

Early Learning Assessment (ELA) Technology Mini Training Schedule

Registration for the Early Learning Assessment (ELA) Technology Mini-Training from February to June 2021 is now open through the Ohio professional Registry (OPR) at www.registry.occrra.org. This three-hour training is only open to individuals who have completed the **9-hour Early Learning Assessment (ELA) training**. This training will instruct teachers on the use of the Ready for Kindergarten Online System to assist in scoring, tracking, and analyzing Early Learning Assessment data as well as providing guided practice. This session does **not** serve as the foundational training for the Early Learning Assessment.

Participants will be required to complete and pass two assessments during the training: a Simulation Exercise and a Content Assessment. Do not register for this training if you have already **completed these two assessments**.
