Introduction

This Directions for Administration Manual (DFAM) for the Ohio Diagnostic Assessments contains information on administering the Full Measure.

Before administering the Full Measure, Test Administrators (TAs) must review this DFAM to familiarize themselves with the policies and procedures, and materials necessary for conducting the administration.

For guidance on statewide requirements for administering and reporting results from the Ohio Diagnostic Assessments, please refer to the Ohio Department of Education website. Go to education.ohio.gov and search key words: Diagnostic Assessments.

Third Grade Reading Guarantee

Districts/schools must administer a reading diagnostic assessment to all students in grade one through grade three by September 30 and to all students in kindergarten by November 1 of each school year to meet the requirements of the Third Grade Reading Guarantee. Districts/schools must administer a mathematics diagnostic assessment to all students in grades one and two, and a writing diagnostic assessment to all students in grades one, two and three at least once during the school year. All results must be reported in the EMIS data collection.

Use of Format

The Ohio Diagnostic Assessments were developed in two formats:

- **Screener** – Kindergarten, one, two, three for reading and writing; and kindergarten, one and two for mathematics.
- **Full Measure** – Kindergarten, one, two, three for reading and writing; and kindergarten, one and two for mathematics.

A specific format is to be administered at different times of the year to assess specific skills. The Screener will measure the end-of-year expectations of the previous year’s standards; the reading Screener will be used to meet the requirements of the Third Grade Reading Guarantee. The Full Measure will measure end-of-year expectations of the current grade level.

There is no Short Screening Measure for the Ohio Diagnostic Assessments.
Test Administrator Criteria

The test administrator must meet this criteria:

- The person must be an employee of the district or school;
- The person must hold a current permit, license, or certificate issued by the Ohio Dept. of Education.

If the person providing the accommodation is also administering the diagnostic assessment, then that person must also meet the test administrator criteria.

Students Who Require Accommodations

Definition of an Accommodation

For Ohio’s Diagnostic Assessments, accommodations are considered to be adjustments to the testing conditions, test format or test administration that provide equitable access during assessments for students with disabilities and students who are English language learners.

Criteria for the Use of Accommodations

Accommodations should:

• Provide equitable access during instruction and assessment;
• Mitigate the effects of a student’s disability or English language learner status;
• Not reduce learning or performance expectations;
• Not change the construct being assessed;
• Not compromise the integrity or validity of the assessment;
• For students with disabilities, be documented in the IEP or 504 plan.

Special Considerations for the Read-Aloud, Scribe and Mathematical Tools Accommodations for Students with Disabilities

As with all testing accommodations, the read-aloud, scribe and mathematical tools accommodations should not change the construct being assessed, i.e., change what is being measured by the task. Therefore, consider these guidelines when providing these accommodations:

• Read-Aloud: The test administrator should consider the read-aloud for the reading diagnostics on an activity-by-activity basis. For example, if the Strand/Topic for an activity is Literature: Key Ideas and Details, then reading the passage and items in the task will not change what the activity is measuring. However, if the Strand/Topic for an activity is Foundational Skills: Phonics and Word Recognition or Foundational Skills: Fluency, then reading any of the activity to the student would change what the activity is measuring and therefore should not be read aloud.
• **Scribe:** The test administrator should consider use of a scribe for the writing diagnostics on an activity-by-activity basis. For example, if the Strand/Topic for an activity is *Language: Conventions of Standard English*, then use of a scribe would not be appropriate in many cases since writing for the student would change what the activity is measuring. However, if an activity is testing multiple Strands/Topics, for example, *Writing: Text Types and Purposes* and *Language: Conventions of Standard English*, use of a scribe may be appropriate. Since rubrics for writing activities include multiple skills, use of a scribe in these instances would allow a student who qualifies for the accommodation to show what they know and can do in areas other than *Conventions* such as *Content, Written Expression* and *Grammar*. The scribe should write the student’s verbatim response without changing the response in any way. The student should indicate capitalization and punctuation. Please refer to Appendix C - Protocol for Scribing and Transcribing Student Responses in Ohio’s Accessibility Manual with Appendices for more details.

• **Mathematical tools:** Calculators are not allowed on Ohio’s Diagnostic Assessments. Students with disabilities may use mathematical tools as an accommodation to assist mathematical problem solving. These manipulatives allow the flexibility of grouping, representing or counting without numeric labels. Allowed mathematical tools include 100s chart, base 10 blocks, counters and counting chips, cubes, square tiles, two-colored chips and algebra tiles.

There are no special versions (e.g., large print, Braille, English audio CD or foreign language CDs) of the Ohio Diagnostic Assessments.

