COMING CHANGES
The EMIS Manual is a living document, and each fiscal year’s version is updated throughout the school year. For information regarding specific known changes that may impact the elements in this section, see the appropriate FY Change Information document on the EMIS Changes Manual webpage.

3.5 CONTRACTOR STAFF EMPLOYMENT (CJ) RECORD

Required Collection Requests
The Contractor Staff Employment (CJ) Record is to be reported for the Initial and Final Staff/Course Collection Requests.

General Guidelines
A Contractor Staff Employment (CJ) Record is required to be reported by each contractor for each staff member providing services or teaching a course. The contractor (in many cases an ESC) must be an EMIS reporting entity. The term “contract” refers to an agreement with another entity or individual to provide services. The nature of the contract may range from a formal written document to a general agreement between district leaders.

The term “contractor” refers to the entity with which the resident/educating district is contracting. A contractor may be a reporting entity, i.e., an ESC or another school district. The term “contracting district” refers to the resident/educating district.

For reporting instructions regarding specific contracting situations and reporting this record, see Section 3.2 Reporting Contracted Staff.

The Contractor Staff Employment (CJ) Record is an extension of the Staff Employment (CK) Record. It is required in order for the contractor to be able to report the amount of time (or Position FTE) that a staff member in the same position is serving a resident/educating district.

The contractor (either the ESC or another EMIS reporting entity) with which the resident/educating district contracts for a staff member to provide services and/or teach a course to students, is responsible for reporting a Staff Demographic (CI) Record and at least one Staff Employment (CK) Record (one Staff Employment (CK) Record is reported for each position held by the employee). If multiple resident/educating districts are contracting with the ESC or another EMIS reporting entity for the same staff member in the same position to provide services or teach a course, then the contractor (the ESC or other EMIS reporting entity) is responsible to report a Contractor Staff Employment (CJ) Record for each resident/educating district the staff member in the same position is serving.

The resident/educating district does not report a Staff Demographic (CI), Staff Employment (CK), or Contractor Staff Employment (CJ) Record for the contracted staff if they are contracting with an ESC or another EMIS reporting entity.

If the resident/educating district is contracting with a non-EMIS reporting entity, they do not report this record. Instead they report either a Contract Only Staff (CC) Record or a Staff Demographic (CI) Record and a Staff Employment (CK) Record.

A Contractor Staff Employment (CJ) Record is only reported by the contractor. One record is reported for each district where the staff member is serving. If the staff member in the same position code is providing services or teaching courses to students from multiple districts, then one Contractor Staff Employment (CJ) Record is to be submitted for each of the districts being served.
Programs and Services Provided to Students. A resident/educating district may contract with an ESC or another EMIS reporting entity to supply a staff member to provide programs and/or services to students. The following examples include but are not limited to such positions.

- Audiologists
- School Psychologists
- Physical Therapists
- Occupational Therapists
- Speech and Language Therapists
- Supplemental Services Teachers – special education

These staff members should only have a Contractor Staff Employment (CJ) Record reported in specific situations. A Contractor Staff Employment (CJ) Record should be reported if:

- The staff member will enable the contracting district to receive preschool related services funding (use assignment area 999412), or
- The contractor is an EMIS reporting entity other than an ESC, or
- The contractor is an ESC, and the service is not one that is provided to all but a few member districts

A Contractor Staff Employment (CJ) Record should not be reported if:

- The contractor is an ESC, and the staff member provides a service that is provided to nearly all ESC member districts as a part of the basic service offerings of the ESC.

Courses. A resident/educating district may contract with an ESC or another EMIS reporting entity for a staff member to teach a course. A staff member teaching a course to students from one or multiple resident/educating districts is required to have a Contractor Staff Employment (CJ) Record reported by the contractor for each resident/educating district being served by the staff member. The contractor (i.e., the ESC) does not report a Staff Course (CU) or Course Master (CN) Record for these teachers.

The resident/educating district is responsible for reporting a Course Master (CN) Record for the course linked via Local Classroom Code to a Staff Course (CU) Record for the contracted staff member with the IRN of the contracting entity reported in the Staff Provider IRN Element and the State Credential ID of the staff member teaching the course reported in the Employee ID Element.

For specific reporting situations regarding contracted staff, see Section 3.2 Reporting Contracted Staff.

