Valid Building/District IRN

Reporting Instructions. Do not report building IRNs that are not located in your district or a district IRN that is not your own.

Continuously enrolled means that the student did not withdraw from the district after the first full week of October and then re-enroll in the same district prior to the test date in the following table.

Grade	Test	MOA End Date	Participation Date
Students in grades K-8 and untested students			
Any	Untested	March 31	NA
	Alternate Assessment: ELA, Math	March 31	March 19
3-8	Ohio's State Tests Spring: all subjects	March 31	April 13
Students who were first time ninth graders on or after July 1, 2014			
9-12	Ohio's State Tests Fall: taking ELA or Math and not taking any spring assessments	March 31	December 15
	Ohio's State Tests Spring: all spring assessments	March 31	April 13

Note that if the school year ends prior to the relevant MOA date, then the MOA end date is the last day of the school year. If the school year starts after the Friday of the first full week of October, then the MOA start date is the first day of the school year.

A student that meets “MOA enrollment” in a single building is reported with the IRN of that building in the *Majority of Attendance IRN Element*. However, a student that meets “MOA enrollment” in the district, but was enrolled in multiple buildings within the district during that time frame, is reported with the IRN of the district.

A student who has not met “MOA enrollment” in the district is reported with “*****” in the *Majority of Attendance IRN Element*.

When a student is attending [another entity but the resident/sending district is still responsible for the student](#) ~~Post-Secondary Institution, County Board of DD, Joint Vocational School District, or is a Contract Career Technical student~~, the resident/sending district should consider the student enrolled in the building where the student would have been attending at the resident/sending district and should use the above instructions for reporting the Majority of Attendance IRN Element. [Examples of such situations include students attending post-secondary institutions, county boards of DD, nonpublics at district expense, and JVSDs and contract career technical students.](#)

For a school-age student in programs/classes offered by the ESC, the resident/sending district should consider the student enrolled in the building where the student would have been attending at the resident/sending district and should use the above instructions for reporting the Majority of Attendance IRN Element.

Expelled Students. For expelled students, MOA reporting depends on the student's enrollment dates, the student's expulsion dates, and whether the student received education or services during the time of the expulsion. Students who are enrolled from Friday of the first full week of October through March 31 and are expelled after March 31 have met FAY requirements. The district should report MOA IRNs for such students.

Students who are enrolled from Friday of the first full week of October through March 31, are expelled before March 31, and are receiving education or services during the expulsion have met FAY requirements. The district should report MOA IRNs for such students.

Students who are enrolled from Friday of the first full week of October through March 31, are expelled before March 31, and are not receiving education or services during the expulsion have not met FAY requirements. The district should report "*****" for such students.

Preschool Students. ESCs reporting preschool students must report either "*****" or the ESC IRN. All other entities reporting preschool students must report either "*****" or their own IRN.
