

Previous Year District IRN

Record Field Number	FN400
Definition	Indicates the IRN of the Ohio school district where the student resided during October count week of the prior school year. This element is only to be completed by community schools/STEM schools for students who were not enrolled in an Ohio EMIS reporting entity the prior year, or for situations where the current school determines that the IRN assigned by ODE for the prior year is incorrect.

VALID OPTIONS

***** Not Applicable
 Six-digit code Valid District IRN

REPORTING INSTRUCTIONS

City, local, exempted village, JVSs, ESCs, State Schools for the Deaf and Blind, and Department of Youth Services may report “*****” for all students. Community and STEM schools will use this value when the school agrees with the IRN determined by ODE as a part of the FLICS system.
