October 15, 2013	April 14, 2014

December 12, 2013	June 12, 2014

Community School Payment Report

The January foundation payment is calculated using the new FY2014 formulas, using reported FY2014 data for all enrollment data. However, the calculations use FY2013 data for career-technical education and transportation.

The January payment report is a comprehensive "School Finance Payment Report" (SFPR), which has replaced the Bridge Report. This new report is designed to walk the user through every step of the funding formulas and showing the FY2014 payment calculations per the FY2014-15 budget bill, Am. Sub. H.B. 59. This month, an updated and improved SFPR detail report is available. However, the old version of the detail report is also available for the time being, for reference. In future months, only the updated detail report will be available.

The January payment is based on the following data:

- Career tech funding is based on the CTA course data entered in the FY2013 October EMIS records and the matching FY2013 career tech data entered in the SOES system.
- Opportunity Grant, Targeted Assistance, Special Education, Limited English Proficiency, Economically Disadvantaged, and K-3 Literacy funding are all based on the enrollment data provided in December through SOES.

(877) 644-6338 (888) 886-0181 (TTY) • However, the targeted assistance per-pupil amount and economically disadvantaged index that are applied based on the each student's resident district, are calculated based on the resident district's FY2014 October data.
