Introduction

The Department of Education and Workforce's (DEW) Ohio School Sponsorship Office was created to perform the sponsorship activities for the Ohio Department of Education and Workforce. The Ohio School Sponsorship Office (OSS) seeks to ensure that all schools sponsored by the Department are aligned with the Department's priorities and the core principles of equity, partnerships, and quality schools.

The Ohio School Sponsorship Office, as a statutorily created office, must follow the mandates of ORC 3314.029 including to follow the requirements related to accepting applications and awarding contracts to schools. Applications that follow the Department's strategic plan, the Department's core principles, and the requirements of ORC 3314.029 are sponsoring priorities.

Any school that applies must agree to comply with the following requirements:

- Be a nonprofit corporation or a public benefit corporation;
- The school governing authority must attest that it has no unresolved findings for recovery issued by the Ohio Auditor of State;
- The school must be non-sectarian in its programs, admission policies, employment practices, and all other operations;
- The school cannot be operated by a sectarian school or religious institution;
- The school's teachers must be properly licensed;
- The school must comply with all laws and rules applicable to community schools; and
- The school's graduation and curriculum requirements must comply with Ohio law.

The school also must comply with the bond requirement set forth in ORC 3314.029(C) and post a bond or guarantee with the state superintendent of public instruction.

It is important to note that meeting eligibility requirements and submitting an application does not guarantee approval. The Ohio School Sponsorship Office follows a process and timeline provided by Section 3314.029 of the Ohio Revised Code. An application will be reviewed within 30 days of its submission. School Sponsorship will provide an initial response that either approves the application or notifies the applicant of any deficiencies. If deficiencies are noted, the applicant will have an additional 30 days to make corrections and submit additional documentation. The submission will be reviewed with a final decision being made upon completion of review.

Eligibility Terms

The Department of Education and Workforce Ohio School Sponsorship Office (OSS) encourages applicants to submit well thought-out applications with proven education models and innovative ideas that will provide a high-quality school of choice committed to serving students with diverse needs.

In order for an existing school to apply for sponsorship, the Continued Sponsorship Application or a Transfer School Sponsorship Application must be submitted. This Application is for new startup community schools only.

New school applications will be deemed submitted as of the date that the application and all supporting documentation are received by DEW OSS. An approved application is not a contract pursuant to Section 3314.029(B) of the Revised Code. After approval, a contract must be entered into between the DEW OSS and the school's governing authority to complete authorization of a new community school.

Please note that new start-up community schools do not receive advance payments on a projected enrollment number as in past years but will be paid on actual enrollments after school begins. Applicants must have the fiscal resources on-hand to cover the school's expenses during the initial start-up phase. This type of financial planning should be in place prior to submission of an application. Applications for new start-up community schools are accepted from any individual or group.

Instructions

All applicants should read the entire application before beginning to complete the required forms.

The application consists of the following sections/documents:

Education Plan Template

Please refer to the information below when completing the Education Plan sections. Each section provides guidance and identifies requested information relative to each application/question content area. The Education Plan should be no more than **thirty-five (35)** 8 ½ x 11” pages with one inch (1”) margins and font no smaller than size 10.

MISSION, VISION, AND KEY DESIGN ELEMENTS	
<i>All sponsored schools are expected to deliver academic programs that provide improved academic outcomes and education success for all students, as well as consistently meet state student performance standards as outlined by the statewide accountability system. The applicant's educational model should be grounded in the school's mission, vision, and philosophy and serve as the catalyst for success.</i>	
Mission Statement (what we do and why we do it) <i>Provide the mission statement of the proposed school.</i>	
Vision Statement (what we aspire to accomplish in the future) <i>Provide the vision statement of the proposed school.</i>	
Philosophy <i>Provide the beliefs and core values of the school.</i>	
How will the mission, vision, and philosophy be communicated to stakeholders and what are measures of success?	
Describe the Key Design Elements (replication or new model, grade level configuration, length of school day, instructional methods) that support the mission and vision and set the school apart from other programs.	
Describe the communities to be served, needs, and why this approach was chosen.	

