ATTRIBUTE GROUP REPORTING INSTRUCTIONS

Medical Group

Several sections of Ohio Revised Code require city, local, exempted village, and joint vocational school districts to report information to the Department related to medications procured and used by the district. All reporting for this group is for the current school year.

Ohio Revised Code §3313.7112 lists the requirements related to diabetes care in schools, with ORC §3313.7112(K) requiring districts to report the number of students with diabetes enrolled and the number of errors associated with the administration of diabetes medication to the Department. ([See ORC §3314.03 for community schools.](#))

Ohio Revised Code §3313.7110 lists the requirements related to epinephrine autoinjectors, with ORC §3313.7110(F) requiring any district procuring epinephrine autoinjectors to report each procurement and usage to the Department. ([See ORC §3314.143 for community schools.](#))

Ohio Revised Code §3313.7115 lists the requirements related to glucagon, with ORC §3313.7115(G) requiring any district procuring glucagon to report each procurement and usage to the Department. ([See ORC §3314.147 for community schools.](#))

Ohio Revised Code §3313.7113 lists the requirements related to inhalers, with ORC §3313.7113(G) requiring any district procuring inhalers to report each procurement and usage to the Department. ([See ORC §3314.144 for community schools.](#))
