

New Data Collector Tab

- New Local Report Builder
- Based on feedback from the field and an EMIS Advisory Council recommendation
- Allows a user to filter, enhance, and combine reports and data files in the DC
 - -Once created, can be saved for reuse
 - Once saved, can be shared through your ITC
 - Once ITC shared, can be shared with the state
- Code complete- testing now with release later this month

- Oh the places they'll go!
- Many possible use cases
- Most may never create a report, but could still benefit
- Please ask questions and send feedback!

Local Report Builder

Add Name | Run Report | Apply Filter | Create or Edit Report | Share Report | Advanced Query | Manage Reports

The Local Report Builder allows you to create your own Report Definitions and to run reports created by others. Tasks which you can complete in the Report Builder are described below.

What can you do in the Report Builder?	
Add Student Names:	Add student name and Building IRN columns to a CSV file, based on the student ID (SSID or Local ID) already in the CSV
Run Report:	Run a Local Report which you or someone else created. Includes reports created by someone else at your district, your ITe
Apply Filter:	Apply a filter, on one or more columns, to an existing report.
Create or Edit Report:	Create a new local report or modify an existing local report.
Share Report:	$Publish \ a \ local \ report \ definition \ (not \ the \ data) \ for \ others \ at \ your \ district \ or \ ITC \ to \ use \ (ITC \ share \ approved \ by \ ITC \ staff).$
Advanced Query:	Write a report yourself, as an SQL query, instead of being guided by the Data Collector pages.
Manage Reports:	For ITC Staff only: approve requests to publish LEA reports or request ODE publish a report statewide.

The SDC allows the user to print the report and export data.

Add Name to a CSV file

Add Name | Run Report | Apply Filter | Create or Edit Report | Share Report | Advanced Query | Manage Reports

Upload a CSV file. Then select the column which contains the Student ID and click the Add Name link.

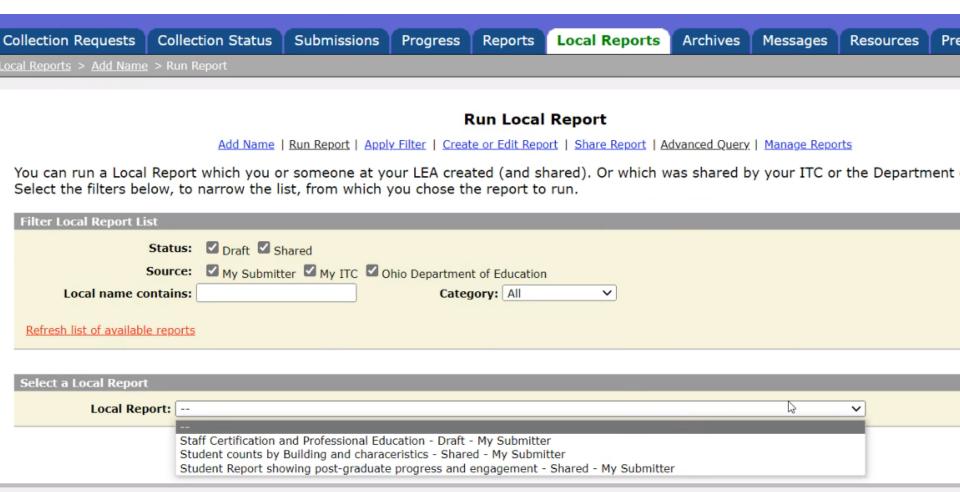

Select the file to which Student name and Building IRN will be added, for the Arapo (047676) LEA

CSV File To Upload: Choose File 2022_GRAD_ITC-only-file_20211101.csv

- Equivalent of old Staff-Demo report
- No status known Grad and SWD follow-up
- Special Ed Events of IEP No Fund students
- Mismatch between main EMIS student submission and Student Cross Reference