CURRICULUM AND INSTRUCTIONAL DESIGN

The proposed education program should address the diverse needs of the student population and should be founded on an understanding of effective, evidence-based educational practices and high standards for student learning. The applicant should clearly identify the specific core and non-core standards to be taught, the curriculum model to be used within each identified grade band, and the level of evidence-based support for the curriculum model and instructional strategies as outlined in EdReports.org and/or What Works Clearinghouse (WWC), particularly for English Language Arts (ELA) and math.

Standards: It is expected that proposed schools align their curriculum, instruction, and materials with Ohio's Learning Standards (OLS) with a focus on college and career readiness - [Ohio's Learning Standards](#).

Will the school utilize Ohio's Learning Standards in all core and non-core content areas?

Yes ___ No ___

If the school does not plan to use OLS or plans to add additional standards to address their mission, please describe.

Curriculum: Detail the high-quality curriculum(s) to be used in all core and non-core content areas, including electives, Industry Credentialing, College Credit Plus, SEL (and outline if the school will use the Ohio Model Curriculum).

If not using the Ohio Model Curriculum but purchasing a developed curriculum (APEX™, textbook series, Write Brite©), describe the identification process and evidence-base for the selected curriculum(s), including the rating used by WWC or EdReports.org and **REQUIRED DEW HIGH QUALITY INSTRUCTIONAL MATERIALS FOR ELA**

<p><u>If</u> using a developed curriculum, explain how the chosen curriculum(s) aligns with Ohio's Learning Standards and how alignment was determined and identified gaps filled.</p>	
<p><u>If</u> not using the Ohio Model Curriculum but developing your own, particularly for ELA and math, explain the development process, who will participate, and timelines.</p>	
<p><u>If</u> intending to develop your own curriculum in any core and non-core areas, explain the process to ensure alignment to OLS and how alignment gaps will be filled.</p>	
<p>Career and College Success: Explain how the proposed curriculum aligns with DEW's guidance on preparing K-12 students for success after high school Career Connections Framework and, if a high school grade span, identify the proposed pathways to be offered to meet DEW Graduation Requirements.</p>	
<p>Pacing Guides and Mapping: Explain the purpose, process, data used, timelines, and who will be involved in the development of pacing guides and a curriculum mapping process to ensure students have adequate scope, sequence, and time to master the standards.</p>	

<p>Lesson Plan Template: Discuss the components of the school's lesson plan template, rationale, oversight.</p>	
<p>Instruction: Describe the <i>primary</i> evidence-based instructional methods/pedagogy employed to ensure effective implementation of the curriculum and a culturally responsive teaching and learning environment that is well-suited for your targeted student population (include rating used by WWC or EdReports.org).</p>	
<p>Explain how the school will implement explicit and systematic teaching of all components of structured literacy in all grades and content areas as supported by the science of reading research, Ohio laws, <i>Ohio's Dyslexia Guidebook</i> and resource guidance from SCIENCE OF READING DEW</p>	
<p>Describe how the school will promote student engagement utilizing evidence-based strategies (include rating used by WWC or EdReports.org), including work-based learning, career/college connections, etc.</p>	
<p>Outline how the school will develop sound student character, citizenship and civic understanding, social and emotional wellbeing and physical health (include rating used by WWC or EdReports.org).</p>	

<p>Explain how the school will ensure that the proposed curriculum and instructional methods support high standards of achievement for students with a wide range of needs and be accessible and appropriate for all students at all levels.</p>	
<p>Materials: Describe the instructional materials/technology that will be used to implement the curriculum in core and non-core areas (include rating used by WWC or EdReports.org and address all requirements related to DEW's High-Quality Instructional Materials in English Language Arts)</p>	
<p>Learning Environment: Detail the learning environment (s) that will be used to deliver the proposed curriculum model (physical space, virtual, teacher facilitated, independent study, work-based, learner-centered).</p>	
<p>Evaluation of Curriculum/Instruction Design: Explain the processes in place to evaluate the effectiveness of the curriculum model (impact) and successful implementation (fidelity), who will be involved, timelines, communication with stakeholders.</p>	

