

State Foundation Payment Letter

Fiscal Year 2024 April #2 Traditional School District, ESC and CBDD Payment on April 19, 2024

General Information on State Foundation Payments

Foundation payments to traditional school districts, educational service centers and boards of developmental disabilities are calculated twice a month. This letter, generated with each foundation payment, provides details about updated payments to these entities including deductions, adjustments, and transfers.

The recently enacted state budget (Amended Substitute House Bill 33 of the 135th General Assembly) included several changes to the calculation of state foundation funding. The implementation of the budget changes has been fully implemented.

Known Issues and Updates in this Payment

- The FY24 rider capacity target for each district has been updated to reflect FY24 transportation data in the April #2 payment. This lowered the funding for some districts, increased the funding for some districts, and had no impact on funding for other districts.

Education Service Centers (ESC)

ESC funding comes from 2 sources:

1. **State** – Funds are distributed as follows:
 - a. State Operating Subsidy –Each ESC receives a base amount of \$356,250 plus \$24.72 times the number of students in excess of 5,000 up to 35,000 and an additional \$30.90 times the number of students in excess of 35,000. 50% of the difference between this calculation and the Funding Base (FY 2020 funding) is added to the Funding Base to get to the State Operating Subsidy. The funding bases were updated to reflect the new FY2024 district/ESC alignments with the November #2 payment.
 - b. Gifted Unit Funding – Each ESC with a state approved gifted unit for FY 2024 as of 4/9/24 receives this funding. This payment is distributed based on 97.05% of the calculated amount to stay within the appropriation.
 - c. FY 2023 T- 2 data used in Special Education Transportation funding calculation is based on compilations as of 12/11/2023. The calculated funding amount is prorated to 91.51% to stay within the appropriation.

2. **Local** – Funds are transferred from school districts to ESCs for the following purposes:
 - a. Per-Pupil Transfer – Each ESC receives \$6.50 per-pupil or an alternative amount per-pupil based on the enrollment of client school districts. The enrollment figure is extracted from the FY 2023 Report Card.
 - b. Preschool special education funding is based on the parameters for the calculation of preschool funding for client districts and the count of preschool children for FY 2024. This payment is distributed based on 91.67% of the calculated amount to stay within the appropriation.
 - c. ORC Section 3313.845 contracts are based on FY 2024 data as of 4/9/24.

County Boards of Developmental Disabilities (CBDD)

CBDD funding comes from 2 sources:

1. **State** – Funds are distributed as follows:
 - a. School Age Special Education Funding –Each CBDD receives this funding based on FY 2024 parameters and FY 2024 data as of 4/9/24.
 - b. FY 2023 T- 2 data is used in Special Education Transportation funding calculation based on compilations as of 12/11/2023. The calculated funding amount is prorated to 91.51% to stay within the appropriation.
2. **Local** – Preschool Special Education Funding – Funds for preschool special education funding are transferred from client districts based on the calculation of preschool funding for client districts and the count of preschool children for FY 2024. This payment is distributed based on 91.67% of the calculated amount to stay within the appropriation.
