Past Credits Earned Tab - Entering course and assessment information

This section applies to new participant applications.

The HSD Nominator uses the participant's transcript(s) to document the courses and assessment the participant passed in high school by selecting the number of completed credits in the drop-down box to the right of each Content and Elective subject. The drop-down menu includes the maximum number of credits the participant needs to pass to meet graduation requirements the year the participant entered the 9th grade for the first time.

Beginning in July of 2022, students who entered 9th grade for the first time between 1990 and 2013 and were required to take the proficiency or Ohio Graduation Test will instead be required to take the end-of-course assessments. Students do not need to take the end-of-course assessments in place of any Ohio Graduation Tests they have already passed. For example, if a participant passed the Math Ohio Graduation Test, they do not need to take a math end-of-course assessment.

Participants with Disabilities

The HSD Nominator may check any end-of-course assessment as **passed** if the adult participant has an Individualized Education Plan that states they are exempt from the consequences of not passing one or more end-of-course assessments.

Science End-of-Course Assessment

The HSD Nominator may mark the Science end-of-course assessment as passed if the adult participant initially entered the 9th grade prior to 1997. Adult participants entering the 9th grade in 1997 and beyond are required to pass the Science end-of-course assessment.

Work/Life Credit

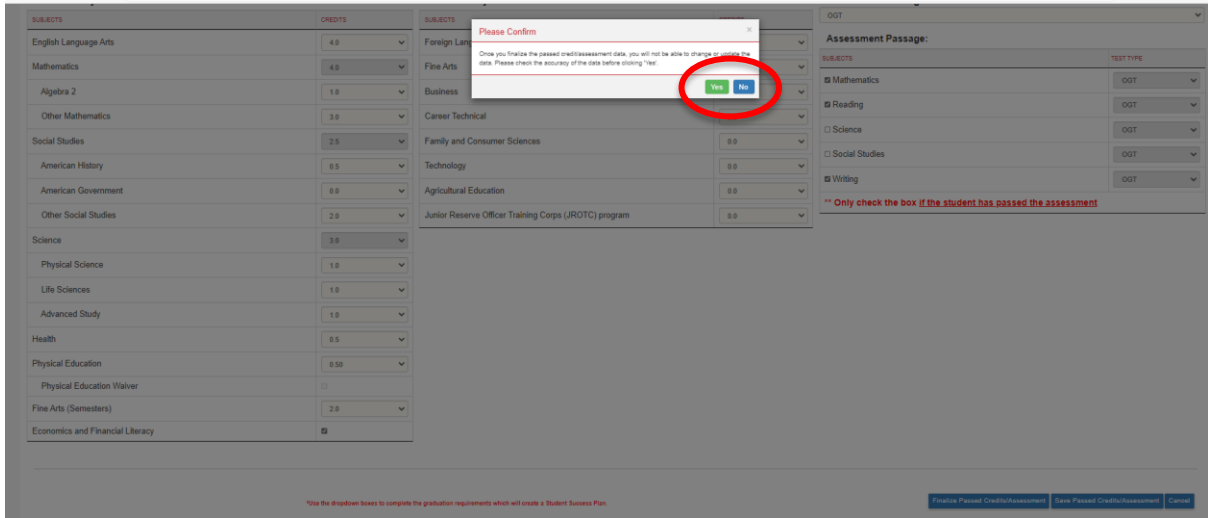

The HSD Nominator enters the number of Work/Life Credits under CTE elective credits on the Past Credits Earned Tab. Supporting documentation must be uploaded. Every 120 hours of work documented equals one (1) CTE credit up to the number of electives required.

Enter only data that can be verified.

The following screen will appear under the *Past Credits Earned* tab.

Clicking *Save Passed Credits/Assessment* allows the HSD Nominator to double check and edit the information.

Clicking *Finalize Passed Credits/Assessment* locks the information on the page. Once the HSD Nominator has confirmed they have correctly uploaded all credits and assessments, click yes.