**Accommodations for English Language Learners**

Allowable accommodations for English language learners (ELLs) on any of Ohio’s Diagnostic Assessments include use of a word-to-word dictionary and extended time. Additionally, mathematics tests may be orally translated. The department does not reimburse for translators for the diagnostic tests. Test administrators should determine accommodations for ELLs on a student-by-student basis, taking into consideration the student’s language acquisition level and familiarity with the accommodation. For example, a word-to-word dictionary may not be appropriate for a student with low English language acquisition or who does not use a dictionary regularly.
For more information on accessibility and accommodations, refer to the Ohio’s Accessibility Manual. Go to education.ohio.gov and search keywords: accessibility manual.

Test Administration Procedures

Before the Test

Materials Needed for Testing

Please print these materials from the website.

- TAs will need this manual.
- a Student Booklet (one per student)
- a Student Score Sheet (one per student)
- Storybook

Teacher Provided Materials

- Letter Tiles Optional
- Paper and Pencil Optional

The teacher provided materials are intended to be instructional materials that may be found in the classroom. It is not the intent to have the teacher purchase additional materials.

Preparing to Give the Test

The following steps are recommended to prepare for the administration:

- Collect the necessary materials listed above
- Review the script to ensure you are familiar with the assessment
- Check which students are to receive accommodations and make sure the students are familiar with the procedure.
During the Test Administration

Administration Types: Group vs. Individual

The Ohio Diagnostic Assessment activities have two different administration types: group and individual, or one-on-one.

Oral Scripts

To ensure standardized administration conditions across the state, this manual contains directions that you will read to students, including oral scripts. All information to be read aloud to students will be printed in bold type. Do not deviate from the directions or the scripts. TAs may read the question and related text up to three times, if needed or requested by the student, unless stated otherwise in the directions for a particular activity.

After the Test

At the conclusion of testing, TAs must use the scoring guidelines presented in the DFAM to score the students’ responses. TAs must then mark the appropriate score on the Score Sheet.
Activity 1: Jobs

Questions 1 – 4

Type of Administration: Group

Estimated Time to Administer: 15 - 20 minutes

Materials

• Student Booklet
• Student Score Sheet

Notes

• TAs will read the bold text to introduce students to each of the activities. TAs will read the passage and questions aloud. The TA should reference the item numbers to orient students as the questions are read aloud. You may repeat any information up to three times.

• Students will respond directly in the Student Booklets provided with the test materials.

• If students are eligible for a read-aloud accommodation, please refer to the “Students Who Require Accommodations” section for guidance.

• After testing, TAs will complete the Score Sheets by either marking the letter of the student’s response or entering the appropriate score based on the student’s response.

Getting Started

You will read the text to the students. You should read the story only once. Students may look back at the text when answering questions. If a student who is rereading the story cannot read a word and asks for help, tell that student “Do the best you can,” or “Think about reading strategies.” You may use phrasing that is more familiar to your students, but you should not provide support reading specific words. After you have read the story to students, direct them to the appropriate page in their Student Booklet to begin answering questions. Read each question to the students and allow time for them to circle the correct answer. You may read each question up to three times. Do not provide students with any support in choosing the correct answer.

Today you will be doing a reading activity in this booklet. At the bottom of some pages you will see the word “STOP.” This means you should wait for directions before you go on. You may look back at your answers to check your work. When you are finished, put your pencil down.
I am going to read you a story about jobs. When I have finished reading the story to you, I will read some questions for you to answer. Turn to page 1 in your Student Booklet. Follow along as I read the story. Listen carefully because you will be answering questions about the story when we are done. I will read the story to you now.

Jobs

People have many jobs.

This is a teacher. He helps children learn to read.
This is a doctor. She takes care of people.

This is a police officer. He keeps people safe.
This is a farmer. She grows food that we can eat.

These people work hard. They do a good job.

When you have finished reading, say to students

Please turn to page 7 in your Student Booklet.

Quickly check to make sure that students are in the right place.
You are going to answer some questions about the story that we just read. I will read the question to you. You will choose the correct answer and circle it. When everyone has had a chance to circle their answer, I will read you the next question. If you are not ready, you can let me know.

Direct students to use a familiar classroom management strategy/technique, such as raising their hand or giving thumbs up, if they need more time.

Do you have any questions before we begin?

Answer any student questions.
1. Which job from the story keeps people safe?

A.  

B.  

C.
2. Which person from the story helps us get food?
3. What is one job you read about in the story?

A.

B.

