

EMIS Change 27-93

SB 19 effectively reverses the changes to the Reading Diagnostics list that were in the budget bill (which was reflected in EMIS change 27-15). This current change is to show the correct list after the passage of SB 19. There are two diagnostics that are being removed. Note that the tables for the diagnostics and the dyslexia screeners are still being split into two separate tables.

SECTION 2.8: STUDENT ASSESSMENT (FA) RECORD

Score

Record Field Number	FA240
Definition	A three-character field containing the score on the reported assessment.

Table 4. The format and type of score reported for each Reading Diagnostic (RD) and Tier 1 Screener (DS). Note that if one assessment is used for both purposes, then two records must be reported: one for Assessment Type RD and one for Assessment Type DS. If using the KRA for the Reading Diagnostic for kindergarten students, do not report an RD Assessment Record. The Department will take the results for these students from the GO Assessment Record.

Area Code	Name of Product	Reading Diagnostic (RD)		Tier 1 Screener (DS)	
		Alpha or Numeric	Type of Score	Alpha or Numeric	Type of Score