Administrators (Position Codes 100-199). A Contractor Staff Employment (CJ) Record should be reported for administrative positions only in a limited number of situations:

- The administrator is serving in the contracting district as a Principal for one of the contracting district’s buildings
- The administrator is serving as the Superintendent or Treasurer for the contracting district
• The administrator is a gifted coordinator or preschool special education supervisor (see Section 3.2 Reporting Contracted Staff)
• The contractor is not an ESC
• An administrator contracted from an ESC is providing a specific administrative service in a specific district that is not normally provided to all member districts.

**Contractor Staff Employment Data Elements.** The following portion of this section discusses each of the data elements within the Contractor Staff Employment (CJ) Record. The elements are organized alphabetically.

**Contracting District IRN Element**

<table>
<thead>
<tr>
<th>Record Field Number</th>
<th>Definition</th>
</tr>
</thead>
<tbody>
<tr>
<td>CJ070</td>
<td>The IRN of the resident/educating district contracting with the ESC or other EMIS reporting entity for a staff member in a specific position.</td>
</tr>
</tbody>
</table>

**Valid Options**
State assigned six-digit code.

**Employee ID Element**

<table>
<thead>
<tr>
<th>Record Field Number</th>
<th>Definition</th>
</tr>
</thead>
<tbody>
<tr>
<td>CJ050</td>
<td>Unique code assigned to the staff member.</td>
</tr>
</tbody>
</table>

**Valid Options**
A valid nine-character code

**Reporting Instructions.** Report the Employee ID of the staff member providing the services for which the resident/educating district is contracting.

When reporting the Employee ID Element, report the local number assigned to the employee by the district. The same locally assigned number must be used for the Employee ID on other staff related records reported for this staff member by this reporting entity. The district can use the staff member’s credential ID, Z-ID, or a local value determined by the district as long as the same value is used for each staff member across all record types.

A value of “999999999” is not allowed in this element on this record type.

**Local Contract Code Element**

<table>
<thead>
<tr>
<th>Record Field Number</th>
<th>Definition</th>
</tr>
</thead>
<tbody>
<tr>
<td>CJ090</td>
<td>A unique number assigned by the school district, which differentiates between multiple contracts of a staff member within the same position code.</td>
</tr>
</tbody>
</table>

**Valid Options**
Three-character code

**Reporting Instructions.** Report the same local contract code for the position being reported on the Contractor Staff Employment (CJ) Record which was reported on the Staff Employment (CK) Record.
If a district reports multiple Staff Employment (CK) Records for one staff member with the same position, then a unique local contract code is required to be reported on each Staff Employment (CK) Record.

**Position Code Element**

<table>
<thead>
<tr>
<th>Record Field Number</th>
<th>Definition</th>
</tr>
</thead>
<tbody>
<tr>
<td>CJ060</td>
<td>The code associated with the position assignment of the employee.</td>
</tr>
</tbody>
</table>

**Valid Options**

Valid three-digit code As provided in Section 3.2 Reporting Contracted Staff

**Reporting Instructions.** Report the position for which the resident/educating district is contracting.

Section 3.9 Position Codes lists the options for the Position Code Element.

For further instructions, see Position Code Element in Section 3.4 Staff Employment (CK) Record.

**Position FTE Element**

<table>
<thead>
<tr>
<th>Record Field Number</th>
<th>Definition</th>
</tr>
</thead>
<tbody>
<tr>
<td>CJ080</td>
<td>The full-time equivalency of the position expressed as a percentage.</td>
</tr>
</tbody>
</table>

**Valid Options**

0.00 – 9.99

**Reporting Instructions.** Report the full-time equivalency (FTE) of the position for which the resident/educating district is contracting.

It is the responsibility of the contractor to determine how to split the position FTE among multiple resident/educating districts contracting for the position. When the contracting staff member is a teacher, the FTE is often determined based on the percent of students from each contracting district. Districts should make a consistent determination across courses based on the amount of time the teacher is expected to spend with students. This determination is a local decision that should be made consistently and in coordination between the employing and contracting districts.

**Defining a Unique Record**

Each EMIS record has specific fields that must be unique on each row of data reported to ODE. For the Contractor Staff Employment (CJ) Record, each combination of values in the following fields must be unique.