C.
4. **What is this text mainly about?**

**A.**

**B.**

**C.**
Activity 2: I Was Hungry

Questions 5 – 8

Type of Administration: Group

Estimated Time to Administer: 15 - 20 minutes

Materials

• Student Booklet
• Student Score Sheet

Notes

• TAs will read the bold text to introduce students to each of the activities. TAs will read the first page of the text aloud, and then students will read the rest of the passage on their own; TAs will read the questions aloud. The TA should reference the item numbers to orient students as the questions are read aloud. You may repeat any information up to three times.
• Students will respond directly in the Student Booklets provided with the test materials.
• If students are eligible for a read-aloud accommodation, please refer to the “Students Who Require Accommodations” section for guidance.
• After testing, TAs will complete the Score Sheets by either marking the letter of the student’s response or entering the appropriate score based on the student’s response.

Getting Started

Students should read the text independently. If a student cannot read a word and asks for help, tell that student “Do the best you can,” or “Think about reading strategies.” You may use phrasing that is more familiar to your students, but you should not provide any support in figuring out specific words.

Allow students time to read independently, then direct them to the appropriate page in their Student Booklet to begin answering questions. Read each question to the students and allow time for them to circle the correct answer. You may read each question up to three times. Do not provide students with any support in choosing the correct answer.

Today you will be doing a reading activity in this booklet. At the bottom of some pages you will see the word “STOP.” This means you should wait for directions before you go on. You may look back at your answers to check your work. When you are finished, put your pencil down.
You are going to be reading a story about someone who was hungry then ate
different foods. Turn to page 12 in your Student Booklet.

I am going to read the first page to you, and then you will read the rest. Follow
along as I read.

Read only the first page of the text to students:

I Was Hungry

I was hungry, so I ate some grapes. But I was still hungry.
So, I ate pizza. But I was still hungry.

So, I ate an apple. But I was still hungry.
So, I ate ice cream. But I was still a little hungry.

Last, I ate a little peanut. I was not hungry!

When students have finished reading, say:

Please turn to page 17 in your Student Booklet.

Quickly check to make sure that students are in the right place.
You are going to answer some questions about the story that we just read. I will read the question to you. You will choose the correct answer and circle it. When everyone has had a chance to circle their answer, I will read you the next question. If you are not ready, you can let me know.

Direct students to use a familiar classroom management strategy/technique, such as raising their hand or giving thumbs up, if they need more time.

Activity 5: Letter Sounds

Question 17

Type of Administration: Individual

Estimated Time to Administer: 5 minutes per student

Materials

- Item card (See Notes below)
- Student Score Sheet

Notes

- Use the bold script and item card to administer the questions. You may repeat any information up to three times.
- Use your own paper, a copy of the item card contained on page 47 or the Student Score Sheet to record each student’s response for scoring.
- After testing, TAs will complete the Score Sheets by either marking the letter of the student’s response or entering the appropriate score based on the student’s response.

Supplemental Instructions

- For this activity, TAs can make a copy of page 47 from the manual for use during the administration. If TAs are comfortable with the script and scoring, they can refer directly to page 47 of the manual while administering this activity.
17. **Today we are going to complete an activity to show what you know about letter sounds. To begin, I am going to show you a set of letters. Then I will ask you to tell me the sound that each letter makes. Let's begin.**

Place the consonants item card in front of student.

**Look at the letters on this card.**

Put your finger on the first letter.

**This is the letter** (insert letter name here). **What sound does this letter make?**

For each individual letter, prompt students with the same statement and question. Record student responses on score sheet.

Activity 6: Rhyming Activity

**Question 18**

Type of Administration: Individual  
Estimated Time to Administer: 5 minutes per student

Materials

- Student Score Sheet

Notes

- Use the bold script to administer the questions. You may repeat any information up to three times.
- After testing, TAs will complete the Score Sheets by either marking the letter of the student’s response or entering the appropriate score based on the student’s response.
18. Today we are going to complete a rhyming activity. First, you are going to listen to two words that I say. Then you will give me another word that rhymes with them. For example, I will say the words fix and mix. If I asked you to tell me a word that rhymes with fix and mix, you might say six. Fix, mix, and six all rhyme. Do you have any questions?

Answer any student questions.

Tell me a word that rhymes with these two words:

“fan,” “pan.”

Allow time for student response.

Tell me a word that rhymes with these two words:

“cake,” “make.”

Allow time for student response.

Tell me a word that rhymes with these two words:

“ring,” “sing.”

Allow time for student response.

This is the last pair of words. Tell me a word that rhymes with these two words:

“bed,” “fed.”

Allow time for student response.

Thank the student for completing the activity and keep student score sheet.

