RE: Fiscal Year 2018 November #1 Foundation Payment

DATE: November 9, 2017

Provisions of Am. Sub. H. B. 49 govern the calculation of the FY 2018 foundation formula. All funding calculations are based on the parameters specified in this new law although from the start of the fiscal year through the September #2 payment, payments were based on the FY 2017 calculations.

General Information on the Foundation Payment Report

Foundation payments are calculated twice a month. This letter, generated with each foundation payment, provides specific details about updates to payments, including deductions, adjustments, and transfers. We strongly encourage you to read this letter as it answers many of your questions on your foundation payment and it provides links to all the payment reports.

School Finance Payment Report (SFPR)

The SFPR displays every step of the funding calculation. There are two pages to the report: A 'Summary' page that lists each component of the formula as well as some additional aid items with several funding transfers and adjustments; and a 'Payment Detail' page that provides all the data elements, factors and parameters that are utilized in funding calculations. There are two columns of numbers on the Summary page report: Calculated Funding and State Funding. For school districts whose total funding is subject to the funding cap the amount shown in the State Funding column is lower than the amount shown in the Calculated Funding column.

Foundation Funding Components that make up the foundation formula are:

- A. Opportunity Grant
- B. Targeted Assistance
- C. K-3 Literacy Funding
- D. Economic Disadvantaged Funding
- E. Limited English Proficiency Funding
- F. Gifted Education Funding
- G. Transportation Funding
- H. Special Education Additional Funding
- I. Capacity Aid
- J. Graduation Bonus

- K. Third Grade Reading Bonus
- L. Transitional Aid Guarantee
- M. Career Education Technical Funding
- N. Cap Offset Amount

The sum total of these funding components amounts to the total funding of the district. Each one of these funding components targets funds to all or subsets of students and for specific programs. The transitional aid guarantee ensures that each school district receives at least as much as the guarantee base provides regardless of the operation of the foundation formula. Total funding is also subject to the funding cap that under certain circumstances limits the operation of the foundation formula. For a detailed explanation of the funding formula please refer to the [Foundation Formula Line-by-Line](#) document.

Additional Aid Items (lines 'P' and 'Q') and Transfers and Adjustments (lines 'T', 'U', 'V', 'W', 'X' and 'Y') are calculated outside of the foundation formula.

The second page of the SFPR provides the details of the funding calculations that appear on the summary page and allows the user to verify funding amounts through the calculation steps.

Statement of Settlement

The Statement of Settlement shows the amount of funding by component, which is paid in each bi-monthly payment calculation. The bi-monthly payment amounts fluctuate based on the many data updates that occur during the course of the fiscal year. The number and amount of adjustments and transfers also change during the year. Funds are generally paid out on a percentage basis and they are recovered throughout the year over the remaining payments of the year.

School Districts

SFPR

Foundation Funding Components

- The SFPR calculation for this payment is based on provisions of Am. Sub. H. B. 49.
- The FY 2017 Final #2 payment file serves as the basis for the calculation of the guarantee and the funding cap.
- Per-pupil amounts and other funding parameters that form the bases of the funding calculation are all for FY 2018.

- The state share index used in the calculations is for FY 2018 calculated based on appropriate data as provided in Am. Sub. H. B. 49.
- With the exception of CTE FTE data, all school age FTE data including Open Enrollment and Other Adjustments are from compilations for FY 2018 as of 10/31/2017. With the October #2 foundation payment, we started calculating the FY 2018 SFPR based on FY 2018 FTE data.
- CTE FTE data used in the calculations are still from FY 2017 as compiled on 08/29/2017.
- Regular education transportation calculation is based on FY 2016 T2 and FY 2017 T1 data.

Additional Aid Items

- Preschool funding for school districts is based on FY 2017 data submissions as of 08/29/2017 and FY 2018 parameters.
- Special education transportation calculation is based on FY 2016 data as of 05/10/17.

Transfers and Adjustments

- Education Service Center Transfer reflects the per-pupil transfer amount (\$6.50 etc.) applied to the FY 2017 Report Card count of the students and the new FY 2018 contract amounts received so far.
- Open Enrollment Adjustment is based on FY 2018 data.
- Community School Transfer reflects the FY 2018 community school deductions from the October community school payment file.
- STEM School Transfer reflects the FY 2018 STEM school deductions from the October STEM school payment file.
- Scholarship Transfer reflects estimates from the Scholarship office through EMIS based on FY 2017 data for Jon Peterson and EdChoice programs as reflected in the FY 2017 Final #2 payment file.
- Other Adjustments reflect updated FY 2018 school age data as of 10/31/2017 for the calculation of all adjustments except CTE funding which is still based on FY 2017 data as of 08/29/2017.

Statement of Settlement

Statement of Settlement reflects the components of the FY 2018 foundation formula as they appear on the SFPR plus all the adjustments and transfers for FY 2018 that are applied to the districts' funding. The report generally employs two different approaches to payments and recoveries: The percentage approach and the remaining payments approach. In this payment:
