Reporting Student Results for Ohio's State Tests to Families by June 30

Ohio law ([Ohio Revised Code 3313.6029](#)) requires districts, community schools, STEM schools and chartered nonpublic schools to report the results of Ohio's State Tests to students' parents or guardians no later than June 30 of each year. Results may be either sent via mail, electronic mail or by posting the scores to a secure portal on the district or school's website that families can access.

The Ohio Department of Education will report spring 2024 test results in the Centralized Reporting System on the following dates:

- Mathematics, Science and Social Studies: May 14, 2024
- English Language Arts (online): May 20, 2024
- Grade 3 English Language Arts (paper): June 14, 2024
- All remaining paper results: June 24, 2024

Districts and schools should begin making arrangements to ensure these results are communicated to parents by the statutory deadline of June 30, 2024. Districts and schools have discretion in how test scores are reported to parents.

Which test results are required to be reported to parents by June 30?

The required test reporting date of June 30 applies to Ohio's State Tests in grades 3 through 8 and the high school end-of-course tests. The June 30 reporting date does not include the Ohio English Language Proficiency Assessments (OELPS, OELPA and Alt-OELPA), the Alternate Assessment for Students with the Most Significant Cognitive Disabilities (AASCD), ACT or SAT.

How do parents interpret their child's test results?

The [Family Score Reports Interpretive Guide](#), available on the test portal, provides information to help families in interpret test results.
