<p>Ohio LEA's will have access to DRC's Customer Care team. Members from Customer Service, Scoring Service, Research, Technology, Publishing, and Product Management form our core Customer Care team. Working together, this team ensures that every customer receives personal, helpful, and timely response regardless of whether service is requested though the website, email or through a phone call.</p> <p>DRC provides training, staff development workshops, and post-data workshops to ensure that customers administer the TerraNova suite of assessments properly and understand and use test results effectively. In addition to staff development workshops DRC also provides customer phone and email support during test administrations.</p> <p>The DRC Scoring Team also works with customers across Ohio and the country before, during, and after test administration to ensure that student data is properly prepared, scored, and delivered efficiently. DRC provides accurate and dependable results with the TerraNova, Third Edition series of standardized achievement tests. The results of this assessment can be translated into valuable information for decision making to assist educators in improving student learning and knowledge, and in this case in measuring student growth over time. TerraNova, Third Edition motivates students to perform using engaging content reflecting real world situations that aligns to both national standards and the Ohio Learning Standards.</p>

Approved Assessments 2022-2023

TerraNova, Third Edition utilizes the most up to date measurement research for bias reduction and Item Response Theory, resulting in a valid and reliable assessment that meets rigorous psychometric standards. In addition to being on the approved list as an alternative assessment for the Third Grade Reading Guarantee, TerraNova, Third Edition is currently on the state approved list for Alternative High School Assessments for Graduation. Cut points have already been approved and published by ODE for each of the content areas. Finally, TerraNova, Third Edition is also approved in Ohio as a reliable and valid measure for gifted identification. TerraNova is used to identify specific academic ability.

DRC supports large-scale assessments with timely customer response and ethical practices. DRC has a dedicated team of resources for responding to any and all customer inquiries. Your local team includes an Ohio based Assessment Solutions Consultant, Jon Weiss, and a regional sales consultant, Ryan Nelson, who provide consultative direction during all aspects of implementation. We look forward to supporting Ohio in your expectation of excellence.
