EMIS Change 25-91
This change adds a few valid options to the Score field, deletes a few Assessment Area Codes, and modifies a few of the entries in the RD/DS format and type of score table. It also adds reporting guidance for cases where districts use the KRA as the reading diagnostic for students in kindergarten.

__Updated__ (__June 11, 2024__). This update corrects the name of one of the reading diagnostic assessments. See the <mark>highlighted text</mark> below.

Reporting Instructions.

Table. The format and type of score reported for each Reading Diagnostic (RD) and Tier 1 Screener (DS). Note that if one assessment is used for both purposes, then two records must be reported: one for Assessment Type RD and one for Assessment Type DS. If using the KRA for the Reading Diagnostic for kindergarten students, do not report an RD Assessment Record. The Department will take the results for these students from the GO Assessment Record.
