Re: Parent, Guardian or Agency Meal Pickup without Children Present

Purpose
This policy provides guidance to child nutrition sponsors to allow parent or guardian meal pick up during the coronavirus (COVID-19) meal distribution process.

Overview
Under the Richard B. Russell National School Lunch Act at 42 U.S.C. 1761(f)(3) and Program regulations at 7 CFR 210.10(a), 220.2 (Breakfast) and 220.8(a), 225.2 (Meals), 225.9(d)(7), and 226.2 (Meals), meals must be served to eligible children. The Act and cited regulations envision program operators providing meals directly to children, not to parents and guardians picking up meals at non-congregate meal sites on behalf of their children. However, the U.S. Department of Agriculture (USDA), Food and Nutrition Service recognizes that in during the time of this public health emergency, continuing to require children to come to the meal site to pick up meals may not be practical or in the best interest of community health. In keeping with the goal of providing meals while also taking appropriate safety measures, on Mar. 25, 2020, the USDA issued a nationwide waiver permitting parent or guardian pick up of meals for children. USDA issued extensions to the nationwide waiver on June 25, Aug. 20 and Aug. 31.

Policy
While distributing meals for children to parents or guardians, child nutrition sponsors must maintain program integrity. To maintain program integrity, sponsors must implement the following activities specified by the USDA, including:

- Ensure marketing materials and communications for feeding sites clearly indicate meals are for children only.
- Ensure marketing materials and communications for feeding sites do not openly indicate parents or guardians can pick up meals without children.
- Limit the number of meals per site that a parent or guardian can pick up without the child present. Site personnel should be aware of the household composition when possible.
- Collaborate with community organizations to ensure that a parent or guardian is not picking up duplicate meals through different programs.

If a community organization, such as a homeless shelter, wishes to pick up meals for children, the organization must provide an official documented request, such as a letter on letterhead. The request must include the number of children and number of meals. The sponsor must keep this documentation in accordance with their records retention policy.

Duration
This policy is effective immediately and remains in effect until June 30, 2021, or until expiration of the federally declared public health emergency, whichever is earlier.