STUDENT PERFORMANCE ASSESSMENTS AND ACCOUNTABILITY PLAN

All sponsored schools are expected to meet the performance and assessment standards set by Ohio Department of Education and Workforce. Schools must consistently make progress in student achievement and other measures of success as outlined by the statewide accountability system and identified in the school's mission and vision. An integrated assessment system serves as the school's structure for measuring what students know and are able to do as a result of the delivery of curriculum and instruction. Most importantly, information from assessments serve to help determine what areas of instruction need additional time, the needs of individual students, the quality of instruction, decisions on improvement strategies, and the school's overall progress in meeting accountability goals defining whether the school is an academic success. Assessments are not "in addition to" but are an integral part of an effective teaching and learning model.

Standardized State Assessments: The school will administer all required Ohio State Assessments per [Ohio Revised Code Section 3301.0712](#) within identified timelines and reporting windows and report results to key stakeholders. **REQUIRED**

All required state assessments will be included in the school's assessment calendar, administered within required windows, and results shared with key stakeholders.

YES ____ **NO** ____

Nationally-Normed, Standardized and/or Criterion-Referenced Growth Measures: As required by Sponsor, describe the assessment tool(s) used to measure growth and achievement in ELA and math at least twice yearly, rationale for selection, and use of data to drive instructional planning (DPRs must follow [Ohio Revised Code 3314.017](#) and include growth measures in reading and mathematics from nationally norm-referenced assessments. The Star Reading and Star Math assessments from Renaissance are used for this purpose). **REQUIRED**

Universal Screeners: Based on Ohio's dyslexia support laws (ORC 3323.251), describe the specific and DEW approved universal screener [DEW Approved Dyslexia Screeners](#) administered to ALL students to determine which students may be struggling with reading skills, and include timelines and how data will be used and shared. **REQUIRED**

Diagnostics: Used with selected students identified by the Universal Screener as low, what tool(s) will be used to determine specific skills

<p>within a content area that are deficient that can guide decisions on how to support each student?</p>	
<p>Informal Assessments: What assessment tools will be used to quickly gauge students' understanding of the material covered in a lesson, identify any areas of confusion, and provide valuable feedback about the effectiveness of instruction?</p>	
<p>Performance-Based Assessments: Describe how the school will incorporate real-world problems, tasks, giving students opportunities to develop and apply knowledge and skills in settings that resemble authentic situations, i.e. capstone projects, group projects, portfolios, performances, internships, industry credentialing</p>	
<p>Inventories and Surveys: Describe assessment tools such as SEL inventories, career and college interest surveys, well-being surveys, and other forms of assessment used to address the needs of the whole child.</p>	
<p>Information System: Describe the information system the school will use to manage student performance data and identify staff member(s) responsible for warehousing the data, interpreting the data for classroom teachers, and leading or coordinating the PD to improve student achievement.</p>	
<p>ONE Plan is required by DEW and the Sponsor to be developed, monitored and evaluated as the primary accountability planning tool for the school. Describe the process that the school will use to collect and analyze student and adult performance data, set goals and action steps, monitoring progress, and quarterly report to key stakeholders. Please include identified planning structures (BLT, TBT) and how those groups will use data to drive decision-making, per DEW <u>ONE PLAN STEPS</u></p>	

Reading Improvement or Reading Achievement Plans are to be guided by student performance data and aligned to the school's One Plan, per [Reading Improvement/Reading Achievement Plan Requirements](#) for any schools with a K-3 grade band.

A DEW required reading plan will be developed and monitored, as appropriate, utilizing student performance data and aligned to ONE Plan goals, strategies and action steps.
YES _____ **NO** _____ **N/A** _____

AT-RISK STUDENTS AND SPECIAL POPULATIONS

The general education classroom needs to be responsive to the educational needs of all children and accommodate their needs. A multi-tiered system of supports is an educational framework, required in the state of Ohio by 3301-35-01 of the Administrative Code, to address progressively more intense, evidence-based supports for at-risk learners in both academics and behaviors. All sponsored school are expected to create a similar framework to ensure all students have the necessary supports to access grade level standards and expectations successfully.

