UpStage is an open source platform for cyberformance: remote performers combine images, animations, audio, webcams, text and drawing in real-time for an online audience. All you need is a web browser!

11:11:11 UpStage Festival

The 11:11:11 UpStage Festival has just ended! The shows were great, the nodes were great, and now we must have a little rest before we organise the documentation...

The full schedule is still available here, along with all the other festival information.

Recent News

» Avatars enjoying the 11:11:11 Festival

Thanks again for the incredible effort by everyone involved in the festival to make it such a great event! Osprey Theiran hosted a node in Second Life [thanks to Salazaar Jack for the venue!] here's a glimpse of how things went for her and the audience...

» 11 shows, 11 nodes, 11 everything!
Welcome to Google Lit Trips!

A Whole New Way to Appreciate Great Literature!

SNEAK PEEK!
Take a look at this short video for a sneak peek at some coming attractions planned for the Google Lit Trips project.

NEW Sign up for our mailing list to get free automatic updates for your Google Lit Trips the very moment they are updated or revised.

NEW Reading About Reading blog. A collection of thought provoking links for anyone interested in the importance of having a well-read society. Hopefully, you'll find your own thoughts either supported or challenged by the ideas expressed in these articles. Each entry will include a discussion starter or two and a link to submit your thoughts on the day's topic.
Macbeth by William Shakespeare