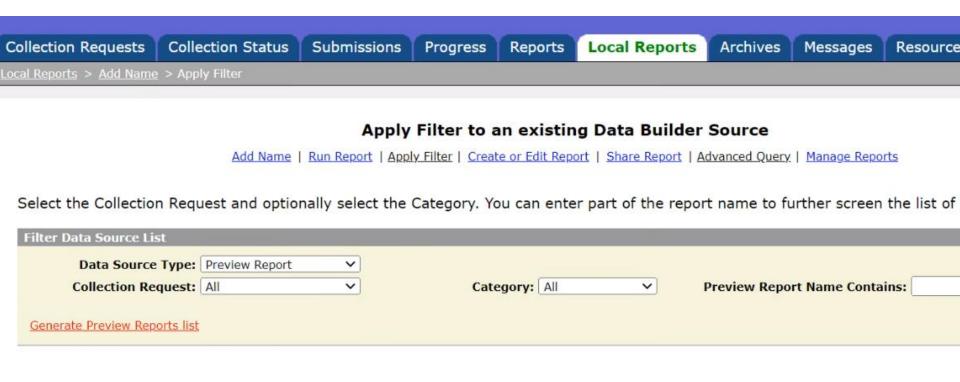

- Equivalent of old Staff-Demo report
 - Combine data from staff employment (CK) and staff demo (CI) records
 - In FY24, add in contracted staff
 - Use to check for
 - Missing staff
 - FTE issues
 - Extra staff
 - Salary information

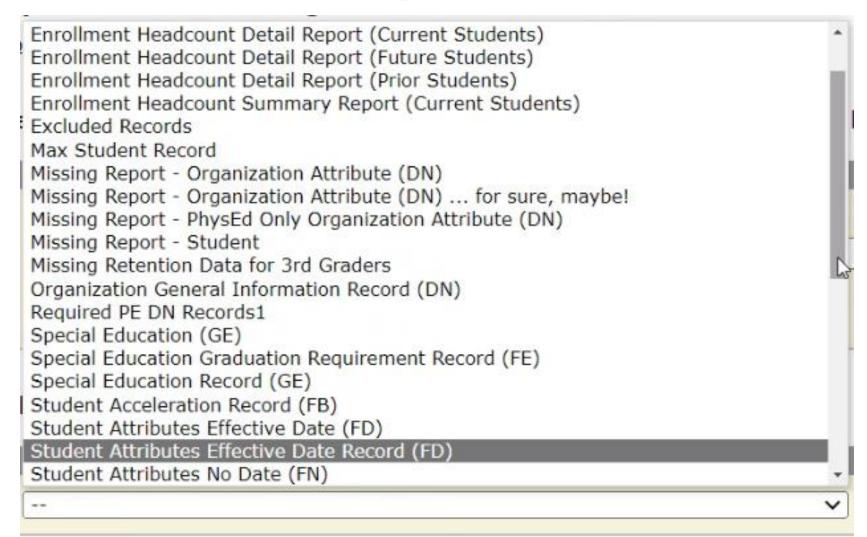

- No status known Grad and SWD follow-up
 - -Filter down follow-up result reports to show students who still have a totally unknown status
 - Your district has not reported
 - Another district has not reported
 - Student not found on external file sources
 - –Use for last push to reach students and find out what they are doing!

- Special Ed Events of IEP No Fund students
 - Identify dates where funding not received, along with he special ed events being reported
 - –Do we need to add an NIEP to receive funding?
 - –Are there events missing for this student?