Outline the school's multi-tiered intervention model for academics and behavior to address the needs of at-risk learners, including evidence-based strategies for each tier, timelines, and specific methods for both tracking and monitoring progress, as well as who will be involved, training, and communication to key stakeholders.

Explain systems and structures the school will implement for students at risk of dropping out of high school and/or not meeting the proposed graduation requirements, i.e. Early Warning System

Detail how the school will identify and meet the needs of special populations such as English Learners, homeless, and gifted per DEW requirements.

Describe how the school will identify and meet the learning needs of students with mild, moderate, and severe disabilities in the least restrictive environment aligned to [Special Education Laws and Requirements DEW](#). Specify the continuum of services you will provide aligned to IDEA (2004).

Describe any supplemental programs the school will provide that will support prevention/intervention and engagement beyond

the typical school day (extended day, summer school, extra-curricular, clubs).

BUILDING EDUCATOR CAPACITY

Sponsored schools are expected to recruit, retain, and support educators to successfully deliver the educational plan with fidelity and with attention to the mission and vision of the school. Research suggests that "sophisticated forms of teaching are needed to develop student competencies such as deep mastery of challenging content, critical thinking, complex problem solving, effective communication and collaboration and self-direction" (Darling-Hammond, 2017, p. 1). Leaders are accountable for not only the recruitment strategies to staff their schools with highly qualified educators but also have a central role in supporting evidence-based structures that nurture collective teacher efficacy. To this end, leaders need to adhere to effective professional development strategies outlined in [Ohio Standards for Quality Professional Development](#) and have access to networks to help them hone their own leadership skill sets.

Please attach an organizational chart for the proposed school, as well as

Organization Chart provided, as well as a narrative that describes roles and responsibilities and reporting structure of identified personnel.

YES _____ **NO** _____

Identify the staffing plan and provide the rationale for the plan to support effective and timely implementation of the Education Plan during the planning year and for all subsequent years.

Describe the formal and informal educator evaluation systems and timelines (frequency) to be used by the school for both teachers and leaders and how the data will be used to support ONE Plan goals and strategies to improve teaching and learning. Identify credentials and training for evaluators.

Identify the PD model(s) used and how the plan(s) will dovetail with identified Adult Indicators in the ONE Plan and be monitored and evaluated within the ONE Plan with attention to impact to classroom instruction and student performance goals.

Identify the strategies and timeline for recruiting and hiring teachers and leaders and key selection criteria relevant to the school design.

Describe evidence-based strategies used to successfully retain teachers and leaders.	
--	--

COMMUNITY-CENTERED MODEL

Sponsored schools are expected to develop meaningful and strategic networking relationships with families, educational partners, businesses, and community agencies that will address the needs of the students and enrich the learning experience. The school's model should empower students, staff, families and community to articulate a roadmap for schools and communities to co-create a shared vision of success.

Describe how the school will engage families and the community, particularly the disenfranchised, in the school and build school partnerships to strengthen support for learning.	
What community resources will be available to students and families and describe any partnerships the school will have with community organizations, businesses, or other educational institutions.	

SCHOOL CALENDAR AND DAILY SCHEDULE

Provide the proposed school calendar, including how parents and students will be notified. It must be comprehensive with professional development and assessment days, vacation days, and number of hours the school will be in session. The school calendar will need to be submitted annually by a due date established yearly for approval by the Sponsor and DEW.	Proposed calendar is attached. YES ___ NO ___
Provide a copy of the daily class schedule(s) showing daily hours of operation and allocation of time for core and non-core instruction, teacher planning, supplementals, extra-curricular, and after-school activities, as applicable.	Proposed daily schedule(s) are attached. YES _____ NO _____
