9. Under the grant name, click on Budget. Once the budget screen appears, budget the funds in the appropriate object and purpose codes provided. You can find the uses of funds by object and purpose codes in the Uniform School Accounting System (USAS) User Manual. If you have questions regarding how an expense should be budgeted, contact the Ohio Department of Education’s program office for that expense.

Note: Expenses that are not budgeted properly may result in unallowable costs. When you have completed the budget page, make sure the remaining amount is zero, meaning all funds are allocated. Utilize the Save and Go To function to move to the next page – this will take you to the Budget Details page for a particular grant.
16. Complete any other necessary screens to complete your application. Check with the program office consultant if you have questions on what areas of the application are required.

17. Utilize the Save and Go To function to move to the Sections page.

The Validation function automatically checks the application for grant requirement errors whenever you change the status of the application. The system will display the current validation messages on the Funding Application Sections page. If there are no errors, the validation column on the Sections page will be blank. If there is an error, the system will display Messages. When you click on the Messages link, you will see a list of errors/omissions. Click on the error or warning message and the system will move to the pertinent page that requires updating. Use the Help screens or the Doc Library to correct errors. Once the errors have been corrected, the system will be automatically update and the validation message will be removed on the Sections page.

18. When you have completed and validated the grants in the Funding Application and checked all pages for accuracy, the status of the Funding Application maybe changed. On the top of the Applications Sections page click Draft Completed. This will activate an email to the fiscal representative for approval of the application.

19. The treasurer or fiscal representative for your program must log in to his/her SAFE account to access the CCIP and approve the Funding Application. The treasurer or fiscal representative places the cursor over the Funding left menu button and clicks on Funding Application in the fly-out menu. After reviewing the application and budget at the top of the Funding Application Sections page for accuracy, the district’s fiscal representative clicks Fiscal Representative Approved. This will activate an email to the authorized representative for approval of the application.

20. The authorized representative for your program must log in to his/her SAFE account to access the CCIP and approve the Funding Application. When the authorized representative approves the application, by changing the status to Authorized Representative Approved, the system submits the application to the department and sends a message to the department specialist for review.

IMPORTANT: Your application is not submitted for review and approval by the department until both the fiscal representative and the authorized representative at your program have changed the status to Approved.

SUBSTANTIALLY APPROVED DATE (SAD)

This is the date a grantee is legally allowed to begin obligating grant funds (See chart under obligation’s definition for information regarding when obligations are made). When the grantee submits an application to the department as Authorized Representative Approved, in substantially approvable form, it is substantially approved. The date the application is submitted in substantially approval form becomes the grantees Substantially Approved Date and as of this date, legal obligations can be charged to the grant for expenses that meet the budget and grant requirements for the allowable use of funds.
The State may not authorize an applicant for a subgrant to obligate funds until the later of the following two dates:

1. The date that the State may begin to obligate funds (July 1) under Edgar 76.703; or

2. The date that the applicant submits its application to the State in substantially approvable form.

You can view the grants original substantially approved date on the project summary page or by navigating to the sections page for Revision 0 and then clicking on “Substantially Approved Date” at the bottom of the Page.

Note: A separate Substantially Approved Date will apply to any budget revisions. You are able to charge obligations in accordance with the revised budget as of the revised budgets substantially approved date.
