Introduction

This Directions for Administration Manual (DFAM) for the Ohio Diagnostic Assessments contains information on administering the Full Measure.

Before administering the Full Measure, Test Administrators (TAs) must review this DFAM to familiarize themselves with the policies and procedures, and materials necessary for conducting the administration.

For guidance on statewide requirements for administering and reporting results from the Ohio Diagnostic Assessments, please refer to the Ohio Department of Education website. Go to education.ohio.gov and search key words: Diagnostic Assessments.

Third Grade Reading Guarantee

Districts/schools must administer a reading diagnostic assessment to all students in grade one through grade three by September 30 and to all students in kindergarten by November 1 of each school year to meet the requirements of the Third Grade Reading Guarantee. Districts/schools must administer a mathematics diagnostic assessment to all students in grades one and two, and a writing diagnostic assessment to all students in grades one, two and three at least once during the school year. All results must be reported in the EMIS data collection.

Use of Format

The Ohio Diagnostic Assessments were developed in two formats:

- **Screener** – Kindergarten, one, two, three for reading and writing; and kindergarten, one and two for mathematics.
- **Full Measure** – Kindergarten, one, two, three for reading and writing; and kindergarten, one and two for mathematics.

A specific format is to be administered at different times of the year to assess specific skills. The Screener will measure the end-of-year expectations of the previous year’s standards; the reading Screener will be used to meet the requirements of the Third Grade Reading Guarantee. The Full Measure will measure end-of-year expectations of the current grade level.

There is no Short Screening Measure for the Ohio Diagnostic Assessments.
Test Administrator Criteria

The test administrator must meet this criteria:

• The person must be an employee of the district or school;
• The person must hold a current permit, license or certificate issued by the Ohio Dept. of Education.

If the person providing the accommodation is also administering the diagnostic assessment, then that person must also meet the test administrator criteria.

### Students Who Require Accommodations

**Definition of an Accommodation**

For Ohio’s Diagnostic Assessments, accommodations are considered to be adjustments to the testing conditions, test format or test administration that provide equitable access during assessments for students with disabilities and students who are English language learners.

**Criteria for the Use of Accommodations**

Accommodations should:

- Provide equitable access during instruction and assessment;
- Mitigate the effects of a student’s disability or English language learner status;
- Not reduce learning or performance expectations;
- Not change the construct being assessed;
- Not compromise the integrity or validity of the assessment;
- For students with disabilities, be documented in the IEP or 504 plan.
Special Considerations for the Read-Aloud, Scribe and Mathematical Tools
Accommodations for Students with Disabilities

As with all testing accommodations, the read-aloud, scribe and mathematical tools accommodations should not change the construct being assessed, i.e., change what is being measured by the task. Therefore, consider these guidelines when providing these accommodations:

- **Read-Aloud**: The test administrator should consider the read-aloud for the reading diagnostics on an activity-by-activity basis. For example, if the Strand/Topic for an activity is *Literature: Key Ideas and Details*, then reading the passage and items in the task will not change what the activity is measuring. However, if the Strand/Topic for an activity is *Foundational Skills: Phonics and Word Recognition* or *Foundational Skills: Fluency*, then reading any of the activity to the student would change what the activity is measuring and therefore should not be read aloud.

- **Scribe**: The test administrator should consider use of a scribe for the writing diagnostics on an activity-by-activity basis. For example, if the Strand/Topic for an activity is *Language: Conventions of Standard English*, then use of a scribe would not be appropriate in many cases since writing for the student would change what the activity is measuring. However, if an activity is testing multiple Strands/Topics, for example, *Writing: Text Types and Purposes and Language: Conventions of Standard English*, use of a scribe may be appropriate. Since rubrics for writing activities include multiple skills, use of a scribe in these instances would allow a student who qualifies for the accommodation to show what they know and can do in areas other than Conventions such as Content, Written Expression and Grammar. The scribe should write the student’s verbatim response without changing the response in any way. The student should indicate capitalization and punctuation. Please refer to Appendix C - Protocol for Scribing and Transcribing Student Responses in Ohio's Accessibility Manual with Appendices for more details.

- **Mathematical tools**: Calculators are not allowed on Ohio’s Diagnostic Assessments. Students with disabilities may use mathematical tools as an accommodation to assist mathematical problem solving. These manipulatives allow the flexibility of grouping, representing or counting without numeric labels. Allowed mathematical tools include 100s chart, base 10 blocks, counters and counting chips, cubes, square tiles, two-colored chips and algebra tiles.
There are no special versions (e.g., large print, Braille, English audio CD or foreign language CDs) of the Ohio Diagnostic Assessments.