Renewal Student Application

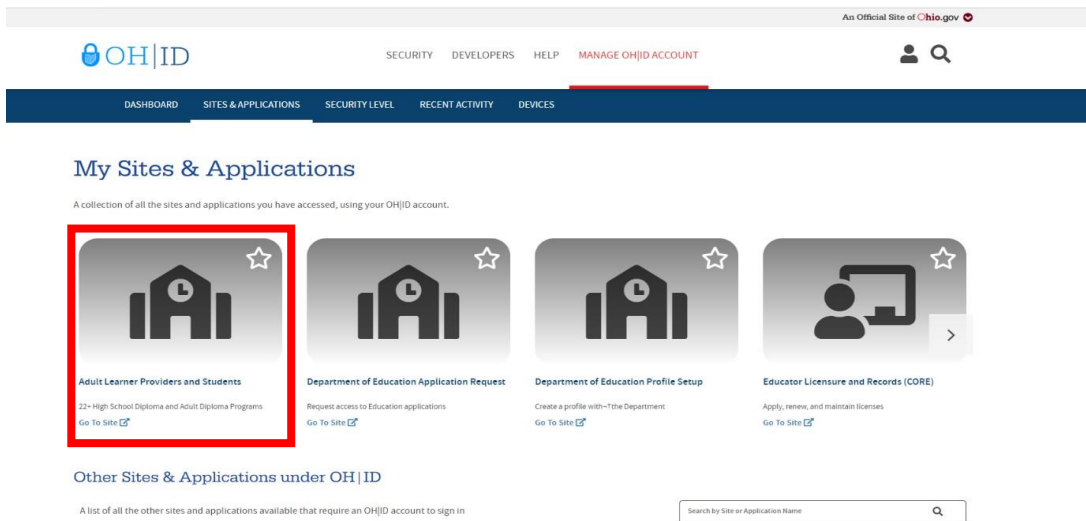

1.0 Completing the Student Application

Completing the Student Application is the Provider's responsibility. Providers may enroll participants into the system once the Ohio Department of Education approves the provider to offer the 22+ High School Diploma Program and the participant application window is open. The adult participant **MUST** create and confirm their SAFE account **BEFORE** beginning this process.

