## Information Relevant to the May Payment

- Enrolled ADM and all categorical data (special education, English learners, CTE and economically disadvantaged students) is based on information compiled as of May 4, 2026.
- The May payment included the third payment for dropout recovery E-schools that have elected to participate in the Hybrid Funding Program in FY2026. The Hybrid Funding Program is outlined in ORC 3317.22. These payments are made using JV97.
- FY2026 Transportation ridership data was updated for the May payment.
- The May payment included the fifth installment of the Quality Community School Support Fund payments for FY2026. The statewide appropriation for this is $115,000,000 for FY2026. Since the May payment exceeded this amount, it was prorated at 80.589310%. Payments for eligible community and STEM schools will be calculated and disbursed monthly for the remainder of the fiscal year. For questions about eligibility, please consult the Office of Community Schools.
- Disadvantaged Per Pupil Impact Aid (DPIA) is calculated using a formula that consists of 75% FY2025 Economically Disadvantaged (ED) Average Daily Membership (ADM) and 25% FY2026 Directly Certified students. Per HB 434, the weighted Economically Disadvantaged ADM cannot exceed the Enrolled ADM for a community school. In the case where the Weighted ED ADM exceeded the enrolled ADM, the Weighted ADM is constrained to the Enrolled ADM amount.
- Facilities funding was paid at $1,000 per FTE for brick-and-mortar community schools and $25 per FTE for e-schools. The total appropriation for facilities funding is $90,155,000. Since the May payment exceeded this amount, it was prorated at 98.14863666%.
