“Updated Version Requires” Additional Information: None

Enhancements: None

Known Issues Resolved: None

Outstanding Issues: None known

New or Updated Level 1 Validation:

- Added fatal validation DN.0049 – When the TFRPSESCYS and TFRPSESCNO attributes are reported on the DN record, the Attribute Text should never be the same as the Reporting LEA IRN. The Attribute Text should always be an ESC IRN when a traditional district reports these attributes. When an ESC reports these attributes, the Attribute Text should always be a traditional district IRN.
- Updated validation FS.0101 to exclude students who withdraw during the summer.

New or Updated Reports:

- Updated the (FTES-007) FTE Daily Summary-Transfers Report to correct an issue in creating the Processing and Severity Count rows.
