Transition Period			Begins	<u>10/9/</u> M/	<u>/06</u> Ends /D/Y		12/15/06 M/D/Y						
Strategies to ensure a successful transition:  Mr. Jones and Mrs. Allen will schedule math at the same time.  Mrs. Allen will be the "teacher of record" for Emily's math instruction.  Emily will not be required to complete any math activities in the 1 <sup>st</sup> grade classroom.  Ms. Cranston will meet weekly with Emily to determine level of success/satisfaction.  Ms. Cranston will meet weekly with Mrs. Allen to identify any problem areas. Emily's parents will be loaned copies of the 1 <sup>st</sup> , 2 <sup>nd</sup> , and 3 <sup>rd</sup> grade math textbooks for the duration of the transition period to help her at home. Emily will sit next to Jacob, Emily's friend and next-door neighbor, a third grader in Mrs. Allen's class, until she makes new friends in the 3 <sup>rd</sup> grade setting.  Strategies to ensure continuous progress following the transition period:													
Arrange online advanced math course (sixth grade level) for fourth grade year and fifth grade year (seventh grade level.)  Create educational option for Algebra 1 to be completed during seventh grade (or sooner if Emily is ready).  Satisfactory completion of online courses and educational options will be viewed as equivalent to completing traditional courses covering similar content for purposes of satisfying prerequisite requirements for enrolling in advanced high school math courses.													
Requirements and Procedures for Earning High School Credit Prior to Entering High School													
(if applicable)  High school credit will be awarded for Algebra I (and higher) courses and educational options Emily successfully completes while in middle school.
