized years.

Districts may include the following in authorized teaching years.

- Teaching in public or nonpublic schools outside of Ohio.
- Acting as an educational assistant (other than a classroom aide) employed under the work experience program (see ORC §5107.541).

For more information about these optional authorized teaching years, see ORC §3317.14.

Required criteria for determining authorized teaching years of experience.

- Teaching service by a teacher certified pursuant to ORC §3319.22 performed in one or more of the following educational institutions operated by the state, or in a subdivision or other local governmental unit of the state: a chartered school, an institution that subsequently became chartered, a chartered special education program, or a special education program that subsequently became chartered.
- Teaching service performed in any other elementary and/or secondary public school district in Ohio in compliance with ORC §§3317.13 and 3317.14.
• Active military service in the armed forces of the United States, as defined in ORC §3307.75.2, to a maximum credit of five years. A partial year of active military service of eight continuous months or more should be credited as a full year.
• Teaching service by a teacher certified pursuant to ORC §3319.22, performed in a chartered, nonpublic school located in Ohio.
• Teaching service performed in the reporting school district.

Optional criteria for determining authorized teaching years of experience.
• Teaching service performed in elementary and/or secondary public school districts in states other than Ohio.
• Teaching service in an overseas dependent school operated by one of the armed forces of the United States or in an elementary or secondary school operated by a state agency, approved by the State Board of Education.

3.3 Staff Demographic (CI) Record

**Reporting Instructions.** If fewer than 10 years, report a leading zero. This includes years of licensed service as a school leader with the duties and responsibilities typical of principals and assistant principals. Include years served in Ohio and in other states in all of the following types of organizations:

- Public schools
- Vocational schools
- State-supported schools
- STEM schools
- Community schools
- Department-licensed preschools
- Chartered nonpublic schools (i.e., independent private schools and parochial schools)

![Suffix Name Element]

Record Field Number: CI320

**Definition:** Affix after a person’s full name, providing additional information about the individual being reported.

**Valid Options**

Valid 6 characters

![State Staff ID Element]

Record Field Number: CI270

**Definition:** A unique statewide ID used to match a staff member’s data to EMIS data from previous collections and to the state certification and licensure database.

**Valid Options**

A 2 letter, 7 number string: XX9999999

**Reporting Instructions.** This element is optional to report. If a district would affix descriptors such as Jr. or III to a last name, it should be reported in this element.

For staff who have ever been issued a license, certificate, or permit by the Department, the number reported here should be the Educator State ID. For all staff reported in EMIS, this number is determined as follows:

For any staff member (regardless of position) ever issued a credential by the Department, the State Staff ID will be the ID number/PIN found on a certificate, license, permit, or other credential issued by the Department’s Office of Educator Licensure, or

For any staff member that has never been issued a credential by the Department, the State Staff ID will be a unique ID assigned by the EMIS reporting entity that follows the Department’s required format below.
3.3 Staff Demographic (CI) Record

Z-IDs are determined by the EMIS reporting entity and are district dependent. Z-IDs must meet the following criteria.

A State Staff ID assigned by an EMIS reporting entity (often called a “Z ID”) must meet the following criteria:

- The first character of the ID must be “Z”.
- The second, third, and fourth characters must match the State Staff ID Prefix for the reporting entity, as these prefixes are assigned by the Department and are published on in the EMIS section of the Department’s website (search for “Staff ID Prefix Listing”). The second position will be a letter, and the third and fourth positions will be numbers.
- The final five characters are a number from 00001 to 99999 that the district will assign to a specific staff member. This number will remain unchanged for this staff member in this district, and cannot be re-used for another staff member if the original assignee leaves the EMIS reporting entity.

Note that the Z ID is district dependent. The Z-ID of a particular individual will change if they change employment from one district to another. A staff member with a Department-issued credential will provide their State Educator Staff ID to the district, and the district will look up the ID using the CORE Educator Profile application via the Department’s website. A staff member without a Department-issued credential will have a Z-ID assigned by the district, and this ID will not have relevance for any context outside of data reporting EMIS data to the Department.

When a staff member is initially reported with a Z-ID and later receives a Department-issued credential, the district should then begin reporting the staff member’s Educator Staff ID. See EMIS Manual Section 3.8 Staff Missing Override (CP) Record to determine whether a CP Record is needed to remove the staff member from the district’s Staff Missing list.