Activity 7: Sounds in Words

**Question 19**

Type of Administration: Individual

Estimated Time to Administer: 5 minutes per student

Materials

- Student Score Sheet

Teacher Provided Materials

- Letter Tiles Optional
- Paper and Pencil Optional

Notes

- Use the bold script to administer the questions. You may repeat any information up to three times.
- After testing, TAs will complete the Score Sheets by either marking the letter of the student’s response or entering the appropriate score based on the student’s response.

Supplemental Instructions

- This activity allows for the optional use of teacher provided materials. If students are used to working with letter tiles and/or paper and pencil during classroom instruction on word sounds, students are permitted to use letter tiles and/or paper and pencil for these activities. The use of letter tiles and/or paper and pencil is optional.
Today we are going to complete a word activity to show what you know about sounds in words. To begin, I am going to say a word. Then I will ask you to tell me each sound that you hear in the word. We will practice with a word together first. Let’s begin.

The word is “mat.” I’m going to break apart the sounds I hear in “mat.” /m/ /a/ /t/

You may repeat the word more than once if necessary.

Let’s try the first word. Remember, after I say the word, you are going to tell me the sounds you hear in the word. Listen to the first word. The word is “cap.”

Allow time for the student to respond. Prompt the student one time to tell the sounds that s/he hears in the word if necessary. Record the response on the answer sheet.

Let’s go on to the next word. Tell me the sounds you hear in the word “fun.”

Allow time for the student to respond. Record the response on the answer sheet.

Our next word is “leg.” Tell me the sounds you hear in “leg.”

Allow time for the student to respond. Record the response on the answer sheet.

Tell me the sounds you hear in “pit.”

Allow time for the student to respond. Record the response on the answer sheet.

Listen to our last word. Tell me the sounds you hear in the word “hop.”

Allow time for the student to respond. Record the response on the answer sheet.

Activity 8: Reading Activity

Question 20

Type of Administration: Individual

Estimated Time to Administer: 5 minutes per student

Materials

- Flash Cards (to be copied from this manual)
- Student Score Sheet

Notes

- Use the bold script and flash cards to administer the questions. You may repeat any information up to three times.
- Use your own paper, a copy of the flash cards contained on page 57 or the Student Score Sheet to record each student’s response for scoring.
- After testing, TAs will complete the Score Sheets by either marking the letter of the student’s response or entering the appropriate score based on the student’s response.

Supplemental Instructions

- TAs should make a copy of page 57 and cut apart the page so each word is on its own “flash card.”
20. **Now we are going to complete a short reading activity.** I am going to show you some words and you will read them. It’s okay if you don’t know a word. If we come to a word you do not know, I will ask you to move on to the next word. Let’s begin.

Show the student the word flash cards one at a time. After the student reads or attempts each word, hold up the next flash card until you have gone through all word flash cards. If a student does not read or attempt the word after two seconds, move on to the next flash card.

You can support the student by asking, “**What does this word say?**” Record the response for each word. Do not continue to prompt the student at every word; move on to the next flash card.

Activity 9: The Park

Questions 21 – 24

Type of Administration: Individual

Estimated Time to Administer: 10 - 15 minutes per student

Materials

• Storybook
• Student Score Sheet

Notes

• Use the bold script to administer the questions. You may repeat any information up to three times.
• After testing, TAs will complete the Score Sheets by either marking the letter of the student’s response or entering the appropriate score based on the student’s response.

Supplemental Instructions

• Prior to administering this activity, TAs should familiarize themselves with the scoring rubrics.
The Park

To begin this assessment, sit with the student in a quiet place. Hand the student the book, right side up, vertically, with the binding to the student’s left.

Today we are going to look at a book and I will ask you to show me how to read it. This will help me to understand what you already know about reading. As we work together, I will be writing notes. We will open to the first page of the book to begin.

Open to the first page of the book.

Show me where I start reading.

Wait for student response and note it on the score sheet.

Now show me which way to go when I read this page.

Wait for student response and note it on the score sheet.

I'm going to read the first sentence of the story to you. Follow along with your finger, pointing to each word as I read.

Record whether student is able to follow. Stop reading at the end of the first line.

Show me where I go next to keep reading on this page.

Wait for student response and note it on the score sheet.

Listen and follow along as I read the rest of the page.

Continue reading to the end of the page, pointing to the words as you read.

Show me where I go next.

Wait for student response and note it on the score sheet. Continue reading the rest of the story to the student. Stop after page 5. You are going to ask students about the last page.
Point to each word on this page and count how many words there are in all.

Wait for student response and note it on the score sheet. Read the last page to the student.

When you are finished, thank the student for working with you today.

21. Open to the first page of the book.

**Show me where I start reading.**

Wait for student response and note it on the score sheet.
