Step 4 – Locate the My Apps section if you have accessed the application tile before

The first section of the OH|ID homepage is the My Apps section. This section houses tiles for applications that you have previously accessed. If you have already gone through the setup process for the tile you wish to access, click on the appropriate tile from within the My Apps section to launch the application.

If you have not previously accessed the application, move to Step 3 to learn how to set up a new application.

*Please note that this screenshot shows a representative example of an OH|ID dashboard. The tiles on each dashboard may vary.
Step 5 – Locate the Available Apps section if you have not accessed the application tile before

The next section of the OH|ID homepage is the Available Apps section. This section houses tiles for applications that you are able to access to but have not yet configured. To request access to an application, click on the tile for the application you wish to access.

Additionally, you can utilize the Search bar to filter the tiles in the Available Apps section.

*Please note that the following steps show the application set up for a representative example application and may not reflect the title or exact process of the application you wish to access.*
Step 6 – Review and accept the Terms and Conditions

After you click on the tile, the terms and conditions for the application will pop up.

Once you have scrolled to the bottom of the pop up, click the box next to “I Agree.” A checkmark will appear indicating you have accepted the terms and conditions.

After accepting the terms and conditions, click the “Request Access” button to request access to the application.

Step 7 – Return to the Applications menu

After submitting your access request, you will receive a confirmation email that your access request has been received and needs to be approved by the administrator.

Once approved, click the “Return to Applications” button to access the Applications menu.

For more information on how to launch an application that is already set up from that page, please visit Step 2.
