

Ohio Early Childhood PBIS Demonstration Sites 2021-2022

The Ohio Early Childhood PBIS Workgroup has created a statewide network of demonstration sites featuring PBIS within early childhood settings. The demonstration site project promotes implementation of PBIS specific to the unique context of early childhood, while aligned with Ohio's school-age PBIS initiative. The 16 demonstration sites are listed below along with the State Support Team (SST) members who are providing coaching support. If you are interested in learning more, please contact the SST Consultant in your region listed below.

SST	Name of Preschool Program	SST Contact	SST Contact Email
