[OHIO REVISED CODE](#) and [OHIO ADMINISTRATIVE CODE](#) require districts to report data to EMIS and to verify and approve all EMIS data. It should be reviewed and verified prior to the close of the [DIFFERENT DATA COLLECTIONS](#). This verification should include all relevant reports, including those in the Secure Data Center (SDC).

The Secure Data Center (SDC) is an interactive tool that allows districts to review data before its final and the Report Cards are released. **The SDC is the main resource districts should use to review Report Card Data but not inclusive please verify all relevant reports from EMIS.**

Introduction

The Ohio Report Cards provide a comprehensive overview of student enrollment across various educational settings, including **Traditional Districts**, **Dropout Prevention and Recovery (DPR) Schools**, and **Career Technical Planning Districts (CTPD)**. These measures capture the diverse educational choices, such as enrollment in community schools, participation in scholarship programs, and attendance in specialized programs. By examining these enrollment metrics, stakeholders can gain insights into student mobility, school choice options, and the effectiveness of different educational pathways in meeting the needs of Ohio's diverse student population.

Student Enrollment

The Traditional Report Card and DPR Report Card include all students enrolled in the district or school in grades preschool-high school (including Grades 13 and 23). Student counts are disaggregated by student group.

School Choice Options: Place of Enrollment for Students Residing in A District Measures

The Traditional Report Card includes the School Choice Options report which is a series of nine counts that describe the places of enrollment for students residing in each school district. These figures are not required to be reported but Ohio Revised Code Section [3302.034 \(A\)](#) allows the state Board of Education to include additional information on the report card (at their discretion). The board has chosen to include the data for all traditional public districts.

The School Choice Options report provides readers with an understanding of the number of students who are partaking in enrollment options either at their district of residence or in a district other than their own. The data does not reflect the quantity or quality of options within each category. Knowledge of school locations, enrollment policies, and voucher qualifications would be required to achieve a full understanding of school choice.

COUNT 1. STUDENTS ENROLLED IN THE DISTRICT WHERE THEY LIVE

This is the count of students receiving educational instruction from the public school district of residence.

COUNT 2. STUDENTS ENROLLED IN ANOTHER PUBLIC DISTRICT THROUGH OPEN ENROLLMENT

Open Enrollment allows a student to attend a public-school, tuition-free, in a district other than the district of residence. A district may elect not to participate in open enrollment or create policies allowing students living in adjacent districts or statewide to enroll. For this count, independent STEM districts are treated as open-enrollment districts. For more information, refer to the Department webpage on [Open Enrollment](#).

COUNT 3. STUDENTS ENROLLED IN ANOTHER PUBLIC DISTRICT BY MEANS OTHER THAN OPEN ENROLLMENT

For this count, reasons “other than open enrollment” by which a non-resident student can attend the district include foster placement, institutional placement, senior year exception, parent as district employee, superintendent agreement, and several other situations.

COUNT 4. STUDENTS ENROLLED IN AN ONLINE COMMUNITY SCHOOL

An Ohio E-school is an online Ohio public school. This count includes enrollment in both statewide and district-sponsored online community schools. Enrollment may be limited to students residing in the sponsoring or surrounding districts. This count includes online Dropout Prevention and Recovery programs. For more information, see the Department webpage, [E-Schools](#). Note: These counts only include students attending a community school designated as an online school. Students attending an online school owned by a traditional district are included in Count 1.

COUNT 5: STUDENTS ENROLLED IN A SITE-BASED COMMUNITY SCHOOL

Most community schools are site-based schools, also known as “brick and mortar” schools. Enrollment policies at these public schools vary by sponsoring entity, educational model, or other criteria. This count includes site-based Dropout Prevention and Recovery Programs. For more information see the Department webpage, [Community-Schools](#).

COUNT 6. STUDENTS ENROLLED IN A DROPOUT PREVENTION AND RECOVERY PROGRAM (ONLINE OR SITE-BASED)

Dropout Prevention and Recovery Programs are community schools that primarily serve students 17 and older who have previously dropped out of school or at-risk for dropout. Dropout Prevention and Recovery Programs can be either site-based or E-schools.

COUNT 7. STUDENTS PARTICIPATING IN THE EDCHOICE SCHOLARSHIP OR CLEVELAND SCHOLARSHIP PROGRAM

The EdChoice Scholarship Program provides state-funded scholarships to students in K-12 who attend or assigned to attend a designated, low-performing public school. The voucher is used for a participating private school. For more information see the Department webpage, [EdChoice Scholarship Program](#).

A separate but similar program, the Cleveland Scholarship Program, gives students who reside in the Cleveland Municipal School District the opportunity to attend private schools in Cleveland. For more information see the Department webpage, [Cleveland Scholarship Program](#).

COUNT 8. STUDENTS PARTICIPATING IN THE EDCHOICE EXPANSION PROGRAM

Students not assigned to an EdChoice-designated public school, can apply for a voucher through EdChoice Expansion. It is available to students whose family income was at or below 250% of the Federal Poverty Guidelines, or renewing an existing application, at or below 400% of Federal Poverty Guidelines.

COUNT 9. STUDENTS PARTICIPATING IN THE OHIO AUTISM SCHOLARSHIP OR JON PETERSON SPECIAL NEEDS SCHOLARSHIP PROGRAM

Both the Autism Scholarship Program and the Jon Peterson Special Needs (JPSN) Scholarship Program give the parents of children with autism or disabilities, the choice to send their child to a special education program. The program is not operated by their school district of residence that provides services outlined in the individualized education program (IEP). For more information, see the Department webpage, [Jon Peterson Special Needs Scholarship Program](#).

Headcount of Students Participating in Career-Technical Courses Measure

The CTPD Report card includes the Headcount of Students Participating in Career-Technical Courses Measure. It provides a comprehensive overview of student participation in courses aligned to workforce development programs. These measures track the number of students enrolled in state-approved CTE courses, ensuring they receive the necessary technical skills and academic knowledge for future careers. By monitoring enrollment, schools can assess the effectiveness of programs and make data-driven decisions to enhance educational outcomes. The focus is on equitable access, opportunities for all students, and preparation for successful transitions into post-secondary education or workforce.

The Headcount of Students Participating in Career-Technical Courses measure reflects the number of students who were funded in a career-tech course aligned to a workforce development program with a curriculum code of VM, VN, VP, VT, or PS (Career-Tech College Credit Plus). The measure excludes the courses coded as Family & Consumer Science, Career-Based Intervention, Senior-Only Credential and V3 curriculum. Student counts are disaggregated by student group and the CTPD member district sending the student for career-tech coursework. Since the counts are based upon the district that sent the student for coursework, rather than educating district, Joint Vocational School Districts are not listed. In addition, any students who were sent by a district outside of the CTPD, would be counted as sent by an “Other” district.
