Subject: EMIS Changes #23-77, Public Comment

I would like to see this change address the issue where a district had an FS Standing record using code 81 and that record was valid at the time, but then the student ended up attending later in the year.

Originally we were told that the student could have both FS Standing records, but then learned this year that the record with the 81 must be removed. (see ticket 102543)

There is now an error check in the level I validations and it affects funding. I don't see this situation addressed in the current proposed wording and I feel this should be included.

Good morning,

Thank you for your comment. After review, we do plan to further clarify the language in the change and EMIS Manual accordingly to address your concern. You should see that update made to the EMIS change webpage within the next week.

Thank you,

Erica Weaston