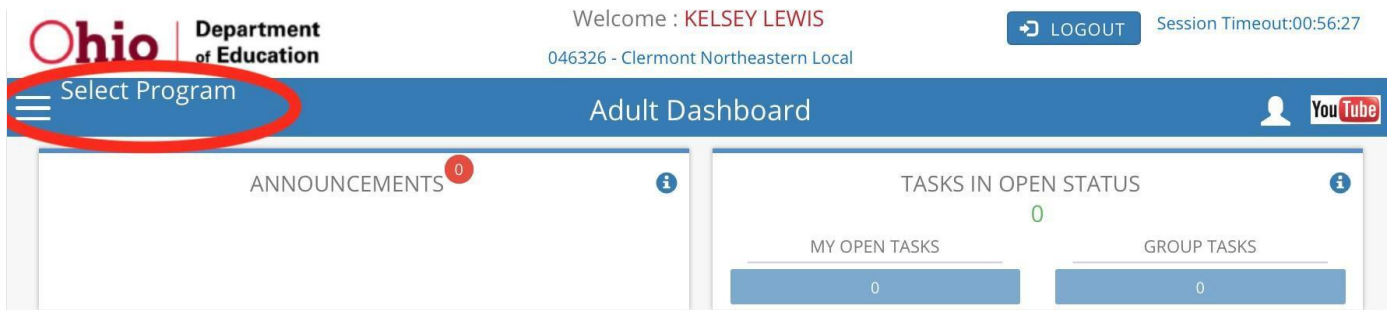

1.1 Sign in to OH|ID Portal. (<https://safe.ode.state.oh.us/portal/>)

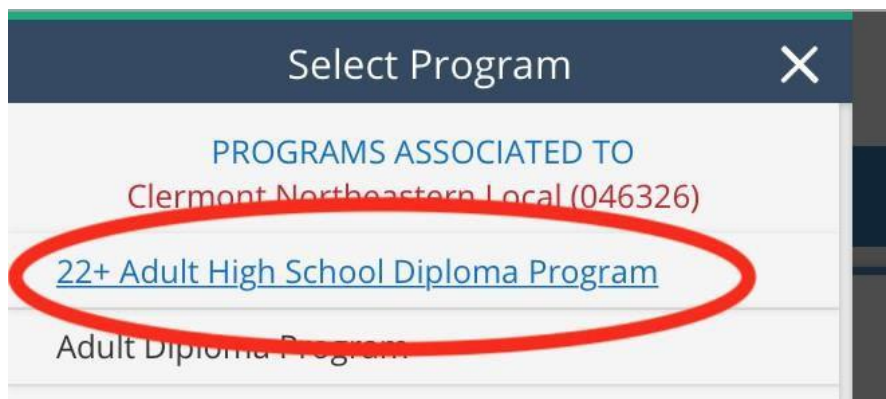

1.2 Click the Adult Learner Application tile

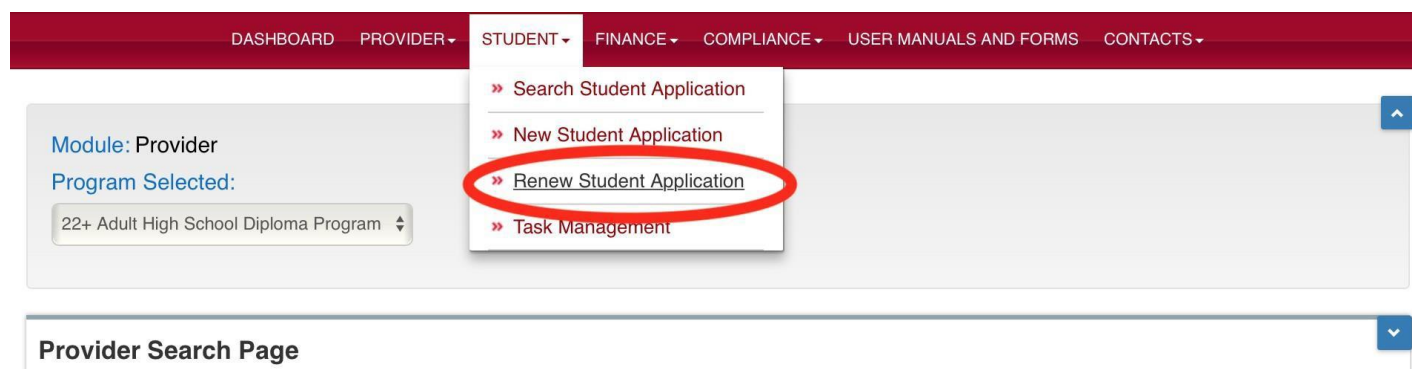

1.3 The Dashboard will appear. Click *Select Program* in the top left.

1.4 In the window that appears on the left, click on *22+ High School Diploma Program*.

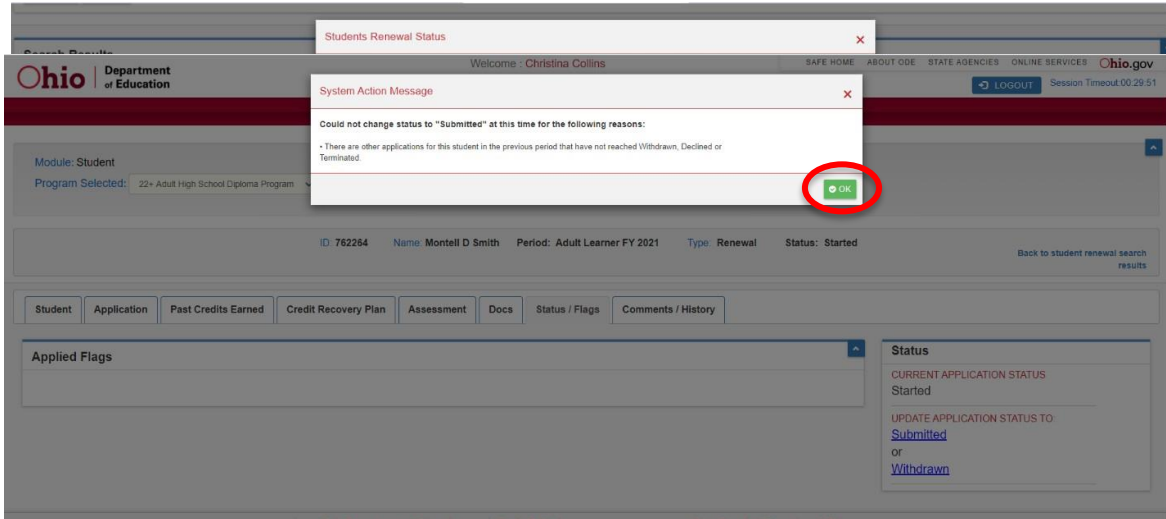

1.5 Hover over the Student Tab located in the top left of the page. Select *Renew Student Application*.

2.0 Student Search for Creating a Renewal Application

2.1 A list of selected participants will appear. Click on “Click here to complete renewal applications.”

2.2 Auto Approval: A dialogue box will appear, click OK.

2.3 Under the Status/Flags Tab, providers can view the status of the application. The application will be moved to *Awarded* status if the provider has sufficient bucket funds.

