Subject: RE: EMIS Change 23-80, Public Comment

Thank you for your interest and public comment regarding EMIS change 23-80. This change does not impact how a student earns credits or which types we collect. It only clarifies the timing - that if a college transcripts credits after the student has left secondary education, that they can be included in reporting if the work was completed before the student graduated from secondary education.

Does that help to clarify? If not, please let me know.

Thanks!

Good Morning!

To be clear on this change,

Is this change made to include CTAG credits? Are we going to be able to count those in the dual enrollment credit earned field starting in FY23?
