Fiscal Year 2026 September #2 Traditional School District, ESC and CBDD Payment on September 26, 2025

General Information on State Foundation Payments

Foundation payments to traditional school districts, educational service centers, and boards of developmental disabilities are calculated twice a month. This letter, generated with each foundation payment, provides details about updated payments to these entities including deductions, adjustments, and transfers.

The recently enacted state budget (House Bill 96 of the 136th General Assembly) included several changes to the calculation of state foundation funding. In general, the changes do not significantly alter the structure of the foundation payments to traditional public school districts, Educational Service Centers, and County Boards of Developmental Disabilities. Some of the changes provided for in the budget are reflected in the first payment of Fiscal Year 2026. These include, the increase in the **phase-in percentage to 83.33%** and the per-pupil amount of \$3.00 for Career Awareness and Exploration for CTPDs. All appropriation limits increased starting with the first payment of the fiscal year.

The following provisions of the new budget will be reflected starting with the FY26 October #1 payment.

- Disadvantaged Pupil Impact Aid will use weighted economically disadvantaged ADM.
- Increase in Minimum State Share for Transportation to 45.83%.
- Supplemental Targeted Assistance and Gifted PD elimination.
- New Base Cost Funding Supplement of \$27 per student.
- New Enrollment Growth Supplement for traditional districts.
- New Performance-Based Supplement for traditional districts.