Accommodations for English Language Learners

Allowable accommodations for English language learners (ELLs) on any of Ohio’s Diagnostic Assessments include use of a word-to-word dictionary and extended time. Additionally, mathematics tests may be orally translated. The department does not reimburse for translators for the diagnostic tests. Test administrators should determine accommodations for ELLs on a student-by-student basis, taking into consideration the student’s language acquisition level and familiarity with the accommodation. For example, a word-to-word dictionary may not be appropriate for a student with low English language acquisition or who does not use a dictionary regularly.

For more information on accessibility and accommodations, refer to the Ohio’s Accessibility Manual. Go to education.ohio.gov and search keywords: accessibility manual.

Test Administration Procedures

Before the Test

Materials Needed for Testing

Please print these materials from the website.

- TAs will need this manual.
- a Student Booklet (one per student)
- a Student Score Sheet (one per student)

Preparing to Give the Test

The following steps are recommended to prepare for the administration:

- Collect the necessary materials listed above
- Review the script to ensure you are familiar with the assessment
- Check which students are to receive accommodations and make sure the students are familiar with the procedure.
During the Test Administration

Administration Types: Group vs. Individual

The Ohio Diagnostic Assessment activities have two different administration types: group and individual, or one-on-one.

Oral Scripts

To ensure standardized administration conditions across the state, this manual contains directions that you will read to students, including oral scripts. All information to be read aloud to students will be printed in **bold** type. Do not deviate from the directions or the scripts. TAs may read the question and related text up to three times, if needed or requested by the student, unless stated otherwise in the directions for a particular activity.

After the Test

At the conclusion of testing, TAs must use the scoring guidelines presented in the DFAM to score the students’ responses. TAs must then mark the appropriate score on the Score Sheet.
Activity 1: Informative Writing (A Special Person)

Questions 1 – 4

Type of Administration: Group

Estimated Time to Administer: 45 minutes

Materials

• Student Booklet
• Student Score Sheet

Notes

• TAs will read the bold text to guide students through the administration of the items. You may repeat any information up to three times.
• Students will respond in their Student Booklets.
• After administering the assessment, collect the Student Booklets. Use the Scoring Guidelines to score each student’s response and complete the Student Score Sheet.

Getting Started

Ask students to open the Student Booklet to page 2.

Today you will be doing a writing activity. At the bottom of each page, you will see the words “Go to the next page” if you are supposed to keep going or “STOP” if you are finished with the activity. When you see the word “STOP” at the bottom of the page, you are finished with the activity. You may look back at your answers to check your work. When you are finished, put your pencil down.
Sometimes people write to explain things to others. This kind of writing is called informative writing. When people write to explain, they think about the topic and what they know about it. Then they write to tell their audience information about the topic they are explaining and details to help know more about it. They also write an ending that wraps up their ideas.

Today we are going to do this kind of writing. Today you will write about a special person you know. You will tell who the special person is and give as many details as you can to tell why that person is special to you. It should be someone you know a lot about. You may want to write about a friend, a family member or a teacher. You may choose any person that you feel is special. Take a moment to think about a special person in your life.

Allow students time to think of a special person. You may want to give students the opportunity to brainstorm ideas together. Monitor to be sure each student has an idea before moving on. When all students are ready, pass out the Student Booklets. Hold up the Student Booklet so that all students are able to see it. Point to each section of the booklet as you give instructions.

There is a Planning Page that students will use to organize their thoughts. Direct students to find this page and to use it according to your classroom procedures. For example, you might have students create a web or a t-chart. Students should complete their planning independently.

Now you are going to plan your ideas for writing. Look at the Planning Page on page 2 of your booklet. This is where you will do your planning. You may draw quick pictures and write words on this page to help organize your ideas about your special person. You may want to quickly draw a picture or write the name of the person you are thinking of. You may also want to write words or quickly draw pictures that describe why this person is special. Think about things this person has said or done that makes them so special. Remember, your sentences will be written in the next section of the booklet. Only quick pictures or short groups of words should be on the Planning Page.

Allow time for students to plan. When students are finished with the Planning Page, have them turn to the next page in the Student Booklet.
Now you are going to use your Planning Page to write about your special person. If you are not sure how to spell a word, use the spelling strategies that you know. Think about all of the things that good writers do. If you finish early, you can go back and read your piece again to be sure it makes sense. Are there any questions before we begin?

Answer student questions as needed.

You may begin.

As students complete their writing, walk around the classroom to monitor their work. After approximately 30 minutes, collect student materials.

