(Name of State and official name of State agency)

am designated by the Governor of this State to submit this application for FFY 2020 funds under Part B of the Individuals with Disabilities Education Act (IDEA).

Description of Use of Funds Under Part B of the Individuals with Disabilities Education Act—20 U.S.C. 1411(e)(5); 34 CFR § 300.171

States must provide the Description of Use of Funds by completing and submitting the Excel Interactive Spreadsheet with the FFY 2020 Application.

Describe how the amount retained by the State educational agency under 20 U.S.C. 1411(e)(1) will be used to meet the following activities under Part B. (20 U.S.C. 1411(e)(1)-(3), (6) and (7)) The Department annually identifies for States the maximum amounts that a State may retain under Section 1411(e)(1) and (2). The dollar amounts listed in the Excel Interactive Spreadsheet by the State for administration and for other State activities should add up to less or equal to the dollar amount provided to the State by the Department for each of these activities.

Enter whole dollar amounts (do not enter cents) in appropriate cells on the State’s Excel Interactive Worksheet. The Excel Interactive Spreadsheet must be submitted as part of the State’s application.

Describe the process used to get input from LEAs regarding the distribution of amounts among activities described in the Excel Interactive Spreadsheet to meet State priorities. (20 U.S.C. 1411(e)(5)(B); 34 CFR § 300.704)

The State Director for the Ohio Department of Education Office for Exceptional Children (OEC) meets regularly with external stakeholders, who include but are not limited to the Ohio Association of Pupil Services Administrators, the Ohio Educational Service Center Association, the Buckeye Association of School Administrators, the Ohio Elementary School Administrators, and the Ohio Secondary School Administrators to obtain feedback regarding policies and funding priorities.

In addition, the Office for Exceptional Children meets regularly with its State Advisory Panel for Exceptional Children (SAPEC) comprised of parents of students with disabilities, Ohio school district representatives, state agency representatives, and other stakeholders. State Advisory Panel for Exceptional Children advises Office for Exceptional Children on policy needs, strategies, and funding priorities, and provides feedback on key initiatives.

The Office for Exceptional Children also works directly with sixteen regional state support teams. These state support teams provide technical support and assistance to school districts, parents and other stakeholders and advise the Office for Exceptional Children on regional needs and priorities throughout the state of Ohio.

Additionally, the Office for Exceptional Children coordinates a multitude of grants and projects in which the office collaborates with other agencies and stakeholders. Feedback from these activities assists the Office for Exceptional Children in targeting resources to specific areas in need of support.

Each State may reserve for each fiscal year not more than the maximum amount the State was eligible to reserve for State administration under this section for fiscal year 2004 or $800,000 (adjusted in accordance with 20 U.S.C. 1411(e)(1)(B)), whichever is greater; and each outlying area may reserve for each fiscal year not more than 5 percent of the amount the outlying area receives under 20 U.S.C. 1411(b)(1) for the fiscal year or $35,000, whichever is greater.

For each fiscal year beginning with fiscal year 2005, the Secretary shall cumulatively adjust: 1) the maximum amount the State was eligible to reserve for State administration under this part for fiscal year 2004; and 2) $800,000, by the rate of inflation as measured by the percentage increase, if any, from the preceding fiscal year in the Consumer Price Index For All Urban Consumers, published by the Bureau of Labor Statistics of the Department of Labor.

**Rule 3301-51-06 Evaluations**

15. Interventions: Each school district shall provide interventions to resolve concerns for any preschool or school-age child who is performing below grade-level standards. A school district may not use interventions to delay unnecessarily a child's being evaluated to determine eligibility for special education services. If such interventions have not been implemented prior to referral for evaluation, appropriate interventions should be implemented during the same sixty-day time frame during which the school district conducts a full and individual evaluation. 

16. Request for Evaluation: A school district will, within thirty days of receipt of a request for an evaluation, either obtain parental consent for an initial evaluation or provide to the parents prior written notice stating that the school district does not suspect a disability and will not be conducting an evaluation. 

17. Reevaluation: In addition to the times when the child must be reevaluated under the federal regulation at 34 CFR 300.303, the child must be reevaluated when a child, who has met the eligibility criteria for a developmental delay, transitions from preschool to school-age services; and in order to make a change in disability category. 

18. Evaluation Procedures: Medical consultation shall be encouraged for a preschool or school-age child on a continuing basis. For preschool children, as appropriate, the evaluation shall include listed specialized assessments.

Any team member who is not in agreement with the team's determination of disability shall submit a statement of disagreement.
   - The school district must provide a copy of the evaluation team report and the documentation of determination of eligibility or continued eligibility to the parents prior to the next IEP meeting and in no case later than fourteen days from the date of eligibility determination. 

