

EdChoice Income Verification Helpful Tips

- **Applying for an EdChoice Expansion Scholarship it is a two-part process:**
 1. First, enroll in a participating private school. Submit the completed application and any other required documents to the school in which your child is enrolled. **Students' applications will not be reviewed until the Department of Education has received both the application and all income verification documents.**
 2. The second step is to complete the income verification process. Establish an OH|ID account and complete the income verification process. Find additional information in the [Income Verification Quick Guide](#).
(NOTE: Your child's private school can update you on the progress of your application. If you've created an OH|ID account, you may check the status of your application through the [OH|ID Portal](#)).
- **Use your child's name as it appears on their birth certificate:** Using a nickname or a shortened version of your child's legal name may delay review of the application.
- The person completing the Income Verification application is identified as "Head of Household" within the income system.
- **In the income verification system "Never Married" is the default setting.** Marital status can be adjusted by clicking the three blue dots next to your name. (Marital status is used only for informational purposes if you are using Adjusted Gross Income.)
- **Social Security Number (SSN 4):** The income verification system does not read the number zero. Numbers such as 7590 will read as 759 and 0769 will read as 769 in our system. You do not need to make any corrections to your SSN.
- **Adding Dependents:** Enter a comment on the household member line noting the dependent's name, date of birth and last 4 SSN. Upon review, the Department will add them to the application. A 1040 is required to be submitted to verify and add dependents.