2.4 The application will be moved to *Waitlisted* status if the provider has insufficient bucket funds.

3.0 Credit Recovery Plan

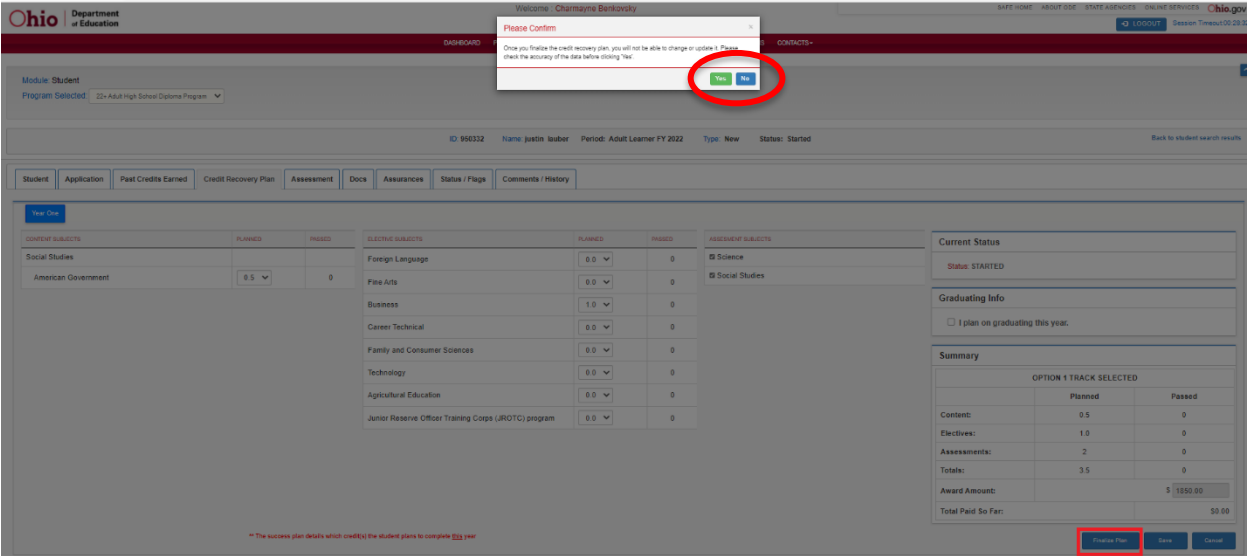

3.1 The system automatically creates an individualized Credit Recovery Plan for renewal participants based on the content and elective courses and assessments the participant is required to pass in order to meet the minimum graduation requirements.

3.2 The HSD Nominator meets with the participant to review the participant’s goals and identify the courses, electives, and assessments the participant must complete to graduate. In the example below, the participant plans to complete 0.5 content credits, 1.0 elective credits, and two assessments. The plan is in *Started Status*.

Clicking *Save* allows the HSD Nominator to double check and edit the information. You will see a pop-up window stating, “*Please wait*” but there is no pop-up window to state that the information was saved. The amount of funding for the adult participant is located at the bottom right of the window.

After verifying the information on the Credit Recovery Plan is accurate, click *Finalize Plan*. If the information is accurate, click *OK*. If corrections are needed, click *Cancel*.

3.3 Once the Credit Recovery Plan has been finalized, the date cannot be changed or updated. Therefore, it is imperative to double check the accuracy of the data **before** clicking *Yes*.

3.4 Click Yes to finalize the Credit Recovery Plan.

4.0 Assessment Tab

The system automatically populates assessment information for the participant based on the information

entered on the Past Credits Earned tab. In this example, the participant passed the reading and writing portions of the Ohio Graduation Tests. This is denoted under the *Status* as *Approved*. The status for Mathematics, Social Studies, and Science says *Correction Needed* since these assessments have not yet been passed.

Assessment information can be entered by clicking on the edit icon located to the far right of the row.
