

EMIS General Training Q & A
June 2024

Below are some of the questions that were asked during the EMIS General Training sessions held between June 5 and 10, 2024. The questions are in order by topic and include the answer and, in many cases, a link to EMIS documentation where the information can be found. Questions received via Teams Chat and the phone have been included. These Q&A documents, as well as training schedules and presentations, are available on our [EMIS Training webpage](#). Note that the [EMIS Manual](#) continues to be the authoritative source for EMIS reporting guidance.

Remaining FY24 Reporting – Student

- Q1** *In a shared student situation, which entity reports the diploma data—the resident/sending district or just the district where the student was educated?*
- A1** Only the entity issuing the diploma reports the diploma data in the Graduation (G) Collection.
-
- Q2** *A student who was withdrawn with a reason of 73 in FY23 has now completed graduation requirements. He did not attend at all in FY24. Can the Updated Exit Status (FS380) be used to update the withdrawal reason to 99? If not, how can we report the student as a graduate?*
- A2** The Updated Exit Status is not reported in this situation. This student would be reported as a Grad Only student in the Graduation (G) Collection with the diploma data designating the student as a graduate and nullifying the 73 withdrawal reason. See [EMIS Manual Sections 2.4 and 2.6](#).
