

## EMIS Release Notes- Updated Manifest

**Collection Request Name:** DORP Assessment Collection (FY20)

**Description of Change:** This collection now requires all records to be reported with a day value. All records must have a value reported in element, Test Day of the Month (FA212). A new fatal error, FA.0024 has been added to catch invalid or missing test dates. Any test submitted with a prior year test date will continue to be excluded.

**Planned Availability Date:** 11/21/2019

**Version Number:** 2

**Updated Version Requires:**

- **Starting a new/restarting the current collection of data?** Yes
- **Running a new prepare of the collected data?** Yes
- **Replacing any data already submitted to ODE with a new submission?** No

**“Updated Version Requires” Additional Information:** All districts should re-collect and resubmit using this version.

**Known Issues Resolved:** None.

**New or Updated Level 1 Validation:**

Added a new Fatal Error, FA.0024 The test date is invalid.

**New or updated reports:** Missing Report-DRP Growth Assessment Collection FY20

After a prepare of your collection, the test date column on the missing report will be populated for all records having an FA Status value = 'Fatal'.
