EMIS Change 23-41

This change makes changes to industry credentials and updates the caption for Table 10: Industry Credential (GW) Assessment Area Codes and Descriptions to explain the included fiscal years more fully. This change also adds a column for FY23.

2.8.1 ASSESSMENT AREA CODES

Table 1. Industry Credential (GW) Assessment Area Codes and Descriptions. The fiscal years represent the year(s) in which an Industry Credential is/was valid to be earned by students. <u>Each fiscal year, a new column will be added and the oldest column—representing students who are no longer school-aged and so are no longer being reported via EMIS—will be deleted. There will always be eight fiscal years included in this <u>table</u>. For additional information on Industry Credentials, please see the Department's <u>Industry-Recognized</u> Credentials webpage.</u>