22. Criteria for Determining Specific Learning Disability: As required by federal regulation 34 CFR 300. 307, the state has adopted in this rule criteria for determining whether a child has a specific learning disability. The criteria permit the use of a process based on the child's response to
scientific, research-based intervention and the use of alternative research-based procedures and do not require the use of a severe discrepancy between intellectual ability and achievement. \[ ((H)(1) \text{ and } (3)(d)) \]

23. Additional Procedures for Identifying Children with Multiple Disabilities: A group of qualified professionals and the parents of the child may determine the child has multiple disabilities if the child exhibits a combination of two or more areas of disability, except for a combination that includes a specific learning disability; and a severe or profound deficit in communication or adaptive behavior documented through the use of individually administered standardized instruments as specified in the rule. \[ ((I)) \]

25. Transition Services: For each child with a disability, beginning no later than the first IEP to be in effect when the child turns fourteen (or younger, if determined appropriate by the IEP team), and updated annually, thereafter, the IEP must include independent living skills, in assessment data supports the need; and appropriate measurable post-secondary goals based on age-appropriate transition assessments related to integrated employment in a competitive environment. \[ ((H)(2)(a) \text{ and } (b)) \]

26. Notice to Parent of IEP Meeting: For a child with a disability, beginning not later than the first IEP to be in effect when the child turns fourteen, or younger if determined appropriate by the IEP team, the notice also must indicate that a purpose of the meeting will be the development of a statement of the transition services needs of the child, as well as the consideration of the postsecondary goals and transition services for the child in accordance with \((H)(2)(b)\) of this rule; and indicate that the school district will invite the child. The notice must also identify any other agency that will be invited to send a representative. \[ ((J)(2)(b) \text{ and } (c)) \]

undergo a comprehensive eye exam within three months in accordance with Revised Code section 3323.19. [(K)(3)(c)]

30. Development of IEP: In developing each child's IEP, the IEP team must consider the results of the child's performance on any state or district-wide assessment programs, as appropriate. In the case of a child who is blind or visually impaired, the IEP team must ensure that the requirements for IEPs for children with visual impairments are implemented as provided in Revised Code Section 3323. 011. (L)(1)(a)(iv) and (b)(iii)(b)

31. Amendment of IEP: If the IEP team amends or modifies the child's current IEP, the annual review date for the amended or modified IEP does not change. The annual review date will change upon a complete review and revision of the child's IEP. When an IEP is amended, the school district shall send a copy of the amended IEP to the parent within thirty days of the date the IEP was amended. [(L)(1)(d) and (f)]

Section 427 Statement:

The Ohio Department of Education (ODE) will ensure to the fullest extent possible equitable access to, and participation in, activities conducted under Part B of the Individuals with Disabilities Education Act. Federally funded projects, programs and activities will be accessible to all teachers, students, and other program beneficiaries and all entities who receive funding from ODE shall not discriminate on the basis of gender, race, color, national origin, disability or age in its sponsored programs, or its services and activities. ODE will require that when designing their projects/programs, all grant applicants must address the equity concerns that could affect the ability of students, teachers, and other program beneficiaries to participate fully in the proposed project. ODE will ensure that all information required by Section 427 of GEPA is included, when applicable, in each application that the department funds. All applicants will be required to satisfy this provision in order to receive funding. Due to the size and diverse populations within Ohio, a barrier often exists in outreach to particular economically disadvantaged regions of the state. ODE will focus efforts and emphasize outreach on these areas of the state and ensure that these populations are represented in federally funded projects, programs and activities with which ODE is involved.

Pursuant to the authority established in IDEA section 618(a)(3), each applicant for funds under section 611 must provide the following State fiscal data with a certification of its accuracy by the State budget office or an authorized representative thereof. Amounts should be shown in whole dollars and are for the State fiscal year (SFY). States may establish compliance with the maintenance of State financial support (MFS) requirement in IDEA section 612(a)(18) and 34 CFR § 300.163 on either a total or per capita basis. In order to complete Section V.A of the Application, States must provide in whole dollars the total amount of State financial support made available for special education and related services for children with disabilities during SFYs 2018 and 2019. However, if a State met the MFS requirement on a per capita basis, it **must** complete the first chart and then may also complete the second chart by providing, in whole dollars, the amount of State financial support made available for special education and related services per child with a disability during SFYs 2018 and 2019.

B. Significant Disproportionality²

In accordance with 34 CFR § 300.647(b)(7), each State must report all risk ratio thresholds, minimum cell sizes, minimum n-sizes, standards for measuring reasonable progress if the State uses the “reasonable progress” flexibility in 34 CFR § 300.647(d)(2), and the rationales for each, to the Department. Under § 300.647(b)(7), rationales for minimum cell sizes that exceed 10 and minimum n-sizes that exceed 30 must include a detailed explanation of why the numbers chosen are reasonable and how they ensure that the State is appropriately analyzing and identifying LEAs with significant disproportionality based on race and ethnicity, in the identification, placement, or discipline of children with disabilities. Additionally, pursuant to the authority established in IDEA section 618(a)(3), each applicant must also provide the number of years of data it uses in making annual determinations of significant disproportionality. Each applicant must provide this information by completing and submitting the Significant Disproportionality Reporting Form.

Each State must complete and submit the Significant Disproportionality Reporting Form with its FFY 2020 IDEA Part B application. After the initial submission of the Form, a State will only be required to submit the Form with any future annual IDEA Part B State applications if the State modifies its risk ratio thresholds, minimum cell sizes, minimum n-sizes, standards for measuring reasonable progress, and rationales for each, or the number of years of data used in making annual determinations of significant disproportionality.

The form is included with the FFY 2020 IDEA Part B Grant Application package and can be found at https://osep.grads360.org/#program/grants. Please submit the form by following the instructions with the document.

² This collection is not intended to replace or duplicate the information collected through the Significant Disproportionality State Survey (Docket No. ED–2019–ICCD–0065; 1820-NEW). That survey will collect information that the Department will use to support States and LEAs in their efforts to comply with the statutory requirement at section 618(d) of the IDEA.
