

Individuals with Disabilities Education Act (IDEA) Monitoring Professional Learning Community 2025

INVITATION TO PARTICIPATE

START WITH THE “WHY”

This meeting will be a valuable tool for an educational agency in building a continuous improvement process that is focused on improving outcomes for students with disabilities. Participants will have the opportunity to hear from peer educational agencies regarding preparation for a monitoring review and ideas for improving special education programs.

HOW IT WORKS

Educational agencies who have recently completed-or are currently participating in an IDEA monitoring review will share their experiences, including working with multiple districts to develop a communication plan, creating improvement strategies through leadership and staff? changes, developing processes and documents as a result of the review process, and creating a process that tracks/supports students two years after graduation to ensure successful transition into the work force. Additionally, OEC will share information on IDEA Monitoring Tools and Resources, including the Learning Management System courses.

WHEN AND WHO

The meeting will be held on **October 1, 2025, from 10:00 a.m. -12:00 p.m.** virtually through Microsoft Teams. It is highly recommended for educational agencies who will be going through an IDEA Monitoring Review, or any school interested in learning more about the special education monitoring process and what other educational agencies are doing to improve their special education programs.
