(Due Thursday, October 30, 2014)**

Name of School: _____ IRN: _____

Name of Authorizer: _____ IRN: _____

[Ohio law](#) defines dropout recovery community schools as those that primarily enroll students between 16 and 22 years of age who dropped out of high school or are at risk of dropping out of high school due to poor attendance, disciplinary problems or suspensions. Authorizers of conversion schools meeting the definition are exempted from the requirement to include the conversion community schools' data with the authorizing district's data for that district's Report Card. Additionally, conversion community schools that meet the definition receive the Dropout Recovery Report Card instead of the regular Report Card issued to all other public schools and districts.

To have the above-named conversion community school acknowledged as a dropout recovery school for the 2014-2015 school year, the authorizer and conversion school must make the following assurances to the Office of Community Schools no later than Thursday, October 30, 2014:

- The conversion school will primarily serve students between 16 and 22 years of age who:

 - are at risk of dropping out of high school for one or more of the above-mentioned reasons.

Additionally, the authorizer must provide excerpts from the conversion charter school's contract establishing that the school serves a dropout-recovery student population.
