Canal Winchester High School
Canal Winchester Local School District

### Year One in Review

**August Kickoff Ceremony**
The collaboration with districts will serve us well as we navigate the HS Redesign Process. The work that must be done for implementation will be challenging, but we are thankful we have the support of ODE and Johns Hopkins University.

**Post-Secondary Pathways Dec. 2019**
Canal Winchester will focus on 3E implementation—asking students to begin exploring Employment, Enlistment and/or Enrollment and an individualized path is created for each student. This is a fluid process as students will explore the E’s throughout each year.

**Organizing Adults and Students Oct. 2019**
Canal Winchester prioritized giving teachers a voice by meeting with them one-on-one to hear their thoughts, concerns, fears, hesitations and excitements. This process was the beginning of shifting mindsets and will provide us with a foundation as we move forward.

**Teaching and Learning Jan. 2020**
This lever allows creativity and strength based teaching & learning delivery. With intentional professional development, teachers can instruct through different platforms and collaborate with other teachers to improve learning outcomes for students.

### Focus lever/Evidence base

By effectively organizing adults, we will focus on the Teaching & Learning lever to keep students at the center of the 3E design to offer alternative pathways and individualized learning experiences.

### Needs Based Assessment

Canal Winchester students desire courses that reflect their interests through various learning platforms. Our staff is open to exploring alternative delivery methods as long as support is provided. As we move forward, a focus on relationships is critical.

### Proposed Activity

Implement the initial phase of our 3Edesign. Focus is on providing opportunities for innovation within our current schedule & building capacity for new learning platforms and courses. Staff and student task forces will form to prepare for the future.

“Staff and students feel empowered when they can choose their path for teaching and learning.”