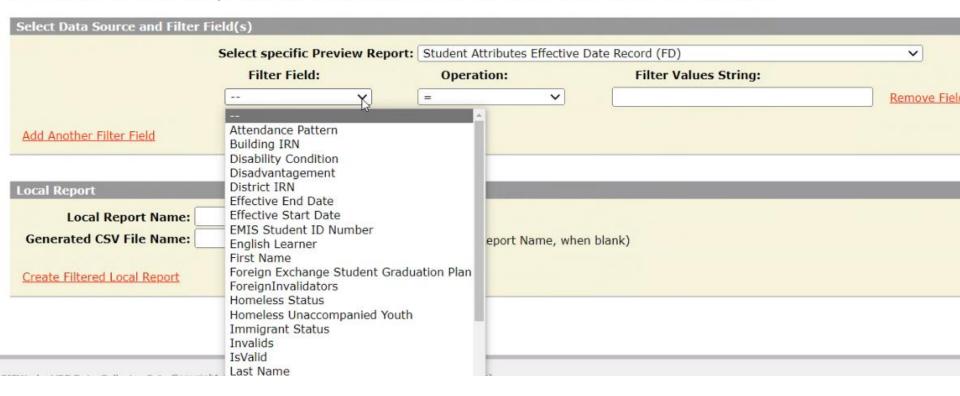

- Mismatch between main EMIS student submission and Student Cross Reference
 - Often look at SCR first, but main S submission is what matters for funding
 - –Are students missing from one collection or the other?

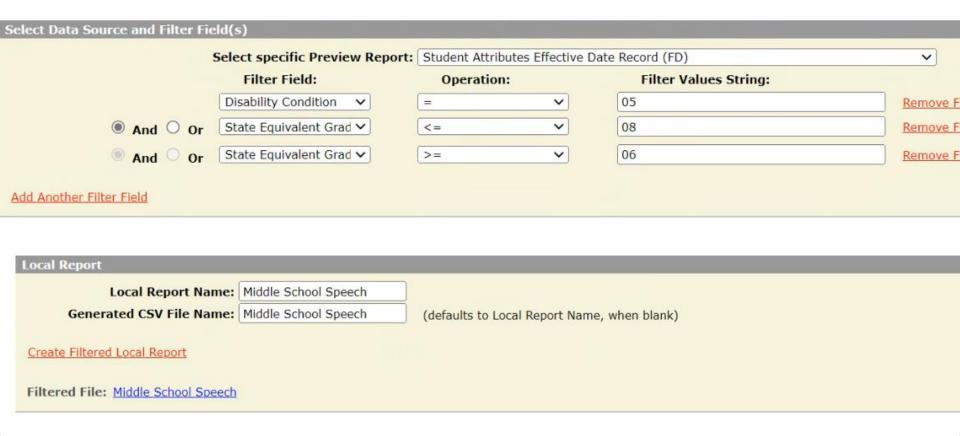

Select a Filter Field and the operation and value on which to filter. You can select more than one Filter Field.

Some Report Ideas...

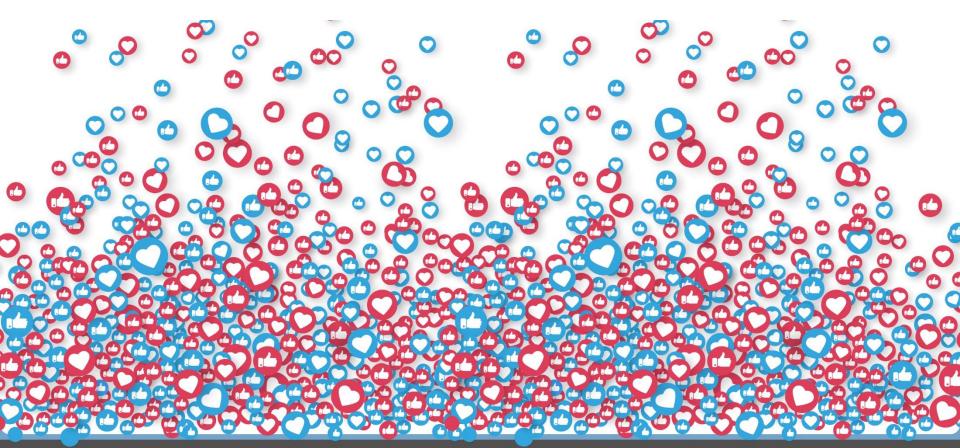

- Separate follow up student lists by area
 - -Upload an address file to create a mailing list
- Follow up students I share with my JVSD
- Combine my assessment missing list with a SIS attendance report
- Combine my assessment missing list with a report from the assessment vendor
