| • School safety and security measures  
  • Community learning centers that address barriers to learning  
  • Academic interventions for students in grades 6-12  
  • Employment of an individual who has successfully completed the Bright New Leaders for Ohio schools program as a principal or assistant principal | Funds will be distributed through the larger school foundation funding process like all other elements within the formula. Payments are made on a monthly or bimonthly schedule. Unlike federal grants, where districts draw down funds when expenditures are incurred, Disadvantaged Pupil Impact Aid funds will be disbursed regardless of spending activity.  
Disadvantaged Pupil Impact Aid Funds are calculated based on the number and concentration of economically disadvantaged students enrolled at each school and district. The higher the concentration of disadvantage, the higher the per-pupil amount. Implementation of the school funding formula will include detailed calculations of this funding stream for each school or district. | Schools and districts received Student Wellness and Success Funds in the 2019-2020 and 2020-2021 school years and should continue to spend those funds on the 11 allowable uses based on the plan completed with a community partner. |

Payments are made on a monthly or bimonthly schedule. Unlike federal grants, where districts draw down funds when expenditures are incurred, Disadvantaged Pupil Impact Aid funds will be disbursed regardless of spending activity.  
Disadvantaged Pupil Impact Aid Funds are calculated based on the number and concentration of economically disadvantaged students enrolled at each school and district. The higher the concentration of disadvantage, the higher the per-pupil amount. Implementation of the school funding formula will include detailed calculations of this funding stream for each school or district. |  
The base cost and restricted component for Student Wellness and Success initiatives is calculated based on the enrolled student population at each school and district. Funding for this element of the base cost is funded at a ratio of one Student Wellness and Success funding staff for every 250 students, with traditional public schools guaranteed a minimum of five positions. While the funding is computed on an FTE basis, the funds are not exclusively required to support staff.  
Implementation of the school funding formula will include detailed calculations of this funding stream for each school or district. |  |

Where should funds be deposited?  
School funding revenue will be received as revenue in the General Fund as restricted revenue. Schools and districts should use the existing restricted receipt code to receive these funds (3211). This will allow schools and districts to track these funds. It will be up to each school and district to ensure compliance with the restricted spending requirements.  
School funding revenue will be received as revenue in the General Fund as restricted revenue. The Auditor of State’s Office created a new restricted receipt code (3218). This will allow schools and districts to track these funds. It will be up to each school and district to ensure compliance with the restricted spending requirements.  
Schools received Student Wellness and Success Funds in the 2019-2020 and 2020-2021 school years. These funds were deposited into a special revenue fund for Student Wellness and Success Funds (Fund 467) with receipt code 3219.

The Department has developed a reporting survey for these funds. Districts should keep adequate records to demonstrate how funds are being used. The Department will notify schools and districts of reporting requirements and  
Base Cost Student Wellness and Success Component reporting will be included in the Disadvantaged Pupil Impact Aid Fund Survey after the end of the fiscal year. Districts should keep  
Student Wellness and Success Fund reporting will be included in the Disadvantaged Pupil Impact Aid Fund Survey after the end of the fiscal year. Districts should keep adequate records to
### Disadvantaged Pupil Impact Aid
- Timelines for reporting. Ohio law requires districts to submit a report after June 30. Reporting will be similar to prior Student Wellness and Success Funds and must be spent on one or more of the initiatives listed above.

### Base Cost Student Wellness and Success Component
- Adequate records to demonstrate how funds are being used. The Department will notify schools and districts of reporting requirements and timelines for reporting. Reporting will be similar to prior Student Wellness and Success Funds and must be spent on one or more of the initiatives listed above.

### Student Wellness and Success Funds
- Demonstrate how funds are being used. The Department will notify schools and districts of reporting requirements and timelines for reporting. Reporting will be similar to prior Student Wellness and Success Funds and must be spent on one or more of the initiatives listed above.