### 1. Content

<p>| 4 | Student response demonstrates logical, strong and intentional organization. Text is organized sequentially or with related information grouped together and includes a well-developed and distinct introduction, body (reasons, supporting facts, or sequence of events), and a clear closure or conclusion. Temporal words, linking words, and text structure such as illustrations, use of a narrator, or dialogue are used effectively as appropriate to advance ideas. |
| 3 | Student response demonstrates mostly logical and consistent organization with a distinct introduction, body (reasons, supporting facts, or sequence of events), and a clear closure or conclusion. Linking or temporal words are used to connect sections and signal event order; Minor lapses may be evident but do not impede reader comprehension of the writing. |
| 2 | Student response demonstrates basic organization with some lapses. There is some evidence of an introduction, body (reasons, supporting facts, or sequence of events), and attempt at closure or conclusion. One or more parts may be missing or incomplete. Some temporal words or linking words are used to signal event order. |
| 1 | Student response demonstrates an attempt at organization with significant deficiencies in sequencing. There is an attempt to provide an introduction, body (reasons, supporting facts, or sequence of events), and attempt at closure or conclusion, but these elements are difficult to discern. Temporal words or linking words are missing or incorrectly used. |
| 0 | Student response is illegible or completely off topic; Minimal or no attempt was made to respond to the prompt. |</p>

Activity 2: Sentence Writing (Orlando)

Questions 5 - 6

Type of Administration: Group

Estimated Time to Administer: 15 - 20 minutes

Materials

- Student Booklet
- Student Score Sheet

Notes

- TAs will read the bold text to guide students through the administration of the items. You may repeat any information up to three times.
- Students will respond in their Student Booklets.
- After administering the assessment, collect the Student Booklets. Use the Scoring Guidelines to score each student’s response and complete the Student Score Sheet.

Getting Started

Ask students to open the Student Booklet to page 5.

Today you will be doing a writing activity. At the bottom of each page, you will see the words “Go to the next page” if you are supposed to keep going or “STOP” if you are finished with the activity. When you see the word “STOP” at the bottom of the page, you are finished with the activity. You may look back at your answers to check your work. When you are finished, put your pencil down.
Today we are going to do a writing activity. In this activity, you will show what you know about words and sounds, capital letters, and punctuation.

Distribute Student Booklets and direct students to open to page 5. Hold up a Student Booklet so that all students can see it. Point to each line as you give the directions.

Let’s begin. You will listen to me as I say each sentence. Then everyone will repeat the sentence back to me. As I say the sentence the second time, you will begin writing the sentence on the first line. As you write, I will repeat each word in the sentence slowly, so that everyone has time to listen to the sounds and write them down. It is okay if you aren’t sure how to spell the word. Just listen carefully to the sounds you hear in each word and write them on your paper the best that you can.

Listen to the first sentence. Remember to use capital letters and end punctuation such as periods, question marks, and exclamation marks when you write.

It’s fun to go to Orlando, Florida on Thanksgiving Day.

Repeat the sentence back to me.

Say the sentence with the class as they repeat it back.

Now begin writing the sentence on your paper as I repeat it back to you slowly. If at any time you need me to slow down or repeat a word, let me know and I will say it again.

Be sure to say each word in the sentence clearly and slowly, so that students have time to write. Monitor student writing to adjust pace as needed. Do not go on until all students have had enough time to attempt the sentence.

Now we will go on to sentence number two. Move to the next line on your paper. Listen carefully as I read sentence number two.

On New Year’s Day she will go to Cleveland to visit her friend’s family.
Repeat the sentence back to me.

Say the sentence with the class as they repeat it back.

Now begin writing the sentence on your paper as I repeat it back to you slowly. Remember, if at any time you need me to slow down or repeat a word, let me know and I will say it again.

Continue to monitor student writing to be sure all students have had enough time to attempt the sentence. When all students have finished, collect the Student Booklets for scoring.

• Student Score Sheet

Notes
• TAs will read the bold text to guide students through the administration of the items. You may repeat any information up to three times.
• Students will respond in their Student Booklets.
• After administering the assessment, collect the Student Booklets. Use the Scoring Guidelines to score each student’s response and complete the Student Score Sheet.

Supplemental Instructions
• This activity requires students to read and respond to a series of items assessing writing and language skills. TAs will read the bold text to introduce students to the activity. Students will read the items on their own. If students have trouble reading the items, the TA may read the item text and response options to the student. TAs may **not** suggest responses or substitute words. Students will respond directly in the Student Booklets provided with the test materials. (If students are eligible for a read-aloud accommodation, please refer to the “Students Who Require Accommodations” section for guidance.)

Getting Started

Read the following directions to the students.

**Today you are going to complete an activity that shows some of the things you know about language. You are going to be working in your Student Booklet to answer some questions. Please turn in your booklet to page 6. You will read the directions which tell you how to answer each question. If you have trouble reading the directions, raise your hand and I will help you. Read the directions for each question or set of questions carefully. At the bottom of each page, you will see the words “Go to the next page” if you are supposed to keep going or “STOP” if you are finished with the activity. When you see the word “STOP” at the bottom of the page, you are finished with the activity. You may look back at your answers to check your work. When you are finished, put your pencil down.**

When students finish, collect their materials unless you plan to complete the next activity in the same sitting.
